MESSAGE FROM THE PRESIDENT 會長序言

We are coming to the end of a turbulent year that reminds us that the sporting spirit can be a basis for healing and rebounding from disruption in our city. We need to induct young people into sports to build bodies, minds and character.

During the past year our Hong Kong athletes have excelled, and their achievements are set out in this annual report. We need now to be proud of our sports legacy, and exhort our great sportsmen and sportswomen to exemplify the positive qualities of Hong Kong as we advance into the future.

REVIEW & PROSPECTS 回顧與展望

The past 12 months had once again been a fruitful year for the Federation. We established the Hall of Fame at the Olympic House to applaud the remarkable sports leaders and recognize their contribution to the sports development in Hong Kong. In 2018, the Federation was honoured that our President, Mr. Timothy FOK was awarded the Olympic Order in Silver by the International Olympic Committee, and our Vice-President, Dr. Thomas Brian STEVENSON was awarded the Gold Bauhinia Star by the HKSAR Government.

During the year, the Federation had organized the 61st Festival of Sport, 2018 Hong Kong Sports Stars Awards and 15th Asia Pacific Association Congress in furtherance of sports development. We also organized Olympic Day, Olympism Camp and Olympic education programmes to promote the Olympic values. Our athletes won a total of 46 medals (8 Gold, 18 Silver and 20 Bronze medals) in 18th Asian Games and 3 medals (2 Silver and 1 Bronze medals) in 3rd Youth Olympic Games respectively.

Promoting sports youth programmes is one of the important objectives to the Federation. We had the privilege to join hands with our long-term partner to organize the “Panasonic 18 Young Athletes Asian Games Tour” to let the young athletes experience the live atmosphere and cultural exchange activities during the multi-sports Games. We also launched an inaugural programme “SF&OC Greater Bay Area Youth Sports Exchange Programme” to widen the horizon of the young athletes in the region.

在過去的12個月，中國香港體育協會暨奧林匹克委員會經歷了忙碌的一年。為表揚對體育界作出傑出貢獻的人士，我們在奧運大樓設立了名人堂，以彰表他們對香港體育發展的貢獻。在2018年，我們的會長霍震霆先生獲國際奧委會頒授奧林匹克銀勳章，我們的副會長施文信博士獲香港特別行政區政府授予金紫荊星章，本會與有榮焉。

本年度內，我們舉辦了第61屆體育節、2018年香港傑出運動員選舉和第十五屆亞太群眾體育協會研討會，以促進體育發展。我們亦組織了奧運日、奧林匹克訓練營和奧林匹克教育計劃，以宣傳奧林匹克精神。此外，我們的運動員在第18屆亞運會中贏得46枚獎牌（8金18銀20銅），在第三屆青年奧運會亦奪得3面獎牌（2銀1銅）。

促進青年體育計劃是港協暨奧委會的重要目標之一。我們很榮幸與長期合作夥伴合作籌辦了「Panasonic 18精英亞運之旅」交流活動，讓年輕運動員體會大型綜合運動會和相關文化活動。另外，我們在2018年正式啟動了「港協暨奧委會大灣區青年運動員交流計劃」，促進兩地青少年的體育及文化交流，以擴闊他們的視野。

The official groundbreaking of the Kai Tak Sports Park marked a new milestone for sports development of Hong Kong. Since 2018, the Federation has initiated a plan for the redevelopment of Olympic House and a discussion with the Home Affairs Bureau is currently in progress. We hope that a new Olympic House will be built based on an environmentally friendly concept to serve the Olympic Family.

With less than a year to go until the commencement of Tokyo 2020 Olympic Games, we are excited to support Hong Kong athletes in their quest for Olympic qualifications.

啟德體育園的正式動工標誌著香港體育發展的新里程碑。本會亦自2018年初與民政事務局開展重建奧運大樓的討論。我們希望能夠以環保為主概念，建造一座新的奧運大樓，為奧林匹克大家庭服務。

距離東京2020年奧運會還有不到一年的時間，我們正積極籌備並支持香港運動員爭取進軍奧運的參賽資格。

Seminar on Protection of Personal Data in Sports Sector and Briefing on “Green Outdoor Event Commendation Scheme” 體育界保障個人資料私隱研討會及「綠色戶外活動嘉許計劃」簡介會

Each year, Member Associations organize various sports events that may involve the collection of personal data of participants and related persons. In view of data leakage instances in different sectors in recent years, the Federation joined hands with the Office of the Privacy Commissioner for Personal Data to organize the Seminar on Protection of Personal Data in Sports Sector on 20 March 2019 in the Olympic House. The Seminar enhanced Member Associations’ awareness and understanding of the Personal Data (Privacy) Ordinance and offered practical advice on how to safeguard personal data when organizing large-scale events.

Following the Seminar, a short briefing was also given on the “Green Outdoor Event Commendation Scheme”, which was launched by the Environmental Campaign Committee in 2018, to encourage the implementation of green measures when organizing large-scale events.

The above activities were attended by over 110 participants from around 40 Member Associations, Leisure and Cultural Services Department and Hong Kong Sports Institute.

Seminar on Protection of Personal Data in Sports Sector
體育界保障個人資料私隱研討會

體育總會每年都會舉辦多項體育活動，當中可能涉及收集大量參加者及相關人士的個人資料。有見近年在不同界別發生多宗個人資料外洩事件，本會與香港個人資料私隱專員公署合作，於2019年3月20日在奧運大樓舉辦了一場「體育界保障個人資料私隱」研討會。是次研討會有效增加了體育總會對《個人資料(私隱)條例》的認識和理解，並提供了舉辦大型活動時保障個人資料私隱的建議。

研討會結束後，本會亦安排了「綠色戶外活動嘉許計劃」簡介會，介紹這項由環境運動委員會自2018年推出的計劃，以鼓勵體育總會在舉辦大型活動時實施環保措施。

以上活動共吸引了逾110人出席，除了來自約40個體育總會的代表，也包括康樂及文化事務署及香港體育學院的人員。

In view of his dedication and outstanding performance, Mr. FOK presented the “2019 SF&OC President’s Commendation for Distinguished Achievements” award posthumously to Kenneth that evening.

The SF&OC Annual Dinner commenced after the Awards Presentation Ceremony with a total of 115 tables.

The late Kenneth TO (Swimming) was the awardee of the “2019 SF&OC President’s Commendation for Distinguished Achievements”. The Award was received by the representative of the Hong Kong Amateur Swimming Association. 「港協暨奧委會會長嘉許獎2019」得獎運動員已故杜敬謙(游泳)，獎座由香港業餘游泳總會代表代領。

頒獎典禮

壓軸的活動—選舉頒獎典禮於2019年3月26日假香港會議展覽中心大會堂舉行。作為「香港體壇奧斯卡」，今年活動繼續安排紅地毯環節，讓每一位盛裝出席的候選運動員及嘉賓行經紅地毯，為頒獎典禮增添色彩。典禮開始前，本會播放了2018年香港運動員的比賽精華片段，為頒獎典禮揭開序幕。多位政府高級官員、著名嘉賓、體育界人士及影視藝人應邀出席及頒獎，場面星光熠熠。當晚一共頒發了23個獎項。

本屆選舉共選出八位香港傑出運動員(其中票數最高的得獎者獲頒國泰航空星中之星香港傑出運動員大獎)、六位香港傑出青少年運動員、一隊香港最佳運動隊伍、兩組香港最佳運動組合及五位香港最具潛質運動員。由於評審團未能以多數票選出今年的「香港最具體育精神運動員獎」的得獎者，故此今屆獎項懸空。

此外，本會對香港游泳運動員杜敬謙的驟然離世，深感痛惜。杜敬謙是位傑出運動員，為多項香港游泳項目紀錄保持者，2018年更首次代表香港參與第18屆亞洲運動會。為表揚他在過去的傑出表現，在頒獎典禮當晚由霍會長頒發「港協暨奧委會會長嘉許獎2019」予杜敬謙。

港協暨奧委會周年晚宴緊接頒獎典禮舉行，當晚共筵開115席。

CHOI Nicholas Edward (Fencing) and CHAN Hei Man Hayley Victoria (Windsurfing) were selected as the Best Dressed Male and Female Athletes respectively. 崔浩然(劍擊)及陳晞文(滑浪風帆)分別獲選為「最佳衣著男運動員」及「最佳衣著女運動員」。

Directors' Report

Business review

The Federation has achieved a net surplus before tax of HK\$0.75 million (2018: *Surplus HK\$2.81 million*). The biggest risk facing the Federation remains its reliance on the subvention from the Government of the HKSAR and the commercial sponsorship to fund its principal activity.

During the year, the Federation restructured the investment portfolio for the safeguard of the Federation's assets. There have been no significant subsequent events which materially affect the financial result of the Federation.

The Federation endeavour to achieve a breakeven in the future owing to significant investment in the promotion and development of sports and the Olympic Movement in Hong Kong which is planned to take place. The Federation will continue to seek to drive revenue in order to allow this investment to continue.

The Federation has complied with the Olympic Charter and all applicable laws and regulations during the year.

For a more comprehensive review of the Federation's activities during the year, please see the message from the President and the closing remarks from the Hon. Secretary General located in the Annual Report 2018-19.

The Federation's success depends on some key relationships for a significant proportion of its income, particularly those from the Government and the Olympic sponsorship.

Management contracts

No contracts concerning the management and administration of the whole or any substantial part of the business of the Federation were entered into or existed during the year.

Equity-linked agreements

No equity-linked agreements into which the Federation entered subsisted at any time during the year.

Permitted indemnity provisions

No permitted indemnity provision was in force during the year, or is in force at the date of this report, for the benefit of a then director or a director of the Federation (whether made by the Federation or otherwise).

Independent Auditor's Report

To the members of

Sports Federation & Olympic Committee of Hong Kong, China

(incorporated in Hong Kong with liability limited by guarantee and not having a share capital)

Opinion

We have audited the financial statements of Sports Federation & Olympic Committee of Hong Kong, China (the "Federation") set out on pages 7 to 41, which comprise the statement of financial position as at 31 March 2019, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the financial statements give a true and fair view of the financial position of the Federation as at 31 March 2019, and of its financial performance and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA") and have been properly prepared in compliance with the Hong Kong Companies Ordinance.

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSA") issued by the HKICPA. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are independent of the Federation in accordance with the HKICPA's Code of Ethics for Professional Accountants (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The directors of the Federation are responsible for the other information. The other information comprises the annual report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Independent Auditor's Report

To the members of

Sports Federation & Olympic Committee of Hong Kong, China

(incorporated in Hong Kong with liability limited by guarantee and not having a share capital)

Responsibilities of Directors for the Financial Statements

The directors of the Federation are responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Federation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Federation or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, in accordance with section 405 of the Hong Kong Companies Ordinance, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Federation's internal control.

Independent Auditor's Report

To the members of

Sports Federation & Olympic Committee of Hong Kong, China

(incorporated in Hong Kong with liability limited by guarantee and not having a share capital)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Federation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Federation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

In accordance with the transitional provisions in HKFRS 9, comparative information has not been restated and the Federation has applied HKFRS 9 retrospectively to financial instruments that existed at 1 April 2018 (i.e. the date of initial application), except as described below:

- (a) The following assessments are made on the basis of facts and circumstances that existed at the date of initial application:
- (i) the determination of the business model within which a financial asset is held;
 - (ii) the designation of financial assets or financial liabilities at FVPL or, in case of financial assets, at Designated FVOCI; and
 - (iii) the de-designation of financial assets or financial liabilities at FVPL.

The above resulting classification shall be applied retrospectively.

- (b) If, at the date of initial application, determining whether there has been a significant increase in credit risk since initial recognition would require undue cost or effort, a loss allowance is recognised at an amount equal to lifetime expected credit losses at each reporting date until the financial instrument is derecognised unless that financial instrument has low credit risk at a reporting date.
- (c) For investments in equity instruments that were measured at cost under HKAS 39, the instruments are measured at fair value at the date of initial application.

Upon the initial adoption of HKFRS 9, the Investment Revaluation Reserve Fund was transferred from recycling to non-recycling.

HKFRS9: Financial Instruments (Continued)

Classification and measurement of financial assets and financial liabilities

The adoption of HKFRS 9 has no significant effect on the classification and measurement of the Federation's financial liabilities.

The following table reconciles the original measurement categories and carrying amounts under HKAS 39 to the new measurement categories and carrying amounts under HKFRS 9 for each class of the Federation's financial assets as at 1 April 2018.

As at 1 April 2018

Measurement category under HKAS 39	Carrying amount under HKAS 39 HK\$	Measurement category and carrying amount under HKFRS 9		
		Amortised cost HK\$	Designated FVOCI HK\$	FVPL HK\$
<i>Available-for-sale financial assets</i>				
Listed equity securities (note i)	142,313,195	-	142,313,195	-
<i>Loans and receivables (note ii)</i>				
Bank balances and cash	74,208,393	74,208,393	-	-
Receivables, deposits and prepayments	5,376,397	5,376,397	-	-
<i>Financial assets at FVPL (note iii)</i>

	<u>281,108,757</u>	<u>79,584,790</u>	<u>142,313,195</u>	<u>59,210,772</u>

Notes:

- (i) The listed equity securities that were previously classified as available-for-sale financial assets amounted to HK\$142,313,195 are now classified as Designated FVOCI since, at the date of initial application, these investments are neither held for trading nor contingent consideration recognised by an acquirer in a business combination to which HKFRS 3 applies and are designated as FVOCI.

Related fair value gains of HK\$2,590,530 as at 1 April 2018 were transferred from Investment Revaluation Reserve Fund (recycling) to Investment Revaluation Reserve Fund (non-recycling) on 1 April 2018.

Adoption of the new / revised HKFRSs (Continued)

HKFRS9: Financial Instruments (Continued)

Classification and measurement of financial assets and financial liabilities (Continued)

- (ii) These items continue to be measured at amortised cost because, at the date of initial application, the Federation's business model is to hold these investments to collect the contractual cash flows and the cash flows represent solely payments of principal and interest on the principal amount outstanding.

- (iii) The Standard Bond Programme that were previously classified as FVPL amounting to HK\$59,210,772 continued to be measured as FVPL because they are held for trading, at the date of initial application and the Federation's business model is to hold these investments for sale.

Expected credit loss ("ECL")

The ECL model under HKFRS 9 requires an entity to account for ECL and changes in those ECL at each reporting date to reflect changes in credit risk since initial recognition. In other words, it is no longer necessary for a credit event to have occurred before credit losses are recognised. Impairment based on ECL model on these financial assets upon the adoption of HKFRS 9 has no significant financial impact to the financial statements.

HKFRS 15: Revenue from Contracts with Customers

HKFRS 15 replaces, among others, HKAS 18 and HKAS 11 which specified the revenue recognition arising from sale of goods and rendering of services and the accounting for construction contracts respectively. The Standard establishes a comprehensive framework for revenue recognition and certain costs from contracts with customers within its scope. It also introduces a cohesive set of disclosure requirements that would result in an entity providing users of financial statements with comprehensive information about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers.

The Federation has elected to apply the cumulative effect transition method and recognised the cumulative effect of initial adoption (if any) as an adjustment to the opening balance of components of the equity at 1 April 2018 (i.e. the date of initial application). Therefore, the comparative information has not been restated for the effect of HKFRS 15.

The adoption of HKFRS 15 does not have any impact on the revenue recognition of the Federation.

Basis of measurement

The measurement basis used in the preparation of the financial statements is historical cost, except for Designated FVOCI (2018: *available-for-sale financial assets*) and financial assets at FVPL, which are measured at fair value as explained in the accounting policies set out below.

Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Repairs and maintenance are charged to profit or loss during the year in which they are incurred.

Notes to the Financial Statements

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Property, plant and equipment (Continued)

Depreciation is provided to write off the cost less accumulated impairment losses of property, plant and equipment over their estimated useful lives from the date on which they are available for use and after taking into account their estimated residual values, using the straight-line method at the rates as set out below. Where parts of an item of property, plant and equipment have different useful lives, the cost or valuation of the item is allocated on a reasonable basis and depreciated separately:

Furniture and fixtures	15%
Leasehold improvement	50%
Machinery and equipment	20%
Motor vehicles	20%

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the item) is included in profit or loss in the year in which the item is derecognised.

Impairment of non-financial assets

At the end of each reporting period, the Federation reviews internal and external sources of information to assess whether there is any indication that its property, plant and equipment may be impaired or impairment loss previously recognised no longer exists or may be reduced. If any such indication exists, the recoverable amount of the asset is estimated, based on the higher of its fair value less costs of disposal and value in use. Where it is not possible to estimate the recoverable amount of an individual asset, the Federation estimates the recoverable amount of the smallest group of assets that generates cash flows independently (i.e. a cash-generating unit).

If the recoverable amount of an asset or a cash-generating unit is estimated to be less than its carrying amount, the carrying amount of the asset or cash-generating unit is reduced to its recoverable amount. Impairment losses are recognised as an expense immediately.

A reversal of impairment loss is limited to the carrying amount of the asset or cash-generating unit that would have been determined had no impairment loss been recognised in prior years. Reversal of impairment loss is recognised as income in profit or loss immediately.

Financial instruments

Financial assets

Recognition and derecognition

Financial assets and financial liabilities are recognised when and only when the Federation becomes a party to the contractual provisions of the instruments and on a trade date basis.

A financial asset is derecognised when and only when (i) the Federation's contractual rights to future cash flows from the financial asset expire or (ii) the Federation transfers the financial asset and either (a) the Federation transfers substantially all the risks and rewards of ownership of the financial asset, or (b) the Federation neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset but it does not retain control of the financial asset.

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Financial instruments (Continued)

Financial assets (Continued)

Classification and measurement – applicable from 1 April 2018

Financial assets (except for trade receivables without a significant financing component) are initially recognised at their fair value plus, in the case of financial assets not carried at FVPL, transaction costs that are directly attributable to the acquisition of the financial assets. Such trade receivables are initially measured at their transaction price.

On initial recognition, a financial asset is classified as (i) measured at amortised cost; (ii) debt investment measured at fair value through other comprehensive income (“Mandatory FVOCI”); (iii) equity investment measured at fair value through other comprehensive income (“Designated FVOCI”); or (iv) measured at fair value through profit or loss (“FVPL”).

The classification of financial assets at initial recognition depends on the Federation’s business model for managing the financial assets and the financial asset’s contractual cash flow characteristics. Financial assets are not reclassified subsequent to their initial recognition unless the Federation changes its business model for managing them, in which case all affected financial assets are reclassified on the first day of the first annual reporting year following the change in the business model (the “reclassification date”).

1) Financial assets measured at amortised cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVPL:

- (i) it is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- (ii) its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest rate method and are subject to impairment. Gains and losses arising from impairment, derecognition or through the amortisation process are recognised in profit or loss.

The Federation’s financial assets at amortised cost include receivables, deposits and prepayments and bank balances and cash.

2) Designated FVOCI

Upon initial recognition, the Federation may make an irrevocable election to present subsequent changes in the fair value of an investment in an equity instrument that is neither held for trading nor contingent consideration recognised by an acquirer in a business combination to which HKFRS 3 applies in other comprehensive income. The classification is determined on an instrument-by-instrument basis.

Financial instruments (Continued)

Financial assets (Continued)

Classification and measurement – applicable from 1 April 2018 (Continued)

2) Designated FVOCI (Continued)

These equity investments are subsequently measured at fair value and are not subject to impairment. Dividends are recognised in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other gains or losses are recognised in other comprehensive income and shall not be subsequently reclassified to profit or loss.

The Federation's financial assets at Designated FVOCI include listed equity securities.

3) Financial assets at FVPL

These investments include financial assets that are not measured at amortised cost or FVOCI, including financial assets held for trading, financial assets designated upon initial recognition as at FVPL, financial assets resulting from a contingent consideration arrangement in a business combination to which HKFRS 3 applies and financial assets that are otherwise required to be measured at FVPL. They are carried at fair value, with any resultant gain and loss recognised in profit or loss, which does not include any dividend or interest earned on the financial assets.

A financial asset is classified as held for trading if it is:

- (i) acquired principally for the purpose of selling it in the near term;
- (ii) part of a portfolio of identified financial instruments that are managed together and for which there is evidence of a recent actual pattern of short-term profit-taking on initial recognition; or
- (iii) a derivative that is not a financial guarantee contract or not a designated and effective hedging instrument.

Financial assets are designated at initial recognition as at FVPL only if doing so eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise from measuring assets or liabilities or recognising the gains or losses on them on different bases.

The Federation's financial assets at FVPL include multi-assets funds.

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Financial instruments (Continued)

Financial assets (Continued)

Classification and measurement – applicable before 1 April 2018

Financial assets are initially recognised at their fair value plus, in the case of financial assets not carried at FVPL, transaction costs that are directly attributable to the acquisition of the financial assets.

The Federation classified its financial assets into one of the following categories before 1 April 2018:

1) Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss include financial assets held for trading and financial assets designated upon initial recognition as at fair value through profit or loss. They are carried at fair value, with any resultant gain and loss recognised in profit or loss.

Financial assets or financial liabilities are classified as held for trading if they are (i) acquired principally for the purpose of selling in the near future; (ii) part of a portfolio of identified financial instruments that the Federation manages together and has a recent actual pattern of short-term profit-taking; or (iii) derivatives that are not financial guarantee contracts or not designated and effective hedging instruments.

2) Loans and receivables

Loans and receivables including receivables and deposits and cash and cash equivalents are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are not held for trading. They are measured at amortised cost using the effective interest method, except where receivables are interest-free loans and without any fixed repayment term or the effect of discounting would be insignificant. In such case, the receivables are stated at cost less impairment loss. Amortised cost is calculated by taking into account any discount or premium on acquisition over the period to maturity. Gains and losses arising from derecognition, impairment or through the amortisation process are recognised in profit or loss.

3) Available-for-sale financial assets

Available-for-sale financial assets are non-derivative financial assets that are either designated at this category or not classified in any of the other categories of financial assets. They are measured at fair value with changes in value recognised as a separate component of equity until the assets are sold, collected or otherwise disposed of, or until the assets are determined to be impaired, at which time the cumulative gain or loss previously reported in other comprehensive income shall be reclassified to profit or loss as a reclassification adjustment. Available-for-sale financial assets that do not have a quoted market price in an active market and whose fair value cannot be reliably measured are stated at cost less impairment loss.

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Financial instruments (Continued)

Financial liabilities

Recognition and derecognition

Financial liabilities are recognised when and only when the Federation becomes a party to the contractual provisions of the instruments.

A financial liability is derecognised when and only when the liability is extinguished, that is, when the obligation specified in the relevant contract is discharged, cancelled or expires.

Classification and measurement

Financial liabilities are initially recognised at their fair value plus, in the case of financial liabilities not carried at FVPL, transaction costs that are directly by attributable to the issue of the financial liabilities.

The Federation's financial liabilities include account payables and accruals. All financial liabilities are recognised initially at their fair value and subsequently measured at amortised cost, using the effective interest method, unless the effect of discounting would be insignificant, in which case they are stated at cost.

Impairment of financial assets

Applicable from 1 April 2018

The Federation recognises loss allowances for expected credit losses ("ECL") on financial assets that are measured at amortised cost to which the impairment requirement apply in accordance with HKFRS 9.

The Federation's financial assets at amortised cost include other receivables and bank balances and cash which are determined to have low credit risk. Accordingly, a 12-month ECL is applied.

Low credit risk

A financial instrument is determined to have low credit risk if:

- (i) it has a low risk of default;
- (ii) the borrower has a strong capacity to meet its contractual cash flow obligations in the near term; and
- (iii) adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations.

Applicable before 1 April 2018

At the end of each reporting period, the Federation assesses whether there is objective evidence that financial assets, other than those at fair value through profit or loss, are impaired. The impairment loss of financial assets carried at amortised cost is measured as the difference between the assets' carrying amount and the present value of estimated future cash flow discounted at the financial asset's original effective interest rate. Such impairment loss is reversed in subsequent periods through profit or loss when an increase in the asset's recoverable amount can be related objectively to an event occurring after the impairment was recognised, subject to a restriction that the carrying amount of the asset at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

Notes to the Financial Statements

Year ended 31 March 2019

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Financial instruments (Continued)

Impairment of financial assets (Continued)

Applicable before 1 April 2018 (Continued)

When an available-for-sale financial asset is impaired, an amount comprising the difference between its acquisition cost (net of any principal repayment and amortisation) and current fair value, less any previously recognised impairment loss, is transferred from equity to profit or loss. Impairment losses recognised in profit or loss in respect of available-for-sale equity instrument are not reversed through profit or loss. Any subsequent increase in fair value of available-for-sale equity instrument after recognition of impairment loss is recognised in equity. Reversal of impairment loss of available-for-sale debt instruments are reversed through profit or loss, if the increase in fair value of the instrument can be objectively related to an event occurring after the impairment loss was recognised in profit or loss.

Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Rentals payable under operating leases are charged to profit or loss on a straight-line basis over the term of the relevant lease.

Lease incentives are recognised in profit or loss as an integral part of the net consideration agreed for the use of the leased asset.

Cash equivalents

For the purpose of the statement of cash flows, cash equivalents represent short-term highly liquid investments which are readily convertible into known amounts of cash with maturity less than 3 months and which are subject to an insignificant risk of changes in value, net of bank overdrafts. For classification in the statement of financial position, cash equivalents represent assets similar in nature to cash and which are not restricted as to use.

Revenue recognition

Subvention, Sponsorship and Bond programme income are recognised when the Federation's rights to receive payment have been established.

Dividend income from financial assets is recognised when the Federation's rights to receive dividend is established, it is probable that the economic benefits associated with the dividend will flow to the Federation and the amount of the dividend can be measured reliably.

Applicable from 1 April 2018

Revenue from contracts with customers within HKFRS 15

Nature of goods or services

The nature of the goods or services provided by the Federation is as follows:

Service A: Drug test service.

Service B: Entry fees for Olympic events and Income from officers and members.

Revenue recognition (Continued)

Applicable from 1 April 2018 (Continued)

Revenue from contracts with customers within HKFRS 15 (Continued)

Identification of performance obligations

At contract inception, the Federation assesses the goods or services promised in a contract with a customer and identifies as a performance obligation each promise to transfer to the customer either:

- (a) a good or service (or a bundle of goods or services) that is distinct; or
- (b) a series of distinct goods or services that are substantially the same and that have the same pattern of transfer to the customer.

A good or service that is promised to a customer is distinct if both of the following criteria are met:

- (a) the customer can benefit from the good or service either on its own or together with other resources that are readily available to the customer (i.e. the good or service is capable of being distinct); and
- (b) the Federation's promise to transfer the good or service to the customer is separately identifiable from other promises in the contract (i.e. the promise to transfer the good or service is distinct within the context of the contract).

Timing of revenue recognition

Revenue is recognised when (or as) the Federation satisfies a performance obligation by transferring a promised good or service (i.e. an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset.

The Federation transfers control of a good or service over time and, therefore, satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

- (a) the customer simultaneously receives and consumes the benefits provided by the Federation's performance as the Federation performs;
- (b) the Federation's performance creates or enhances an asset (for example, work in progress) that the customer controls as the asset is created or enhanced; or
- (c) the Federation's performance does not create an asset with an alternative use to the Federation and the Federation has an enforceable right to payment for performance completed to date.

If a performance obligation is not satisfied over time, the Federation satisfies the performance obligation at a point in time when the customer obtains control of the promised asset. In determining when the transfer of control occurs, the Federation considers the concept of control and such indicators as legal title, physical possession, right to payment, significant risks and rewards of ownership of the asset, and customer acceptance.

Drug Test service is recognised at a point in time when the testing report is issued.

Entry fees for Olympic events and Events income from officers and members are recognised at a point in time when the events conducted successfully for participants.

Licensing income

The Federation has entered into a number of agreements with licensees under which the Federation grants the licensees rights to use the Federation's intellectual property (being the Olympic emblem of the Federation). In return, the Federation is entitled to fixed annual payments, which are stated in the agreements.

HKFRS 15 requires an entity to determine whether an entity's promise to grant a license is a right to access the entity's intellectual property (with consideration being recognised as revenue over time) or a right to use the entity's intellectual property (with consideration being recognised as revenue at a particular point in time). Based on the specific requirements under HKFRS 15, an entity's promise to grant a license is a right to access the entity's intellectual property when all of the following criteria are met:

- (a) the contract requires, or the customer reasonably expects, that the entity will undertake activities that significantly affect the intellectual property to which the customer has rights;
- (b) the rights granted by the licence directly expose the customer to any positive or negative effects of the entity's activities identified in (a) above; and
- (c) those activities do not result in the transfer of a good or a service to the customer as those activities occur.

Having assessed the terms of the related agreements and the specific facts and circumstances, the directors concluded that all of the abovementioned criteria are satisfied and concluded that the licensing income should be recognised over time. Previously, under HKAS 18, the licensing income was recognised as revenue when the Federation's rights to receive payment have been established.

Interest income

Interest income from financial assets is recognised using the effective interest method. For financial assets measured at amortised cost that are not credit-impaired, the effective interest rate is applied to the gross carrying amount of the assets while it is applied to the amortised cost (i.e. the gross carrying amount net of loss allowance) in case of credit-impaired financial assets.

Applicable before 1 April 2018

Revenue is recognised when it is probable that the economic benefits will flow to the Federation and when the revenue and costs, if applicable, can be measured reliably and on the following bases:

Subvention, sponsorship, dividend income, Bond programme income, licensing income and subscription income are recognised when the Federation's rights to receive payment have been established.

Specific grants are recognised to the extent that the corresponding expenditure is taken up in profit or loss.

Interest income is recognised on a time-proportion basis using the effective interest method.

Employee benefits

Short term employee benefits

Salaries, annual bonuses, paid annual leave, contributions to defined contribution retirement plans and the cost of non-monetary benefits are accrued in the period in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.

Defined contribution plans

The obligations for contributions to defined contribution retirement scheme are recognised as an expense in profit or loss as incurred. The assets of the scheme are held separately from those of the Federation in an independently administered fund.

Government grants

Government grants are recognised at their fair value where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. When the grant relates to an expense item, it is recognised as income over the years necessary to match the grant on a systematic basis to the costs that it is intended to compensate. Where the grant relates to an asset, the fair value is credited to a deferred income account and is released to profit or loss over the expected useful life of the relevant asset to match the depreciation charge.

Foreign currency translation

The financial statements are presented in the currency of Hong Kong dollars, which is the Federation's functional and presentation currency.

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss.

Foreign exchange gains and losses resulting from the retranslation of non-monetary items carried at fair value are recognised in profit or loss except for those arising on the retranslation of non-monetary items in respect of which gains and losses are recognised directly in equity, in which cases, the gains or losses are also recognised directly in equity.

Taxation

The charge for current income tax is based on the results for the year as adjusted for items that are non-assessable or disallowed. It is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is provided, using the liability method, on all temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, any deferred tax arising from initial recognition of goodwill; or other asset or liability in a transaction other than a business combination that at the time of the transaction affects neither the accounting profit nor taxable profit or loss is not recognised.

Taxation (Continued)

The deferred tax liabilities and assets are measured at the tax rates that are expected to apply to the year when the asset is recovered or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the end of the reporting period.

Deferred tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences, tax losses and credits can be utilised.

Related parties

A related party is a person or entity that is related to the Federation.

- (a) A person or a close member of that person's family is related to the Federation if that person:
 - (i) has control or joint control over the Federation;
 - (ii) has significant influence over the Federation; or
 - (iii) is a member of the key management personnel of the Federation.
- (b) An entity is related to the Federation if any of the following conditions applies:
 - (i) one entity is a subsidiary, an associate or joint venture of the other entity.
 - (ii) the entity is a post-employment benefit plan for the benefit of employees of either the Federation or an entity related to the Federation.
 - (iii) the entity is controlled or jointly controlled by a person identified in (a).
 - (iv) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity.
 - (v) the entity, or any member of a group of which it is a part, provides key management personnel services to the Federation or to the parent of the Federation.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity and include:

- (a) that person's children and spouse or domestic partner;
- (b) children of that person's spouse or domestic partner; and
- (c) dependants of that person or that person's spouse or domestic partner.

In the definition of a related party, an associate includes subsidiaries of the associate and a joint venture includes subsidiaries of the joint venture.

Future changes in HKFRSs

At the date of authorisation of these financial statements, the HKICPA has issued a number of new / revised HKFRSs that are not yet effective for the current year, which the Federation has not early adopted.

Except for HKFRS 16 as set out below, the directors of the Federation does not anticipate that the adoption of the new/revised HKFRSs in future years will have any material impact on the results of the Federation.

HKFRS 16: Leases

HKFRS 16 significantly changes the lessee accounting by replacing the dual model under HKAS 17 with a single model which requires a lessee to recognize assets and liabilities for the rights and obligations created by all leases with a term of more than 12 months, unless the underlying asset is of low value. Besides, among other changes, it requires enhanced disclosures to be provided by lessees and lessors. Based on the preliminary assessment, the management is of the opinion that the leases of certain properties by the Federation which are currently classified as operating leases under HKFAS 17 will trigger the recognition of right-of-use assets and lease liabilities in accordance with HKFRS 16. In subsequent measurement, depreciation (and, if applicable, impairment loss) and interest will be recognised on the right-of-use assets and lease liabilities respectively, of which the amount in total for each reporting period is not expected to be significantly different from the periodic operating lease expenses recognised under HKAS 17.

As set out in Note 21, at 31 March 2019, the outstanding has a term of less than 12 months. The management of the Federation does not expect the adoption of HKFRS 16 would result in significant impact on the Federation's financial position and financial performance.

23. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The carrying amounts of the Federation's financial assets and liabilities recognised at the reporting date are categorised as follows:

	2019 <i>HK\$</i>	2018 <i>HK\$</i>
Financial assets		
Financial assets at amortised cost/ Loans and receivables:		
Receivables and deposits	1,740,927	4,479,694
Cash and bank balances	32,194,681	55,308,393
Time deposits with original maturity over 3 months	19,109,609	18,900,000
Available-for-sale financial assets	-	142,313,195
Designated FVOCI	25,275,837	-
Financial assets at FVPL	<u>199,906,972</u>	<u>59,210,772</u>
	<u>278,228,026</u>	<u>280,212,054</u>
Financial liabilities		
Financial liabilities measured at amortised cost:		
Account payables and accruals	3,256,933	2,106,679
Deposits received	<u>372,000</u>	<u>388,000</u>
	<u>3,628,933</u>	<u>2,494,679</u>

The main purpose of these financial instruments is to raise and maintain finance for the Federation's operations. The Board considers that the Federation's exposures to interest rate risk were insignificant at the end of the reporting period, as there were no interest-bearing borrowing and the impact on interest rate changes of bank deposits were not significant. As a result, the main risk associated with these financial assets and financial liabilities are price risk, credit risk and liquidity risk. The Federation does not have written risk management policies and guidelines. However, the Board generally adopts conservative strategies on its risk management and limits the Federation's exposure to these risks to a minimum.

Notes to the Financial Statements

Year ended 31 March 2019

23. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Price risk

The Federation's Designated FVOCI (*2018: available-for-sale financial assets*) are measured at fair value at the end of each reporting period with reference to the quoted price. Therefore, the Federation is exposed to price risk and the management monitors the price movements and takes appropriate actions when required.

At the end of the reporting period, if the equity price to the valuation model had been 10% (*2018:5%*) higher / lower while all other variables were held constant, the Federation's net surplus would have been unaffected since all the equity investments are classified as Designated FVOCI (*2018: available-for-sale financial assets*) and no investments were disposed of or impaired. Investment Revaluation Reserve Fund would be increased / decreased by HK\$2,500,000 (*2018: HK\$7,100,000*) as a result of changes in fair value of Designated FVOCI (*2018: available-for-sale financial assets*).

In addition, the Federation's financial assets FVPL which are represented by the Multi-Assets Fund (*2018: Nil*), are measured at fair value at the end of each reporting period with reference to the quoted price. Therefore, the Federation is also exposed to price risk and the management monitors the price movements and takes appropriate actions when required.

At the end of the reporting period, if the equity price to the valuation model had been 5% (*2018: n/a*) higher / lower while all other variables were held constant, the Federation's net surplus would be increased / decreased by HK\$10,000,000 (*2018: n/a*) due to change in the fair value of financial assets at FVPL.

The sensitivity analysis has been determined assuming that the reasonably possible changes in the stock market index or other relevant risk variables had occurred at the end of the reporting period and had been applied to the exposure to equity price risk in existence at that date. It is also assumed that the fair values of the Federation's investments would change in accordance with the historical correlation with the relevant stock market index or the relevant stock market index or the relevant risk variables, and that all other variables remain constant. The stated changes represent management's assessment of reasonably possible changes in the relevant stock market index or the relevant risk variables over the period until the next annual end of the reporting period. The analysis is performed on the same basis for 2018.

Notes to the Financial Statements

Year ended 31 March 2019

23. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Credit risk

The credit risk of the Federation is primarily attributable to financial assets at FVPL, receivable and deposits and bank balances and time deposits.

The carrying amount of financial assets recognised on the statement of financial position represents the Federation's exposure to credit risk without taking into account the value of any collateral held or other credit enhancements.

Receivables and deposits

The Federation considers that the receivables and deposits have low credit risk based on the borrowers' strong capacity to meet its contractual cash flow obligations in the near term and low risk of default. Impairment on receivables and deposits are measured on 12-month ECL and reflects the short maturities of the exposures.

In estimating the ECL, the Federation has taken into account the historical actual credit loss experience over the past years and the financial position of the counterparties, adjusted for forward-looking factors that are specific to the debtors and general economic conditions of the industry in which the counterparties operate, in estimating the probability of default of these financial assets, as well as the loss upon default in each case. The management of the Federation considers the ECL of these financial assets to be insignificant after taking into account the financial position and credit quality of the counterparties. There was no change in the estimation techniques or significant assumptions made during the year.

Bank balances and time deposits

The Federation considers that the exposure to credit risk arising from bank balances and time deposits are limited because the counterparties are banks with sound credit rating, for which the Federation considers to have low credit risk.

Liquidity risk

The Federation's policy is to regularly monitor current and expected liquidity requirements to ensure that the Federation maintains sufficient reserves of cash and cash equivalents to meet its liquidity requirements in the short and longer term. The Federation's financial liabilities at the end of reporting period based on contractual undiscounted cash flow are all due for payment within one year or on demand.

Notes to the Financial Statements

Year ended 31 March 2019

23. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Fair value measurements

The carrying value of financial instruments are measured at fair value at 31 March 2019 across the three levels of the fair value hierarchy defined in HKFRS 13, *Fair Value Measurement*, with the fair value measurement categorised in its entirety based on the lowest level of input that is significant to the entire measurement. The levels are defined as follows:

- Level 1 (highest level): quoted prices (unadjusted) in active markets for identical assets and liabilities that the Federation can access at the measurement date;
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3 (lowest level): unobservable inputs for the asset or liability.

The fair value of all the Federation's Designated FVOCI and financial assets at FVPL are measured based on Level 1 inputs. During the year ended 31 March 2019, there were no transfers between Level 1 and Level 2 fair value measurements, and no transfers into and out of Level 3 fair value measurements.

24. CAPITAL MANAGEMENT

The objectives of the Federation's capital management are to safeguard its ability to continue as a going concern for its development and promotion of sports objectives. The Federation manages its cumulated funds available and makes adjustments to these funds in light of changes in economic conditions and business strategies. To manage the funds, the Federation may adjust the use of its reserve or raise fund and repay debts.

25. COMPARATIVE FIGURES

Conforming to current year's presentation, time deposits with original maturity over 3 months of HK\$18,900,000 originally included in cash and cash equivalents have been reclassified separately under the time deposits with original maturity over 3 months. The revised presentation reflects more appropriately the nature of this item. This reclassification has no effect on the reported financial position and results of the Federation.
