President's Message

會長序言

This year in sports, 2019-20, will go down in the annals of Olympic history as one of the unforgettable and regrettable here in Hong Kong and elsewhere around the world, both for what has happened and what has not happened. We have encountered unrest and endured a pandemic that prevented many sporting events to take place and, most disappointingly, the postponement of the Summer Games originally slated for Tokyo in August. Many athletes had seen their preparations go in vain as various meets and trials were cancelled. The fans too were denied attendance in competitions that they had looked forward to. We now have to hope that the Summer Games can proceed a year later, in 2021, although this will depend on halting the pandemic and restoring some degree of normalcy. We of the Olympic family are facing constant uncertainty and indeterminacy. Together with sportsmen and women we must all keep faith in the resumption of sports because the world has a need for this, and the rewards that it brings to everyone.

在 2019 至 2020 年 度 期 間，香 港 和 全 球 各 地 體 育 界 都 經 歷 了 從 未 遇 過，亦 令 人 難 忘 的 一 年，足 以 記 載 在 奧 運 歷 史 上。在 這 段 時 間 裡，我 們 面 對 一 場 疫 症，使 許 多 體 育 賽 事 無 法 順 利 舉 行。最 令 人 失 望 的 是，原 定 於 8 月 在 東 京 舉 行 的 夏 季 奧 運 會 亦 被 迫 推 遲。因 而 許 多 運 動 員 一 直 準 備 參 與 的 資 格 賽 也 一 一 被 取 消。市 民 亦 未 能 觀 看 賽 事，頓 時 失 去 生 活 中 一 項 重 要 的 活 動。儘 管 現 在 仍 然 要 視 乎 疫 情 情 況，才 能 恢 復 各 項 體 育 比 賽，我 們 希 望 夏 季 奧 運 會 能 夠 在 一 年 後 舉 行。我 們 跟 運 動 員 一 樣，對 體 育 運 動 的 恢 復 抱 有 信 念。

Review & Prospects 回顧與展望

Over the course of the year, to our great sadness we have to record our deepest condolences, to our Honorary Life President, The Hon. Arnaldo de Oliveira SALES, GBM, JP and Sir David AKERS-JONES, GBM, JP, awardee of the IOC Trophy 2018 "Olympism in Action". We must all remember their enormous contribution to the development of sport in Hong Kong.

In April 2019, Mr. Timothy FOK, President of SF&OC led the new incumbent Officers for a courtesy visit to the Chinese Olympic Committee. During the visit, both parties expressed great interest to arrange exchange tours for young athletes periodically in future. To promote sports for all and the Olympic Movement in Hong Kong, we held the 62nd Festival of Sport from April to May and 2019 Olympic Day in June along with public participants. Hong Kong athletes attained a Bronze medal in the 1st ANOC World Beach Games and one Gold and one Bronze in the 3rd Winter Youth Olympic Games.

在這一年，港協暨奧委會永遠名譽會長沙理士 GBM，JP 及國際奧委會“實踐奧林匹克主義”大獎得獎者鍾逸傑爵士 GBM，JP 的辭世，使我們感到深切的哀悼。願我們永遠都懷念他們為香港體育發展作出的巨大貢獻。

2019年4月，在會長霍震霆先生帶領下新任的委員前赴北京拜訪中國奧林匹克委員會。在探訪中，雙方表達將促進中港青年運動員作定期交流活動的意願。另外，港協暨奧委會於4至5月辦了第62屆體育節以推廣全民運動，並於6月舉辦了2019年奧運日，藉以推廣奧林匹克運動，期間吸引了眾多公眾參與。香港運動員更於同年10月的第一屆世界沙灘運動會上獲得一枚銅牌，並在2020年1月的第三屆冬季青年奧林匹克運動會上獲得一枚金牌和一枚銅牌。

In January 2020, our Officers also had an opportunity to meet with the then Secretary of Home Affairs of the HKSAR Government to exchange views concerning matters related to the Hong Kong sports development and preparation work of Tokyo Olympic Games. With the COVID-19 global outbreak thereafter, many sports events were cancelled or postponed, not to mention SF&OC's mega events. The Tokyo Olympic Games was the first time in recent history, that it had to be postponed. In view of its adverse effect for the sports community, SF&OC has written to the HKSAR Government to urge the inclusion of sports coaches under the auspices of the Anti-Epidemic Fund as well as other possible measures for our community in facing the difficulty.

With the determination of IOC to host the Tokyo Olympics in 2021, we will support our athletes to walk out of the pandemic and shine again on the Olympic stage.

Hon. Secretary General
Sports Federation & Olympic Committee of Hong Kong, China

港協暨奧委會委員與當時的香港特區政府民政事務局長於2020年1月會面，就香港體育發展和東京奧運的籌備工作交換意見。隨著全球新型冠狀病毒的爆發，許多大型體育賽事也被迫取消，港協暨奧委會的大型活動亦須延期舉行。期後，國際奧林匹克委員會和東京2020年組織委員會宣布將東京奧運會推遲到2021年夏季舉行。與此同時，港協暨奧委會去信民政事務局反映從事體育產業人員的困難，並懇請政府能夠為業界作出適切的支援。展望未來，民政事務局應儘快向受影響的體育教練及提供私人訓練經營者予以財政援助，以解其燃眉之急。

國際奧委會決心在2021年舉辦東京奧運，我們定將繼續支持我們的運動員，走出「疫」境，並在奧運會舞台上再次發光。

During the year, advertising and promotion strategies were applied in the Facebook Page to communicate with the general public about the Hong Kong Team's results in international competitions and local event updates in an efficient and simple way.

A new official website was launched in the end of 2019, which adopted a brand-new design by containing the original categories and information from the old website but also incorporating improvements in the display so as to introduce a more user-friendly searching operation.

港協暨奧委會一直有效地利用官方網頁、Facebook 專頁以及手機應用程式發佈最新資訊。過去一年，而過去透過社交媒體 Facebook 專頁，再配合相關的廣告推廣策略，更能快捷、簡易地向大眾市民發佈港隊出戰國際賽事的成績以及港協暨奧委會的活動資訊。

此外，港協暨奧委會亦於 2019 年年底推出全新的官方網頁，新網頁採用了嶄新設計，既保留了舊網頁原有的資訊和分類，並改良了展示的方式，務求為大眾帶來新鮮感，更容易於網頁尋找所需的資訊。

ICBC (Asia) contributed large scale outdoor and branch advertisements, while Nissin Foods planned to launch other promotion activities near the Games event.

Directors' Report

Business review

The Federation has recorded a total comprehensive loss of HK\$19.3 million (2019: Total comprehensive loss of HK\$1 million). It was because the Federation recorded losses on fair value change of Designated FVOCI and Financial assets at FVPL of HK\$7.8 million (2019: HK\$1.8 million) and HK\$12.7 million (2019: HK\$0.1 million) respectively during the current year. The biggest risk faced by the Federation remains its reliance on the subvention from the Government of the HKSAR and the commercial sponsorship to fund its principal activities.

The business environment was over-casted by considerable uncertainties from COVID-19 pandemic at the start of 2020 and the Federation's programmes and events were affected to a certain extent. The Federation foresees the challenging environment will be persisted throughout 2020/21. Nevertheless, the Federation will stay focus on its sports development, and firmly believes that all these works to be done will eventually create value for our Members, athletes and the community.

The Federation has complied with the Olympic Charter and all applicable laws and regulations and during the year.

For a more comprehensive review of the Federation's activities during the year, please see the President's message and the review and prospects located in the Annual Report 2019-20.

No equity-linked agreements into which the Federation entered subsisted at any time during the year.

Permitted indemnity provisions

No permitted indemnity provision was in force during the year, or is in force at the date of this report, for the benefit of a then director or a director of the Federation (whether made by the Federation or otherwise).

Auditor

A resolution will be submitted to the annual general meeting to re-appoint Mazars CPA Limited, *Certified Public Accountants*, as auditor of the Federation.

Independent Auditor's Report

To the members of

Sports Federation & Olympic Committee of Hong Kong, China

(incorporated in Hong Kong with liability limited by guarantee and not having a share capital)

Opinion

We have audited the financial statements of Sports Federation & Olympic Committee of Hong Kong, China (the "Federation") set out on pages 6 to 36, which comprise the statement of financial position as at 31 March 2020, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the financial statements give a true and fair view of the financial position of the Federation as at 31 March 2020, and of its financial performance and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA") and have been properly prepared in compliance with the Hong Kong Companies Ordinance.

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are independent of the Federation in accordance with the HKICPA's Code of Ethics for Professional Accountants (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The directors of the Federation are responsible for the other information. The other information comprises the annual report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Independent Auditor's Report

To the members of

Sports Federation & Olympic Committee of Hong Kong, China

(incorporated in Hong Kong with liability limited by guarantee and not having a share capital)

Responsibilities of Directors for the Financial Statements

The directors of the Federation are responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Federation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Federation or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, in accordance with section 405 of the Hong Kong Companies Ordinance, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with HKSAAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Federation's internal control.

Independent Auditor's Report

To the members of

Sports Federation & Olympic Committee of Hong Kong, China

(incorporated in Hong Kong with liability limited by guarantee and not having a share capital)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Federation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Federation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Notes to the Financial Statements

Year ended 31 March 2020

1. CORPORATE INFORMATION

Sports Federation & Olympic Committee of Hong Kong, China (the "Federation") is incorporated in Hong Kong with liability limited by guarantee and not having a share capital. The Federation's registered office is located at 2/F, Olympic House, 1 Stadium Path, So Kon Po, Hong Kong.

Every member of the Federation undertakes that if the Federation is wound up while he/she is a member, or within one year after he/she ceases to be a member, to contribute to the assets of the Federation an amount not exceeding HK\$100.

The principal activities of the Federation are development and promotion of sports in Hong Kong.

2. PRINCIPAL ACCOUNTING POLICIES

Basis of preparation

These financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRSs"), which is a collective term includes all applicable individual Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards ("HKASs") and Interpretations issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA"), accounting principles generally accepted in Hong Kong and the Hong Kong Companies Ordinance (the "Ordinance").

These financial statements have been prepared on a basis consistent with the accounting policies adopted in the 2019 financial statements. Except for HKFRS 16, the adoption of the new / revised HKFRSs that are relevant to the Federation and effective from the current year had no significant effects on the results and financial position of the Federation for the current and prior period. A summary of the principal accounting policies adopted by the Federation is set out below.

Adoption of the new / revised HKFRSs

HKFRS 16: Leases

HKFRS 16 replaces HKAS 17 and related Interpretations for annual periods beginning on or after 1 January 2019. It significantly changes, among others, the lessee accounting by replacing the dual-model under HKAS 17 with a single model which requires a lessee to recognise right-of-use assets and lease liabilities for the rights and obligations created by all leases with a term of more than 12 months, unless the underlying asset is of low value. HKFRS 16 also requires enhanced disclosures to be provided by lessees and lessors.

In accordance with the transitional provisions, the Federation has applied HKFRS 16 for the first time at 1 April 2019 (i.e. the date of initial application, the "DIA") using the modified retrospective approach in which comparative information has not been restated. Instead, the Federation recognised the cumulative effect of initially applying HKFRS 16 as an adjustment to the balance of accumulated losses or other component of equity, where appropriate, at the DIA.

The Federation also elected to use the transition practical expedient not to reassess whether a contract was, or contained, a lease at the DIA and the Federation applied HKFRS 16 only to contracts that were previously identified as leases applying HKAS 17 and to contracts entered into or changed on or after the DIA that are identified as leases applying HKFRS 16.

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Adoption of the new / revised HKFRSs (Continued)

HKFRS 16: Leases (Continued)

As lessee

Before the adoption of HKFRS 16, lease contracts were classified as operating or finance lease in accordance with the Federation's accounting policies applicable prior to the DIA.

Upon adoption of HKFRS 16, the Federation accounted for the leases in accordance with the transition provisions of HKFRS 16 and the Federation's accounting policies applicable from the DIA.

As lessee - leases previously classified as operating leases

The Federation recognised right-of-use assets and lease liabilities for leases previously classified as operating leases at the DIA, except for leases for which the underlying asset is of low value and the lease term ends within 12 months of the DIA.

As the lease outstanding at 31 March 2019 had lease term ending on or before 31 March 2020, no lease liabilities were recognised at 1 April 2019.

A summary of the principal accounting policies adopted by the Federation is set out below.

Basis of measurement

The measurement basis used in the preparation of the financial statements is historical cost, except for Designated FVOCI and financial assets at FVPL, which are measured at fair value as explained in the accounting policies set out below.

Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Repairs and maintenance are charged to profit or loss during the year in which they are incurred.

Depreciation is provided to write off the cost less accumulated impairment losses of property, plant and equipment over their estimated useful lives from the date on which they are available for use and after taking into account their estimated residual values, using the straight-line method at the rates as set out below. Where parts of an item of property, plant and equipment have different useful lives, the cost or valuation of the item is allocated on a reasonable basis and depreciated separately:

Furniture and fixtures	15%
Leasehold improvement	50%
Machinery and equipment	20%
Motor vehicles	20%

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the item) is included in profit or loss in the year in which the item is derecognised.

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Impairment of non-financial assets

At the end of each reporting period, the Federation reviews internal and external sources of information to assess whether there is any indication that its property, plant and equipment may be impaired or impairment loss previously recognised no longer exists or may be reduced. If any such indication exists, the recoverable amount of the asset is estimated, based on the higher of its fair value less costs of disposal and value in use. Where it is not possible to estimate the recoverable amount of an individual asset, the Federation estimates the recoverable amount of the smallest group of assets that generates cash flows independently (i.e. a cash-generating unit).

If the recoverable amount of an asset or a cash-generating unit is estimated to be less than its carrying amount, the carrying amount of the asset or cash-generating unit is reduced to its recoverable amount. Impairment losses are recognised as an expense immediately.

A reversal of impairment loss is limited to the carrying amount of the asset or cash-generating unit that would have been determined had no impairment loss been recognised in prior years. Reversal of impairment loss is recognised as income in profit or loss immediately.

Financial instruments

Financial assets

Recognition and derecognition

Financial assets and financial liabilities are recognised when and only when the Federation becomes a party to the contractual provisions of the instruments and on a trade date basis.

A financial asset is derecognised when and only when (i) the Federation's contractual rights to future cash flows from the financial asset expire or (ii) the Federation transfers the financial asset and either (a) the Federation transfers substantially all the risks and rewards of ownership of the financial asset, or (b) the Federation neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset but it does not retain control of the financial asset.

Classification and measurement

Financial assets (except for trade receivables without a significant financing component) are initially recognised at their fair value plus, in the case of financial assets not carried at FVPL, transaction costs that are directly attributable to the acquisition of the financial assets. Such trade receivables are initially measured at their transaction price.

On initial recognition, a financial asset is classified as (i) measured at amortised cost; (ii) debt investment measured at fair value through other comprehensive income ("Mandatory FVOCI"); (iii) equity investment measured at fair value through other comprehensive income ("Designated FVOCI"); or (iv) measured at fair value through profit or loss ("FVPL").

The classification of financial assets at initial recognition depends on the Federation's business model for managing the financial assets and the financial asset's contractual cash flow characteristics. Financial assets are not reclassified subsequent to their initial recognition unless the Federation changes its business model for managing them, in which case all affected financial assets are reclassified on the first day of the first annual reporting year following the change in the business model (the "reclassification date").

Year ended 31 March 2020

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Financial instruments (Continued)

Financial assets (Continued)

Classification and measurement (Continued)

1) Financial assets measured at amortised cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVPL:

- (i) it is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- (ii) its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest rate method and are subject to impairment. Gains and losses arising from impairment, derecognition or through the amortisation process are recognised in profit or loss.

The Federation's financial assets at amortised cost include receivables, deposits and prepayments and bank balances and cash.

2) Designated FVOCI

Upon initial recognition, the Federation may make an irrevocable election to present subsequent changes in the fair value of an investment in an equity instrument that is neither held for trading nor contingent consideration recognised by an acquirer in a business combination to which HKFRS 3 applies in other comprehensive income. The classification is determined on an instrument-by-instrument basis.

These equity investments are subsequently measured at fair value and are not subject to impairment. Dividends are recognised in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other gains or losses are recognised in other comprehensive income and shall not be subsequently reclassified to profit or loss.

The Federation's financial assets at Designated FVOCI include listed equity securities.

3) Financial assets at FVPL

These investments include financial assets that are not measured at amortised cost or FVOCI, including financial assets held for trading, financial assets designated upon initial recognition as at FVPL, financial assets resulting from a contingent consideration arrangement in a business combination to which HKFRS 3 applies and financial assets that are otherwise required to be measured at FVPL. They are carried at fair value, with any resultant gain and loss recognised in profit or loss, which does not include any dividend or interest earned on the financial assets.

A financial asset is classified as held for trading if it is:

- (i) acquired principally for the purpose of selling it in the near term;
- (ii) part of a portfolio of identified financial instruments that are managed together and for which there is evidence of a recent actual pattern of short-term profit-taking on initial recognition; or
- (iii) a derivative that is not a financial guarantee contract or not a designated and effective hedging instrument.

Notes to the Financial Statements

Year ended 31 March 2020

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Financial instruments (Continued)

Financial assets (Continued)

Classification and measurement (Continued)

3) Financial assets at FVPL (Continued)

Financial assets are designated at initial recognition as at FVPL only if doing so eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise from measuring assets or liabilities or recognising the gains or losses on them on different bases.

The Federation's financial assets at FVPL include multi-assets funds.

Financial liabilities

Recognition and derecognition

Financial liabilities are recognised when and only when the Federation becomes a party to the contractual provisions of the instruments.

A financial liability is derecognised when and only when the liability is extinguished, that is, when the obligation specified in the relevant contract is discharged, cancelled or expires.

Classification and measurement

Financial liabilities are initially recognised at their fair value plus, in the case of financial liabilities not carried at FVPL, transaction costs that are directly by attributable to the issue of the financial liabilities.

The Federation's financial liabilities include account payables and accruals. All financial liabilities are recognised initially at their fair value and subsequently measured at amortised cost, using the effective interest method, unless the effect of discounting would be insignificant, in which case they are stated at cost.

Impairment of financial assets

The Federation recognises loss allowances for expected credit losses ("ECL") on financial assets that are measured at amortised cost to which the impairment requirements apply in accordance with HKFRS 9. Except for the specific treatments as detailed below, at each reporting date, the Federation measures a loss allowance for a financial asset at an amount equal to the lifetime ECL if the credit risk on that financial asset has increased significantly since initial recognition. If the credit risk on a financial asset has not increased significantly since initial recognition, the Company measures the loss allowance for that financial asset at an amount equal to 12-month ECL.

Measurement of ECL

ECL is a probability-weighted estimate of credit losses (i.e. the present value of all cash shortfalls) over the expected life of the financial instrument.

For financial assets, a credit loss is the present value of the difference between the contractual cash flows that are due to an entity under the contract and the cash flows that the entity expects to receive.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of a financial instrument while 12-month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Financial instruments (Continued)

Impairment of financial assets (Continued)

Measurement of ECL (Continued)

Loss allowance is remeasured at each reporting date to reflect changes in the financial instrument's credit risk and loss since initial recognition. The resulting changes in the loss allowance are recognised as an impairment gain or loss in profit or loss with a corresponding adjustment to the carrying amount of the financial instrument.

Definition of default

The Federation considers the following as constituting an event of default for internal credit risk management purposes as historical experience indicates that the Federation may not receive the outstanding contractual amounts in full if the financial instrument that meets any of the following criteria.

- (i) information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Federation, in full (without taking into account any collaterals held by the Federation); or
- (ii) there is a breach of financial covenants by the counterparty.

Assessment of significant increase in credit risk

In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Federation compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Federation considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort. In particular, the following information is taken into account in the assessment:

- the debtor's failure to make payments of principal or interest on the due dates;
- an actual or expected significant deterioration in the financial instrument's external or internal credit rating (if available);
- an actual or expected significant deterioration in the operating results of the debtor; and
- actual or expected changes in the technological, market, economic or legal environment that have or may have a significant adverse effect on the debtor's ability to meet its obligation to the Federation.

Notwithstanding the foregoing, the Federation assumes that the credit risk on a financial instrument has not increased significantly since initial recognition if the financial instrument is determined to have low credit risk at the reporting date.

Low credit risk

Per HKFRS 9, a financial instrument is determined to have low credit risk if:

- (i) it has a low risk of default;
- (ii) the borrower has a strong capacity to meet its contractual cash flow obligations in the near term; and
- (iii) adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations.

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Financial instruments (Continued)

Impairment of financial assets (Continued)

Credit-impaired financial asset

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired include observable data about the following events:

- (a) significant financial difficulty of the issuer or the borrower.
- (b) a breach of contract, such as a default or past due event.
- (c) the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider.
- (d) it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation.
- (e) the disappearance of an active market for that financial asset because of financial difficulties.
- (f) the purchase or origination of a financial asset at a deep discount that reflects the incurred credit losses.

Write-off

The Federation writes off a financial asset when the Federation has no reasonable expectations of recovering the contractual cash flows on a financial asset in its entirety or a portion thereof. However, financial assets that are written off could still be subject to enforcement activities under the Federation's procedures for recovery of amounts due, taking into account legal advice if appropriate. Any subsequent recovery is recognised in profit or loss.

Leases

Applicable from 1 April 2019

The Federation assesses whether a contract is, or contains, a lease at inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

As lessee

The Federation applies the recognition exemption to short-term leases and low-value asset leases. Lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

The Federation has elected not to separate non-lease components from lease components, and accounts for each lease component and any associated non-lease components as a single lease component.

The Federation accounts for each lease component within a lease contract as a lease separately. The Federation allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component.

Amounts payable by the Federation that do not give rise to a separate component are considered to be part of the total consideration that is allocated to the separately identified components of the contract.

The Federation recognises a right-of-use asset and a lease liability at the commencement date of the lease.

Notes to the Financial Statements

Year ended 31 March 2020

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Leases (Continued)

Applicable from 1 April 2019 (Continued)

As lessee (Continued)

The right-of-use asset is initially measured at cost, which comprises

- (a) the amount of the initial measurement of the lease liability;
- (b) any lease payments made at or before the commencement date, less any lease incentives received;
- (c) any initial direct costs incurred by the Federation; and
- (d) an estimate of costs to be incurred by the Federation in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease, unless those costs are incurred to produce inventories.

Subsequently, the right-of-use asset is measured at cost less any accumulated depreciation and any accumulated impairment losses and adjusted for any remeasurement of the lease liability. Depreciation is provided on a straight-line basis over the shorter of the lease term and the estimated useful lives of the right-of-use asset as follows:

Office premises	Over the term of lease
-----------------	------------------------

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date of the contract.

The lease payments included in the measurement of the lease liability comprise the following payments for the right to use the underlying asset during the lease term that are not paid at the commencement date:

- (a) fixed payments (including in-substance fixed payments), less any lease incentives receivable; and
- (b) payments of penalties for terminating the lease, if the lease term reflects the Federation exercising an option to terminate the lease.

The lease payments are discounted using the interest rate implicit in the lease, or where it is not readily determinable, the incremental borrowing rate of the lessee.

Subsequently, the lease liability is measured by increasing the carrying amount to reflect interest on the lease liability and by reducing the carrying amount to reflect the lease payments made.

Applicable before 1 April 2019

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Rentals payable under operating leases are charged to profit or loss on a straight-line basis over the term of the relevant lease.

Cash equivalents

For the purpose of the statement of cash flows, cash equivalents represent short-term highly liquid investments which are readily convertible into known amounts of cash with maturity less than 3 months and which are subject to an insignificant risk of changes in value, net of bank overdrafts. For classification in the statement of financial position, cash equivalents represent assets similar in nature to cash and which are not restricted as to use.

Revenue recognition

Subvention and programme income

Subvention and Sponsorship income are recognised when the Federation's rights to receive payment have been established.

Dividend income

Dividend income from financial assets is recognised when the Federation's rights to receive dividend is established, provided that it is probable that the economic benefits associated with the dividend will flow to the Federation and the amount of the dividend can be measured reliably.

Revenue from contracts with customers within HKFRS 15

The nature of the goods or services provided by the Federation is as follows:

Service A: Drug test service.

Service B: Entry fees for Olympic events and Income from officers and members.

Service C: Licensing income.

Services A and B

Identification of performance obligations

At contract inception, the Federation assesses the goods or services promised in a contract with a customer and identifies as a performance obligation each promise to transfer to the customer either:

- (a) a good or service (or a bundle of goods or services) that is distinct; or
- (b) a series of distinct goods or services that are substantially the same and that have the same pattern of transfer to the customer.

A good or service that is promised to a customer is distinct if both of the following criteria are met:

- (a) the customer can benefit from the good or service either on its own or together with other resources that are readily available to the customer (i.e. the good or service is capable of being distinct); and
- (b) the Federation's promise to transfer the good or service to the customer is separately identifiable from other promises in the contract (i.e. the promise to transfer the good or service is distinct within the context of the contract).

Timing of revenue recognition

Revenue is recognised when (or as) the Federation satisfies a performance obligation by transferring a promised good or service (i.e. an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset.

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Revenue recognition (Continued)

Revenue from contracts with customers within HKFRS 15 (Continued)

Timing of revenue recognition (Continued)

The Federation transfers control of a good or service over time and, therefore, satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

- (a) the customer simultaneously receives and consumes the benefits provided by the Federation's performance as the Federation performs;
- (b) the Federation's performance creates or enhances an asset (for example, work in progress) that the customer controls as the asset is created or enhanced; or
- (c) the Federation's performance does not create an asset with an alternative use to the Federation and the Federation has an enforceable right to payment for performance completed to date.

If a performance obligation is not satisfied over time, the Federation satisfies the performance obligation at a point in time when the customer obtains control of the promised asset. In determining when the transfer of control occurs, the Federation considers the concept of control and such indicators as legal title, physical possession, right to payment, significant risks and rewards of ownership of the asset, and customer acceptance.

Drug Test service is recognised at a point in time when the testing report is issued.

Entry fees for Olympic events and Events income from officers and members are recognised at a point in time when the events conducted successfully for participants.

Service C

Licensing income

The Federation has entered into a number of agreements with licensees under which the Federation grants the licensees rights to use the Federation's intellectual property (being the Olympic emblem of the Federation). In return, the Federation is entitled to fixed annual payments, which are stated in the agreements.

HKFRS 15 requires an entity to determine whether an entity's promise to grant a license is a right to access the entity's intellectual property (with consideration being recognised as revenue over time) or a right to use the entity's intellectual property (with consideration being recognised as revenue at a particular point in time). Based on the specific requirements under HKFRS 15, an entity's promise to grant a license is a right to access the entity's intellectual property when all of the following criteria are met:

- (a) the contract requires, or the customer reasonably expects, that the entity will undertake activities that significantly affect the intellectual property to which the customer has rights;
- (b) the rights granted by the licence directly expose the customer to any positive or negative effects of the entity's activities identified in (a) above; and
- (c) those activities do not result in the transfer of a good or a service to the customer as those activities occur.

Having assessed the terms of the related agreements and the specific facts and circumstances, the directors concluded that all of the abovementioned criteria are satisfied and concluded that the licensing income should be recognised over time.

Revenue recognition (Continued)

Interest income

Interest income from financial assets is recognised using the effective interest method. For financial assets measured at amortised cost that are not credit-impaired, the effective interest rate is applied to the gross carrying amount of the assets while it is applied to the amortised cost (i.e. the gross carrying amount net of loss allowance) in case of credit-impaired financial assets.

Employee benefits

Short term employee benefits

Salaries, annual bonuses, paid annual leave, contributions to defined contribution retirement plans and the cost of non-monetary benefits are accrued in the period in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.

Defined contribution plans

The obligations for contributions to defined contribution retirement scheme are recognised as an expense in profit or loss as incurred. The assets of the scheme are held separately from those of the Federation in an independently administered fund.

Government grants

Government grants are recognised at their fair value where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. When the grant relates to an expense item, it is recognised as income over the years necessary to match the grant on a systematic basis to the costs that it is intended to compensate. Where the grant relates to an asset, the fair value is credited to a deferred income account and is released to profit or loss over the expected useful life of the relevant asset to match the depreciation charge.

Foreign currency translation

The financial statements are presented in the currency of Hong Kong dollars, which is the Federation's functional and presentation currency.

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss.

Foreign exchange gains and losses resulting from the retranslation of non-monetary items carried at fair value are recognised in profit or loss except for those arising on the retranslation of non-monetary items in respect of which gains and losses are recognised directly in equity, in which cases, the gains or losses are also recognised directly in equity.

Taxation

The charge for current income tax is based on the results for the year as adjusted for items that are non-assessable or disallowed. It is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Notes to the Financial Statements

Year ended 31 March 2020

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Taxation (Continued)

Deferred tax is provided, using the liability method, on all temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, any deferred tax arising from initial recognition of goodwill; or other asset or liability in a transaction other than a business combination that at the time of the transaction affects neither the accounting profit nor taxable profit or loss is not recognised.

The deferred tax liabilities and assets are measured at the tax rates that are expected to apply to the year when the asset is recovered or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the end of the reporting period.

Deferred tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences, tax losses and credits can be utilised.

Related parties

A related party is a person or entity that is related to the Federation.

- (a) A person or a close member of that person's family is related to the Federation if that person:
 - (i) has control or joint control over the Federation;

- (c) dependants of that person or that person's spouse or domestic partner.

In the definition of a related party, an associate includes subsidiaries of the associate and a joint venture includes subsidiaries of the joint venture.

Critical accounting estimates and judgements

Estimates and assumptions concerning the future and judgements are made by the management in the preparation of the financial statements. They affect the application of the Federation's accounting policies, reported amounts of assets, liabilities, income and expenses, and disclosures made. They are assessed on an on-going basis and are based on experience and relevant factors, including expectations of future events that are believed to be reasonable under the circumstances. Where appropriate, revisions to accounting estimates are recognised in the period of revision and future periods, in case the revision also affects future periods.

Key sources of estimation uncertainty

Loss allowance for ECL

The Federation's management estimates the loss allowance for amount due from related companies by using various inputs and assumptions including risk of a default and expected loss rate. The estimation involves high degree of uncertainty which is based on the Federation's historical information, existing market conditions as well as forward-looking estimates at the end of each reporting period. Where the expectation is different from the original estimate, such difference will impact the carrying amount of for amount due from related companies. Details of the key assumption and inputs used in estimating ECL are set out in note 2 to the financial statements.

Future changes in HKFRSs

At the date of authorisation of these financial statements, the HKICPA has issued a number of new / revised HKFRSs that are not yet effective for the current year, which the Federation has not early adopted. The directors do not anticipate that the adoption of the new / revised HKFRSs in future periods will have any material impact on the results of the Federation.

24. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The main purpose of these financial instruments is to raise and maintain finance for the Federation's operations. The Board considers that the Federation's exposures to interest rate risk were insignificant at the end of the reporting period, as there were no interest-bearing borrowing and the impact on interest rate changes of bank deposits were not significant. As a result, the main risk associated with these financial assets and financial liabilities are price risk, credit risk and liquidity risk. The Federation does not have written risk management policies and guidelines. However, the Board generally adopts conservative strategies on its risk management and limits the Federation's exposure to these risks to a minimum.

Price risk

The Federation's Designated FVOCI are measured at fair value at the end of each reporting period with reference to the quoted price. Therefore, the Federation is exposed to price risk and the management monitors the price movements and takes appropriate actions when required.

Notes to the Financial Statements

Year ended 31 March 2020

24. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Price risk (Continued)

At the end of the reporting period, if the equity price to the valuation model had been 10% (2019: 10%) higher / lower while all other variables were held constant, the Federation's net (deficit) surplus would have been unaffected since all the equity investments are classified as Designated FVOCI. Investment Revaluation Reserve Fund (deficit) would be decreased / (increased) by HK\$1.75 million (2019: HK\$2.5 million) as a result of changes in fair value of Designated FVOCI.

In addition, the Federation's financial assets FVPL are measured at fair value at the end of each reporting period with reference to the quoted price. Therefore, the Federation is also exposed to price risk in this respect.

Sensitivity analysis:

	Decrease (Increase) in (deficit) and increase (decrease) in net assets of the Federation	
	10%	10%
	increase in	decrease in
	market price	market price
	HK\$	HK\$
As at 31 March 2020	<u>18,725,000</u>	<u>(18,725,000)</u>
	Increase (Decrease) in surplus and net assets of the Federation	
	5%	5%
	increase in	decrease in
	market price	market price
	HK\$	HK\$
As at 31 March 2019	<u>10,000,000</u>	<u>(10,000,000)</u>

The sensitivity analysis has been determined assuming that the reasonably possible changes in the stock market index or other relevant risk variables had occurred at the end of the reporting period and had been applied to the exposure to equity price risk in existence at that date. It is also assumed that the fair values of the Federation's investments would change in accordance with the historical correlation with the relevant stock market index or the relevant stock market index or the relevant risk variables, and that all other variables remain constant. The stated changes represent management's assessment of reasonably possible changes in the relevant stock market index or the relevant risk variables over the period until the next annual end of the reporting period. The analysis is performed on the same basis for 2019.

24. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Credit risk

The credit risk of the Federation is primarily attributable to financial assets at FVPL, receivable and deposits, amounts due from related companies and bank balances and time deposits.

The carrying amount of financial assets recognised on the statement of financial position represents the Federation's exposure to credit risk without taking into account the value of any collateral held or other credit enhancements.

Financial assets at FVPL

The Federation invests only in securities with good credit rating counterparties, as such the risk of default is also considered minimal.

Receivables

The Federation considers that the receivables and deposits have low credit risk based on the borrowers' strong capacity to meet its contractual cash flow obligations in the near term and low risk of default. Impairment on receivables measured on 12-month ECL and reflects the short maturities of the exposures.

In estimating the ECL, the Federation has taken into account the historical actual credit loss experience over the past years and the financial position of the counterparties, adjusted for forward-looking factors that are specific to the debtors and general economic conditions of the industry in which the counterparties operate, in estimating the probability of default of these financial assets, as well as the loss upon default in each case. The management of the Federation considers the ECL of these financial assets to be insignificant after taking into account the financial position and credit quality of the counterparties. There was no change in the estimation techniques or significant assumptions made during the year.

Amounts due from related companies

The Federation considers that the amounts due from related companies have low credit risk based on the borrowers' strong capacity to meet its contractual cash flow obligations in the near term and low risk of default. Impairment on amounts due from related companies are measured on 12-month ECL and reflects the short maturities of the exposures.

24. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Credit risk (Continued)

Amounts due from related companies (Continued)

As at 31 March 2020, the Company recognised loss allowance of HK\$461,582 (2019: Nil) on amount due from a related company. The movement in the loss allowance for the balances during the year is summarised below.

	2020 HK\$	2019 HK\$
At beginning of reporting period	-	-
Increase in allowance	<u>461,582</u>	<u>-</u>
At end of reporting period	<u>461,582</u>	<u>-</u>

Bank balances and time deposits

The Federation considers that the exposure to credit risk arising from bank balances and time deposits are limited because the counterparties are banks with sound credit rating, for which the Federation considers to have low credit risk.

Liquidity risk

The Federation's policy is to regularly monitor current and expected liquidity requirements to ensure that the Federation maintains sufficient reserves of cash and cash equivalents to meet its liquidity requirements in the short and longer term. The Federation's financial liabilities at the end of reporting period based on contractual undiscounted cash flow are all due for payment within one year or on demand.

Fair value measurements

The carrying value of financial instruments are measured at fair value at 31 March 2020 across the three levels of the fair value hierarchy defined in HKFRS 13, *Fair Value Measurement*, with the fair value measurement categorised in its entirety based on the lowest level of input that is significant to the entire measurement. The levels are defined as follows:

- Level 1 (highest level): quoted prices (unadjusted) in active markets for identical assets and liabilities that the Federation can access at the measurement date;
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3 (lowest level): unobservable inputs for the asset or liability.

The fair value of all the Federation's Designated FVOCI and financial assets at FVPL are measured based on Level 1 inputs. During the year ended 31 March 2020, there were no transfers between Level 1 and Level 2 fair value measurements, and no transfers into and out of Level 3 fair value measurements.

25. CAPITAL MANAGEMENT

The objectives of the Federation's capital management are to safeguard its ability to continue as a going concern for its development and promotion of sports objectives. The Federation manages its cumulated funds available and makes adjustments to these funds in light of changes in economic conditions and business strategies. To manage the funds, the Federation may adjust the use of its reserve or raise fund and repay debts.
