Message from the President

The Sports Federation and Olympic Committee of Hong Kong, China had a bountiful and eventful year of 2014-15, noted by our athletes' success spanning many competitions, whether in the Asian Games in Incheon, the Youth Olympic Games in Nanjing, the Asian Beach Games in Phuket, not to neglect to mention the many other single sport tournaments in which ours came to flourish. We will not be bashful about these achievements that will be cited and the athletes congratulated in the Annual Report as befitting what they did in our collective honor.

We have accomplished what one might call a critical mass in terms of sports as more and more of our youths rally to the sports of their own choosing and in which they have shown some ability. The SF&OC, as parent entity for more than 70 associations and affiliates, have the fortune of wide public support as so manifest in the funding received and the self-evident ever enlarging talent pool from which we can count upon to draw. What was good will only get a lot better in the years to follow because not doing more would only be complacency – the bane of sports that do not ever stand still.

But the Year commemorated was not only a period of sporting endeavors. Our organization, in its incarnation under the rubric Sports Federation and Olympic Committee of Hong Kong, China, fledged in 1997 together with our becoming a Special Administrative Region, had reluctantly acquiesced to the retirement of our founding Honorary Secretary General, Mr. PANG Chung, who has been a pioneer and a name synonymous with organized sports in this city for some 60 years. His legacy is now affirmed as we must credit him for helping build a strong organizational foundation for the Federation during his 18-year tenure. For us, he remains our leader and guiding light whose counsel we will long seek as we advance, ever stronger, more purposeful and united. As Mr. PANG reflects upon his life's work as our emeritus Hon. Advisor, he has every reason to be proud, as proud as we are of him and grateful for what he did for all of us with consummate sporting spirit.

President of Sports Federation & Olympic Committee of Hong Kong, China

Annual Report

**for the period
from 1 July 2014 to 30 June 2015**

Introduction

The Federation has gone through a hectic but joyful year.

We have gone full speed ahead into a new adventurous era. The Federation has taken its first steps towards corporatization, in forming a Working Group to study the various possibilities and to recommend possible amendments to the Constitution, Rules and By-laws of the Federation. Moreover, the Federation is keen to support the development of Kai Tak Multi-Purpose Sports Complex and works closely with the Home Affairs Bureau (HAB) in soliciting feedbacks and liaising with our affiliated Members throughout the year.

In 2014, Hong Kong athletes achieved an impressive feat in grabbing 43 medals including 6 gold, 12 silver and 25 bronze medals in the 17th Asian Games in Incheon. The Hong Kong athletes also demonstrated outstanding performance in the 2nd Youth Olympic Games in Nanjing and the 4th Asian Beach Games in Phuket. The coming Rio 2016 Olympic Games will be an opportunity for our athletes to shine under international spotlight. The outstanding performance of the Hong Kong, China Delegation in the Rio 2016 Olympic Games is indeed highly anticipated.

Besides, the Federation has continued to organize various programmes to draw public attention to the news of Hong Kong athletes and to promote sports in the community, including the Samsung 2014 Hong Kong Sports Stars Awards Presentation Ceremony cum SF&OC Spring Dinner 2015, Samsung 58th Festival of Sport, 2015 Olympic Day – Olympic “Fun” Run and Sports Education on Olympism Programme for the Community 2014-15.

Throughout the year, the Olympic House, a two-storey building with a covered car park, under the management of the Management Company of Olympic House Limited (MCOHL), an affiliated company controlled by the Federation, provides office space, meeting facilities and services for our Member Associations and the community. With its active involvement in environmental friendly activities, MCOHL has received a number of awards and recognitions.

In addition, the Federation has supported over 440 retired athletes in their education, career and life skills development through the Hong Kong Athletes Career & Education Programme. This year, 12 athletes were granted education scholarships, 83 athletes were enrolled in integrated English learning courses, and 56 athletes participated in life skills training programmes to equip themselves with essential skills for future career development. These initiatives have contributed to the successful post-athletic career transformation of athletes, with an accumulative total of 80 successful cases of job matching since the inauguration of the Programme.

To educate Hong Kong athletes and the general public on the latest anti-doping knowledge and to fight against the use of prohibited substances in sports, Hong Kong Anti-Doping Committee under the auspices of the Federation has organized 19 anti-doping talks and 17 outreach programmes for athletes and sports enthusiasts this year. We also conducted 267 out-of-competition tests for 288 elite athletes from 24 sports in the testing pool and 182 in-competition tests at 23 competitions in order to preserve a doping-free environment for fair play in sport in Hong Kong.

A detailed Report of the Federation’s activities during the period under review is presented to Members in the following chapters.

Secretary General of the Federation, received the OCA Award of Merit for his achievement and contribution to the Olympic Movement and sports development in Hong Kong and Asia at the 34th OCA General Assembly Opening Ceremony held in Ashgabat, Turkmenistan on 15 September 2015, and the "IOC Trophy 2015 – Sport and Innovation" on 30 December 2015 in recognition of his remarkable initiatives in the development of the "Sports Legacy" Scheme in Hong Kong.

At the same time, the Rio 2016 Olympic fever has already spread all over the city and emerged in every community of Hong Kong people. Through the cultivation of the three Olympic values -- Excellence, Friendship, and Respect, athletes are infused with positive influence over their entourage and community. It is hoped that they could sustain the momentum of Olympic spirit and attain international acclaim at the upcoming multi-sports Games. Let us together create an Olympic vibe and unite Hong Kong people in supporting Hong Kong athletes to prepare for and to achieve remarkable results in the Rio 2016 Olympic Games.

The launch of "*Olympic Voice of Hong Kong*", our Official Newsletter launched in October 2015, would be helpful for us to address the interests and concerns of sports enthusiast and the public. The Olympic Voice would be authoritative, precise and credible sporting information locally and globally. We believed that the Olympic Voice could be another communication channel among the Federation, local and overseas sports organizations and the public for the Olympic Movement.

Last but not least, we would like to extend our heartfelt gratitude towards the continuous support of the HKSAR Government through HAB and LCSD. Special thanks should also go to sponsors of the Federation, including Samsung Electronics H.K. Company Limited, Title Sponsor of the Samsung 2014 Hong Kong Sports Stars Awards and Samsung 58th Festival of Sport as well as sponsor of the 2015 Olympic Day - Olympic "Fun" Run, Shun Hing Group / Panasonic, sponsor of the 2015 Olympic Day - Olympic "Fun" Run and Panasonic Sports Scholarship Programme for Rio 2016 Olympic Games, and Lee Hysan Foundation, Chow Tai Fook Charity Foundation and Sports for Hope Foundation, the three sponsors of the newly launched "Sports Legacy" Scheme. Finally, we would like to acknowledge the valuable contributions from Members of various Committees, affiliated Member Associations and the team of veteran Elected Officers of the Federation. Their staunch support has been instrumental in our successful participation in local and international events.
