PRESIDENT'S MESSAGE 會長序言

The past year has been a very difficult one, as many sports activities and competitions have been cancelled or postponed due to the COVID-19 crisis.

However our sportsmen and sportswomen have rallied to the situation, with involvement with the Olympic Academy, sports seminars, training programmes, fan clubs and of course training for possible inclusion in Olympic and National Games events. In this way we have done our part to ensure that our inclusion in these major events will be as successful as possible.

The credo of the Olympic Movement has always been to be a positive and revitalising force that constantly reaffirms the international message of sportsmanship. In this our athletes and the community are one in overcoming the health crisis, and are able to move forward in the most positive way.

過去一年是非常艱辛的一年，許多體育活動及比賽都因2019新型冠狀病毒病而取消或延期。

然而，我們的運動員透過參與不同的活動保持抖擻，如奧林匹克學院的活動、體育研討會、訓練項目、奧林匹克之友的活動，當然他們還持續訓練，爭取奧運會及全運會的入場資格。我們已做好自己本份，確保能在這些大型賽事佔有席位，並拼盡全力爭勝。

奧運正面積極、奮力圖強的能量一直是全球體育精神的力量泉源。我們的運動員和社會同心同德，共同努力應對疫情危機，只要我們齊心，就能積極邁步向前。

REVIEW & PROSPECTS 回顧與展望

The Year 2020 was a year like none other as the world was confronted with unprecedented challenges and filled with new initiatives. The Tokyo 2020 Olympic Games, the Sanya 2020 Asian Beach Games and Bangkok – Chonburi 2021 Asian Indoor and Martial Arts Games were all postponed. Many international and local international competitions have also been either cancelled or rescheduled. Despite the outbreak of the COVID-19 pandemic, the Federation has stayed on track and continues to develop and promote the Olympic Movement in Hong Kong.

In November 2020, the “SF&OC’s Anti-epidemic Support Scheme”, with a total sum of around HK\$4 million was introduced to provide immediate financial relief to our Member Associations. Apart from the epidemic, internally, with a view to enhancing corporate governance of Member Associations, the Home Affairs Bureau has approved to allocate \$5 million per year for 5 consecutive years (2020-2025) for SF&OC setting up a “Corporate Governance (CG) Team” from 2020 to 2025 to assist Member Associations to find areas of enhancement of corporate governance. Following the formation of CG Team in October 2020, an Independent Steering Committee was then set up to oversee the review of the governance structure and operation of all National Sports Associations (NSAs).

We congratulated Dr. David MONG joining the Olympic Family as Vice-President after the election of Officers at the Annual General Meeting in December 2020. We were glad to confer the position of Honorary Vice-President to the recently retired Vice-President Mr. PUI Kwan Kay.

Above all, 2021 has marked the platinum jubilee of the Federation, we look forward to cheering for the Hong Kong athletes to participate in the Summer & Winter Olympic Games, Asian Games and National Games of China. This will be a time for athletes to shine in all sports. Most importantly, we will continue to work closely with the HKSAR Government and relevant stakeholders to promote sports development in Hong Kong.

在這一年，2019冠狀病毒病肆虐，對體育界是充滿衝擊和挑戰的一年。東京2020奧運會、三亞2020亞洲沙灘運動會和春武里曼谷2021亞洲室內暨武術運動會均延期舉行。儘管全球受到疫情影響，在這段嚴峻的時期，本會仍然緊守崗位，積極推動香港運動發展及推廣奧林匹克精神。

於2020年11月，本會成立了抗疫支援基金，為體育總會提供總數約四百萬元的即時財政支持及紓困。有關本會內務事宜，為了加強各體育總會的機構管治水平，民政事務局在2020至2025年度向本會每年撥備五百萬元，支持本會成立「機構管治小組」(小組)。該小組工作範疇包括檢視各體育總會的行政運作及內部管治機制等。隨著小組在2020年10月成立，獨立督導委員會亦相繼組成。獨立督導委員會的工作範疇包括：監察及督導體育總會機構管治小組的策略及工作路向；監察檢討進度及提出建議和認可檢討報告。

本會在2020年12月舉行的周年大會中，選出了新任副會長蒙德揚博士；我們祝賀蒙博士加入奧林匹克大家庭的同時，亦委任了剛退休的副會長貝鈞奇先生為本會名譽副會長。

2021年標誌本會將成立70周年，我們將繼續與香港特區政府及各體育總會緊密合作，促進體育發展，為運動員的長遠發展提供充足資源，將香港體育界推向另一高峰。同時，香港運動員正積極備戰多項國際和大型地區運動會，包括夏冬季奧運會、亞運會及全國運動會，並預祝香港運動員取得佳績。

On behalf of the Federation, I would like to express our sincere gratitude to the Home Affairs Bureau, the Leisure and Cultural Services Department, and Member Associations, our partners and sponsors for their unfailing support in the past year. I would also like to extend my heartfelt appreciation to the Officers for their selflessness, dedication and staunch support to the Federation in the past year.

Last but not least, I sincerely hope that the pandemic would be brought to an end soon and all citizen life will be normalized.

Ronnie WONG, BBS, JP
Honorary Secretary General
Sports Federation and Olympic Committee of Hong Kong, China

我謹代表本會向各界體育支持者：包括民政事務局、康樂及文化事務署，以及各體育總會會員的大力支持致謝。此外，我亦要特別感謝全體委員過去一年的無私付出、辛勤和努力，令香港體育和本會務穩步發展。

最後，我希望疫情可以早日結束，社會各界能回復正常生活。

Cathay Pacific 2019 Hong Kong Sports Stars Awards 「國泰航空2019年度香港傑出運動員選舉」頒獎典禮

The awardees of the “Cathay Pacific 2019 Hong Kong Sports Stars Awards” were finally revealed at the West Kowloon Cultural District on 10 April 2021. The highlights of the Awards were the crowning of LEE Wai Sze Sarah (Cycling) for the “Best of the Best” Award for the sixth time and KONG Man Wai Vivian (Fencing) winning the newly introduced category of “Hong Kong Sports Stars Breakthrough of the Year Awards”. The awardees list is set out on the table below.

In the HKSSA 2019, SF&OC received a total of 156 nominations from 50 NSAs. Awardees were selected by the accumulated scores of the Judging Panel, the Sports Media and the public. However, due to the COVID-19 pandemic, the Awards Presentation Ceremony originally scheduled in March 2020 has been repeatedly postponed. To avoid further delay in recognizing the achievements of the athletes, SF&OC decided to stage the Ceremony with an innovative conception of combining sports, arts and technology. For the first time the SF&OC invited a team of students from the Department of Information Technology at Hong Kong Institute of Vocational Education (Tuen Mun) to work on integrating the virtual and physical presentation by XR technology. The recorded video has been broadcasted at SF&OC’s Facebook Page, YouTube, different online and outdoor platforms. TV broadcasters also produced the highlight of the Awards Presentation Ceremony of HKSSA at their sports programme. “The ARThletes” Exhibition was also staged in the same occasion to display the art pieces created jointly by local artists and Hong Kong athletes at the venue.

To share the joyful moment of the awardees with the public, a giveaway campaign called “Share the Joy with HKSSA 2019” was launched. A total of 115 participants joined the campaign and five winners were awarded prizes.

「國泰航空2019年度香港傑出運動員選舉」的選舉結果最終於2021年4月10日假西九文化區自由空間舉行的頒獎典禮上公佈。李慧詩(單車)第六次蟬聯，成為「國泰航空星中之星香港傑出運動員」大獎的得主，而新增設的「香港最具特出表現獎」得主江旻德(劍擊)，亦成為頒獎典禮上的亮點。其他得獎名單臚列如下。

今屆選舉共收到50個體育總會共156份提名。經過評審團、傳媒及市民的踴躍投票後，六個選舉項目的得獎者順利選出；但鑑於2019冠狀病毒病於2020年初爆發，原定於2020年3月舉行的頒獎典禮因此多次延期。在疫情稍緩情況下，港協暨奧委會最終決定以一個嶄新方式，舉辦一個結合體育、藝術與科技元素的頒獎典禮。港協暨奧委會首次與香港專業教育學院(屯門)的資訊科技系學生攜手合作，利用延展實境(XR)科技，製作一條現實與虛擬世界交錯的影片作為背景公佈結果，務求將頒獎典禮的精彩環節透過錄影方式呈現於觀眾眼前，錄製的頒獎典禮剪輯影片在港協暨奧委會Facebook專頁、YouTube、多個線上及戶外平台播放，電視台亦有製作頒獎典禮花絮於相關體育節目中播放。活動當日在會場內亦增設「敢動藝術」展覽，展示多件由本地藝術家與香港運動員聯手合作製成的藝術品。

為了令市民大眾有機會透過網絡平台向各位獲獎傑出運動員表達心意，港協暨奧委會更推出「與傑運同歡樂」有獎活動，共115位人士參與，最終五位參加者贏得豐富獎品。

因應2019冠狀病毒病在香港爆發，自2020年4月起多項第63屆體育節典禮及由體育總會分別協辦的實體活動悉數取消。除了數個由體育總會協辦的活動在2020年6至7月能夠成功舉行外，本屆體育節在下半年亦透過不同模式及平台舉辦多項線上及線下活動，鼓勵市民在保持社交距離的前提下，與家人及朋友一起運動，保持身心健康，共同抗疫。

多元化線上活動

本屆體育節透過發佈多張以「枱上的運動會」為主題的照片，設計結合運動元素的經典小遊戲「郁吓啦東南西北」及「鬥『瘦』棋」供市民免費下載，邀請四位體育節大使唐裔盛（帆船）、鄧漢昇（田徑）、馬詠茹（單車）及符妤名（劍擊）以及多位香港著名運動員於社交媒體發佈在家做運動短片，從而推廣「全民運動」的訊息。

學校探訪活動

在疫情舒緩時，四位體育節大使更聯同奧夢成真項目發展副經理黃金寶於2020年10月23日到訪循理會美林小學，與學生一起上體育課，並即席示範多個體能動作及一同玩遊戲，最後更送上「從身出發開學套裝」，鼓勵同學在復課後努力學習之餘，也要多做運動。

2020 Olympic Day Stay Active and BINGO Challenge! 2020 奧運日 運動防疫 BINGO 大挑戰

International Olympic Day is on 23 June every year and forms annual and global celebration activity. Every year, millions of people worldwide of all ages and from all walks of life, participate in sporting, educational and cultural activities, encouraging them to enjoy the benefits from sport. However, the COVID-19 pandemic in 2019 has forced the world into lockdown situations and led to the postponement of the Tokyo 2020 Olympic Games. IOC subsequently launched the #StayStrong, #StayActive, #StayHealthy campaign on 23 June 2020 and gathered the Olympians together by creating the world's first ever on-line 24 hours Olympic workout to celebrate International Olympic Day.

In order to support the IOC and in view of the continued outbreak of the COVID-19, SF&OC has decided to cancel the annual Olympic Day Fun Run usually held in June, but arranged the celebration of 2020 Olympic Day to online activities including the BINGO Challenges on the SF&OC's Facebook Page and an exhibition in shopping malls in October 2020.

BINGO Challenges

Supported by the NSAs and athletes, nine sports-related challenges, including Archery, Athletics, Badminton, Gymnastics, Lacrosse, Netball, Rowing, Softball and Table Tennis were filmed to teach the public how to "play" sports even at home! These challenges jumped outside the box and encouraged members of the public to accept the challenge with equipment at their fingertips. This online campaign received over 4,200 "like" on the Facebook page and ten participants submitted a video for BINGO Challenges to win the prizes.

Olympic Day Exhibition

The Olympic Day exhibition was launched in Tsuen Wan D • Park and Causeway Bay Lee Theatre Plaza from 16 to 31 October 2020 and 16 to 19 October 2020 to introduce the Olympic Movement and the history of Olympic Day in Hong Kong.

為響應國際奧委會的線上活動及由於疫情持續關係，港協暨奧委會取消了原訂於每年6月舉辦的奧運日歡樂跑，並改於10月舉行一系列的活動慶祝2020奧運日，包括在港協暨奧委會Facebook專頁以線上活動形式舉辦BINGO大挑戰及於商場舉辦奧運日展覽。

BINGO 大挑戰

2020 奧運日活動獲得一眾體育總會及運動員的支持，參與體育總會包括射箭、田徑、羽毛球、體操、棍網球、投球、賽艇、壘球及乒乓球，體育總會的運動員身體力行設計出九個與運動有關的挑戰，並拍攝短片與市民一同「玩」運動！趣味挑戰打破框架，利用身邊隨手可得的資源進行挑戰。活動於2020年10月31日正式完結，首次舉辦的線上活動最終在Facebook專頁上獲得超過4,200個讚好，另外更有10位參加者拍攝短片挑戰BINGO Challenges，贏取了豐富禮品。

奧運日展覽 運動新「睇」驗

奧運日展覽於2020年10月16日至31日期間在荃灣愉景新城D • Park以及於2020年10月16日至19日期間在銅鑼灣利舞臺廣場與市民見面，向大眾介紹有關奧林匹克運動及奧運日在香港的歷史。

The “Sports Legacy Scheme” being the HKACEP’s employment and professional training platform, upholds the sportsmanship and athletic spirit in schools with fewer resources and helps retired, or those planning to retire athletes to develop their own careers. The Scheme has expanded its scope of services to cover different areas of the community, including secondary schools, primary schools and enterprises. During the year, the scheme proactively and creatively responded to the coronavirus pandemic by developing online learning materials and digital content to promote sports, and encourage youngsters to stay active and healthy in the face of uncertainty.

「奧夢成真」作為香港運動員就業及教育計劃下的實習及就業平台，持續為體育發展資源匱乏的學校提供全方位支援，並協助準備退役或已退役運動員發展教練事業，服務涵蓋中、小學及企業。本年度內的活動雖受疫情影響而停擺，「奧夢成真」仍積極應對，透過網上教學及電子教材繼續推廣體育，鼓勵市民及學生恆常參與運動，以健康體魄對抗疫情。

The Jockey Club “Flying High” Sports Programme has encouraged students from secondary schools to develop healthy exercise habits by introducing them to sports and the spirit of Olympism. Schools were originally scheduled to participate in athlete sharing, fitness test, sports trial, Olympic sports exhibition, fitness challenge competition and specific sports training. In view of the pandemic, online classes were conducted to encourage the students to continuously learn sports related knowledge, and participate in physical activities in a safer manner. When classes resumed, the scheme coaches offered a low-intensity training programme in accordance with the students’ physical condition and guidelines from Education Bureau, to help students re-acclimate to physical activities in a safe manner.

“Go Play Olympics!”, is fully supported by our strategic partners and sponsors, Lee Hysan Foundation and Chow Tai Fook Charity Foundation, which promote happiness among children and aims to enhance their physical and mental development through sports. A virtual online version of “After School Engagement Programme” has been delivered to beneficiary primary school students to enhance their knowledge in sports. A fitness game video has also been produced by the coaches to encourage students to carry out exercise at home with their families for health benefits and harmonious family relationships.

With regard to the online health promotion, two series of fitness training videos, “Office Workout” and “Check in and Workout”, were filmed in collaboration with Prudential Hong Kong Limited to demonstrate office and outdoor workouts that could be done even during the pandemic.

ANTI-DOPING TESTING AND EDUCATION 運動禁藥管制檢測及教育

The revised 2021 Anti-Doping Rules (the Rules) of SF&OC and Hong Kong Anti-Doping Committee (HKADC) came into effect on 1 January 2021 as scheduled to align with the implementation of 2021 World Anti-Doping Code (the Code). The 2021 Rules were endorsed by the World Anti-Doping Agency (WADA) to ensure the Hong Kong Anti-Doping Programme is in compliance with the requirements of the 2021 Code.

As at 31 March 2021, the HKADC Testing Pools included a total of 325 elite athletes from 32 sports. During the year, HKADC conducted a total of 90 out-of-competition tests with 14 performed overseas; and 1 in-competition test at a local event. A total of 11 pre-games tests were conducted among athletes who represented Hong Kong in the Tokyo 2020 Olympic Games. There was one case of anti-doping rules violation. The case involved a shooting athlete who tested positive. The athlete was sanctioned for 3 months of ineligibility.

港協暨奧委會及香港運動禁藥委員會（禁藥委員會）新修訂之運動禁藥管制規條已於2021年1月1日生效，以配合2021世界運動禁藥法規之同步實施。新修訂規條經世界運動禁藥機構（WADA）認可，確保香港的運動禁藥管制計劃符合2021法規的標準。

截至2021年3月31日，共有325位來自32個運動項目的精英運動員被納入禁藥委員會的藥檢名單。年度內，禁藥委員會共進行了90個賽外藥物檢測，其中14個於海外進行；以及在1個本地賽事進行了1個賽內藥物檢測。此外，在代表香港參加東京2020奧運會的運動員當中，亦進行了11個賽前檢測。年內，禁藥委員會處理了1宗違規個案，涉及被驗出陽性檢測結果的射擊運動員。該名違規運動員因違反運動禁藥管制規條而被處分停賽3個月。

For the Education Programme, HKADC conducted a total of 13 talks and 1 outreach programme for Member Associations and other organizations that encompassed a total of 872 athletes and individuals. In addition, HKADC organized 3 education talks for 154 secondary school students and teachers, and published the quarterly newsletter "TrueSelf". In order to promote "Play True" in the community, HKADC produced a Cantonese version of WADA's "Play True" video for athletes and the public to understand the reasons behind this. HKADC also conducted online education talks, new versions of education pamphlets including one on the "Highlights on the New 2021 Anti-Doping Rules", and a series of animations on revised Anti-Doping Rules Violations (ADRVs) were also published to facilitate stakeholders' understanding of the new Rules, as well as to familiarize them with the specific conduct and circumstances which constitute ADRVs.

教育計劃方面，禁藥委員會為各體育總會及有關機構舉辦了13次運動禁藥管制講座及1次外展教育計劃，總共有872位運動員及有關人士參與。委員會亦為154位中學師生舉辦了3次教育講座；以及定期出版季刊《TrueSelf》。為了在社區推廣「Play True」，委員會亦特別將WADA的「Play True」影片配上廣東話配音及字幕，讓運動員以至普羅大眾都可以了解「Play True」背後的深遠意義。此外，為了幫助持份者了解新修訂規條及構成違反運動禁藥管制規條（違規）的行為及情況，禁藥委員會除了舉辦多場講座外，亦特別製作了新版本的教育小冊子，當中包括「新修訂2021運動禁藥管制規條摘要」，以及新系列的違規動畫。

Directors' Report

Business review

The Federation has recorded a total comprehensive income of HK\$62.1 million (2020: Total comprehensive loss of HK\$19.3 million). It was because the Federation recorded gains on fair value change of Designated FVOCI and Financial assets at FVPL of HK\$0.5 million (2020: loss of HK\$7.8 million) and HK\$60.6 million (2020: loss of HK\$12.7 million) respectively during the current year. The biggest risk faced by the Federation remains its reliance on the subvention from the Government of the HKSAR and the commercial sponsorship to fund its principal activities.

The business environment was over-casted by considerable uncertainties from COVID-19 pandemic at the start of 2020 and the Federation's programmes and events were affected to a certain extent. The Federation foresees the challenging environment will be persisted throughout 2021/22. Nevertheless, the Federation will stay focus on its sports development, and firmly believes that all these works to be done will eventually create value for our Members, athletes and the community.

The Federation has complied with the Olympic Charter and all applicable laws and regulations during the year.

For a more comprehensive review of the Federation's activities during the year, please see the President's message and the review and prospects set out in the Annual Report 2020-21.

No contracts concerning the management and administration of the whole or any substantial part of the business of the Federation were entered into or existed during the year.

No equity-linked agreements into which the Federation entered subsisted at any time during the year.

Permitted indemnity provisions

No permitted indemnity provision was in force during the year, or is in force at the date of this report, for the benefit of a then director or a director of the Federation (whether made by the Federation or otherwise).

Auditor

A resolution will be submitted to the annual general meeting to re-appoint Mazars CPA Limited, *Certified Public Accountants*, as auditor of the Federation.

Independent Auditor's Report

To the members of

Sports Federation & Olympic Committee of Hong Kong, China

(incorporated in Hong Kong with liability limited by guarantee and not having a share capital)

Opinion

We have audited the financial statements of Sports Federation & Olympic Committee of Hong Kong, China (the "Federation") set out on pages 6 to 37, which comprise the statement of financial position as at 31 March 2021, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the financial statements give a true and fair view of the financial position of the Federation as at 31 March 2021, and of its financial performance and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA") and have been properly prepared in compliance with the Hong Kong Companies Ordinance.

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSA") issued by the HKICPA. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are independent of the Federation in accordance with the HKICPA's Code of Ethics for Professional Accountants (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The directors of the Federation are responsible for the other information. The other information comprises the information in the Annual Report 2020-21 of the Federation and the directors' report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Independent Auditor's Report

To the members of

Sports Federation & Olympic Committee of Hong Kong, China

(incorporated in Hong Kong with liability limited by guarantee and not having a share capital)

Responsibilities of Directors for the Financial Statements

The directors of the Federation are responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Federation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Federation or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, in accordance with section 405 of the Hong Kong Companies Ordinance, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Federation's internal control.

Independent Auditor's Report

To the members of

Sports Federation & Olympic Committee of Hong Kong, China

(incorporated in Hong Kong with liability limited by guarantee and not having a share capital)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Federation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Federation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Notes to the Financial Statements

Year ended 31 March 2021

1. CORPORATE INFORMATION

Sports Federation & Olympic Committee of Hong Kong, China (the "Federation") is incorporated in Hong Kong with liability limited by guarantee and not having a share capital. The Federation's registered office is located at 2/F, Olympic House, 1 Stadium Path, So Kon Po, Hong Kong.

Every member of the Federation undertakes that if the Federation is wound up while he/she is a member, or within one year after he/she ceases to be a member, to contribute to the assets of the Federation an amount not exceeding HK\$100.

The principal activities of the Federation are development and promotion of sports in Hong Kong.

2. PRINCIPAL ACCOUNTING POLICIES

Basis of preparation

These financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRSs"), which is a collective term includes all applicable individual Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards ("HKASs") and Interpretations issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA"), accounting principles generally accepted in Hong Kong and the Hong Kong Companies Ordinance (the "Ordinance").

These financial statements have been prepared on a basis consistent with the accounting policies adopted in the 2020 financial statements. The new / revised HKFRSs that are relevant to the Federation and effective from the current year had no significant effects on the results and financial position of the Federation for the current and prior period. A summary of the principal accounting policies adopted by the Federation is set out below.

Basis of measurement

The measurement basis used in the preparation of the financial statements is historical cost, except for Designated FVOCI and financial assets at FVPL, which are measured at fair value as explained in the accounting policies set out below.

Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Repairs and maintenance are charged to profit or loss during the year in which they are incurred.

Depreciation is provided to write off the cost less accumulated impairment losses of property, plant and equipment over their estimated useful lives from the date on which they are available for use and after taking into account their estimated residual values, using the straight-line method at the rates as set out below. Where parts of an item of property, plant and equipment have different useful lives, the cost or valuation of the item is allocated on a reasonable basis and depreciated separately:

Furniture and fixtures	15%
Leasehold improvement	50%
Machinery and equipment	20%
Motor vehicles	20%

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the item) is included in profit or loss in the year in which the item is derecognised.

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Impairment of non-financial assets

At the end of each reporting period, the Federation reviews internal and external sources of information to assess whether there is any indication that its property, plant and equipment may be impaired or impairment loss previously recognised no longer exists or may be reduced. If any such indication exists, the recoverable amount of the asset is estimated, based on the higher of its fair value less costs of disposal and value in use. Where it is not possible to estimate the recoverable amount of an individual asset, the Federation estimates the recoverable amount of the smallest group of assets that generates cash flows independently (i.e. a cash-generating unit).

If the recoverable amount of an asset or a cash-generating unit is estimated to be less than its carrying amount, the carrying amount of the asset or cash-generating unit is reduced to its recoverable amount. Impairment losses are recognised as an expense immediately.

A reversal of impairment loss is limited to the carrying amount of the asset or cash-generating unit that would have been determined had no impairment loss been recognised in prior years. Reversal of impairment loss is recognised as income in profit or loss immediately.

Financial instruments

Financial assets

Recognition and derecognition

Financial assets and financial liabilities are recognised when and only when the Federation becomes a party to the contractual provisions of the instruments and on a trade date basis.

A financial asset is derecognised when and only when (i) the Federation's contractual rights to future cash flows from the financial asset expire or (ii) the Federation transfers the financial asset and either (a) the Federation transfers substantially all the risks and rewards of ownership of the financial asset, or (b) the Federation neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset but it does not retain control of the financial asset.

Classification and measurement

Financial assets (except for trade receivables without a significant financing component) are initially recognised at their fair value plus, in the case of financial assets not carried at FVPL, transaction costs that are directly attributable to the acquisition of the financial assets. Such trade receivables are initially measured at their transaction price.

On initial recognition, a financial asset is classified as (i) measured at amortised cost; (ii) debt investment measured at fair value through other comprehensive income ("Mandatory FVOCI"); (iii) equity investment measured at fair value through other comprehensive income ("Designated FVOCI"); or (iv) measured at fair value through profit or loss ("FVPL").

The classification of financial assets at initial recognition depends on the Federation's business model for managing the financial assets and the financial asset's contractual cash flow characteristics. Financial assets are not reclassified subsequent to their initial recognition unless the Federation changes its business model for managing them, in which case all affected financial assets are reclassified on the first day of the first annual reporting year following the change in the business model (the "reclassification date").

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Financial instruments (Continued)

Financial assets (Continued)

Classification and measurement (Continued)

1) Financial assets measured at amortised cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVPL:

- (i) it is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- (ii) its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest rate method and are subject to impairment. Gains and losses arising from impairment, derecognition or through the amortisation process are recognised in profit or loss.

The Federation's financial assets at amortised cost include receivables, deposits and prepayments and bank balances and cash.

2) Designated FVOCI

Upon initial recognition, the Federation may make an irrevocable election to present subsequent changes in the fair value of an investment in an equity instrument that is neither held for trading nor contingent consideration recognised by an acquirer in a business combination to which HKFRS 3 "Business Combinations" applies in other comprehensive income. The classification is determined on an instrument-by-instrument basis.

These equity investments are subsequently measured at fair value and are not subject to impairment. Dividends are recognised in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other gains or losses are recognised in other comprehensive income and shall not be subsequently reclassified to profit or loss.

The Federation's financial assets at Designated FVOCI include listed equity securities.

3) Financial assets at FVPL

These investments include financial assets that are not measured at amortised cost or FVOCI, including financial assets held for trading, financial assets designated upon initial recognition as at FVPL, financial assets resulting from a contingent consideration arrangement in a business combination to which HKFRS 3 applies and financial assets that are otherwise required to be measured at FVPL. They are carried at fair value, with any resultant gain and loss recognised in profit or loss, which does not include any dividend or interest earned on the financial assets.

A financial asset is classified as held for trading if it is:

- (i) acquired principally for the purpose of selling it in the near term;
 - (ii) part of a portfolio of identified financial instruments that are managed together and for which there is evidence of a recent actual pattern of short-term profit-taking on initial recognition; or
 - (iii) a derivative that is not a financial guarantee contract or not a designated and effective hedging instrument.
-

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Financial instruments (Continued)

Financial assets (Continued)

Classification and measurement (Continued)

3) Financial assets at FVPL (Continued)

Financial assets are designated at initial recognition as at FVPL only if doing so eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise from measuring assets or liabilities or recognising the gains or losses on them on different bases.

The Federation's financial assets at FVPL include multi-assets funds.

Financial liabilities

Recognition and derecognition

Financial liabilities are recognised when and only when the Federation becomes a party to the contractual provisions of the instruments.

A financial liability is derecognised when and only when the liability is extinguished, that is, when the obligation specified in the relevant contract is discharged, cancelled or expires.

Classification and measurement

Financial liabilities are initially recognised at their fair value plus, in the case of financial liabilities not carried at FVPL, transaction costs that are directly attributable to the issue of the financial liabilities.

The Federation's financial liabilities include account payables and accruals. All financial liabilities are recognised initially at their fair value and subsequently measured at amortised cost, using the effective interest method, unless the effect of discounting would be insignificant, in which case they are stated at cost.

Impairment of financial assets

The Federation recognises loss allowances for expected credit losses ("ECL") on financial assets that are measured at amortised cost to which the impairment requirements apply in accordance with HKFRS 9 "Financial Instruments". Except for the specific treatments as detailed below, at each reporting date, the Federation measures a loss allowance for a financial asset at an amount equal to the lifetime ECL if the credit risk on that financial asset has increased significantly since initial recognition. If the credit risk on a financial asset has not increased significantly since initial recognition, the Company measures the loss allowance for that financial asset at an amount equal to 12-month ECL.

Measurement of ECL

ECL is a probability-weighted estimate of credit losses (i.e. the present value of all cash shortfalls) over the expected life of the financial instrument.

For financial assets, a credit loss is the present value of the difference between the contractual cash flows that are due to an entity under the contract and the cash flows that the entity expects to receive.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of a financial instrument while 12-month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

Notes to the Financial Statements

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Financial instruments (Continued)

Impairment of financial assets (Continued)

Measurement of ECL (Continued)

Loss allowance is remeasured at each reporting date to reflect changes in the financial instrument's credit risk and loss since initial recognition. The resulting changes in the loss allowance are recognised as an impairment gain or loss in profit or loss with a corresponding adjustment to the carrying amount of the financial instrument.

Definition of default

The Federation considers the following as constituting an event of default for internal credit risk management purposes as historical experience indicates that the Federation may not receive the outstanding contractual amounts in full if the financial instrument that meets any of the following criteria.

- (i) information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Federation, in full (without taking into account any collaterals held by the Federation); or
- (ii) there is a breach of financial covenants by the counterparty.

Assessment of significant increase in credit risk

In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Federation compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Federation considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort. In particular, the following information is taken into account in the assessment:

- the debtor's failure to make payments of principal or interest on the due dates;
- an actual or expected significant deterioration in the financial instrument's external or internal credit rating (if available);
- an actual or expected significant deterioration in the operating results of the debtor; and
- actual or expected changes in the technological, market, economic or legal environment that have or may have a significant adverse effect on the debtor's ability to meet its obligation to the Federation.

Notwithstanding the foregoing, the Federation assumes that the credit risk on a financial instrument has not increased significantly since initial recognition if the financial instrument is determined to have low credit risk at the reporting date.

Low credit risk

Per HKFRS 9, a financial instrument is determined to have low credit risk if:

- (i) it has a low risk of default;
- (ii) the borrower has a strong capacity to meet its contractual cash flow obligations in the near term; and
- (iii) adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations.

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Financial instruments (Continued)

Impairment of financial assets (Continued)

Credit-impaired financial asset

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired include observable data about the following events:

- (a) significant financial difficulty of the issuer or the borrower.
- (b) a breach of contract, such as a default or past due event.
- (c) the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider.
- (d) it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation.
- (e) the disappearance of an active market for that financial asset because of financial difficulties.
- (f) the purchase or origination of a financial asset at a deep discount that reflects the incurred credit losses.

Write-off

The Federation writes off a financial asset when the Federation has no reasonable expectations of recovering the contractual cash flows on a financial asset in its entirety or a portion thereof. However, financial assets that are written off could still be subject to enforcement activities under the Federation's procedures for recovery of amounts due, taking into account legal advice if appropriate. Any subsequent recovery is recognised in profit or loss.

Leases

The Federation assesses whether a contract is, or contains, a lease at inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

As lessee

The Federation applies the recognition exemption to short-term leases and low-value asset leases. Lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

The Federation has elected not to separate non-lease components from lease components, and accounts for each lease component and any associated non-lease components as a single lease component.

The Federation accounts for each lease component within a lease contract as a lease separately. The Federation allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component.

Amounts payable by the Federation that do not give rise to a separate component are considered to be part of the total consideration that is allocated to the separately identified components of the contract.

The Federation recognises a right-of-use asset and a lease liability at the commencement date of the lease.

Notes to the Financial Statements

Year ended 31 March 2021

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Leases (Continued)

As lessee (Continued)

The right-of-use asset is initially measured at cost, which comprises

- (a) the amount of the initial measurement of the lease liability;
- (b) any lease payments made at or before the commencement date, less any lease incentives received;
- (c) any initial direct costs incurred by the Federation; and
- (d) an estimate of costs to be incurred by the Federation in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease, unless those costs are incurred to produce inventories.

Subsequently, the right-of-use asset is measured at cost less any accumulated depreciation and any accumulated impairment losses and adjusted for any remeasurement of the lease liability. Depreciation is provided on a straight-line basis over the shorter of the lease term and the estimated useful lives of the right-of-use asset as follows:

Office premises	Over the term of lease
-----------------	------------------------

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date of the contract.

The lease payments included in the measurement of the lease liability comprise the following payments for the right to use the underlying asset during the lease term that are not paid at the commencement date:

- (a) fixed payments (including in-substance fixed payments), less any lease incentives receivable; and
- (b) payments of penalties for terminating the lease, if the lease term reflects the Federation exercising an option to terminate the lease.

The lease payments are discounted using the interest rate implicit in the lease, or where it is not readily determinable, the incremental borrowing rate of the lessee.

Subsequently, the lease liability is measured by increasing the carrying amount to reflect interest on the lease liability and by reducing the carrying amount to reflect the lease payments made.

Cash equivalents

For the purpose of the statement of cash flows, cash equivalents represent short-term highly liquid investments which are readily convertible into known amounts of cash with maturity less than 3 months and which are subject to an insignificant risk of changes in value, net of bank overdrafts. For classification in the statement of financial position, cash equivalents represent assets similar in nature to cash and which are not restricted as to use.

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Revenue recognition

Subvention and programme income

Subvention and programme income, including sponsorship income are recognised when the Federation's rights to receive payment have been established and the conditions have been fulfilled.

Dividend income

Dividend income from financial assets is recognised when the Federation's rights to receive dividend is established, provided that it is probable that the economic benefits associated with the dividend will flow to the Federation and the amount of the dividend can be measured reliably.

Revenue from contracts with customers within HKFRS 15

The nature of the goods or services provided by the Federation is as follows:

Service A: Drug test service.

Service B: Entry fees for Olympic events and Income from officers and members.

Service C: Licensing income.

Services A and B

Identification of performance obligations

At contract inception, the Federation assesses the goods or services promised in a contract with a customer and identifies as a performance obligation each promise to transfer to the customer either:

- (a) a good or service (or a bundle of goods or services) that is distinct; or
- (b) a series of distinct goods or services that are substantially the same and that have the same pattern of transfer to the customer.

A good or service that is promised to a customer is distinct if both of the following criteria are met:

- (a) the customer can benefit from the good or service either on its own or together with other resources that are readily available to the customer (i.e. the good or service is capable of being distinct); and
- (b) the Federation's promise to transfer the good or service to the customer is separately identifiable from other promises in the contract (i.e. the promise to transfer the good or service is distinct within the context of the contract).

Timing of revenue recognition

Revenue is recognised when (or as) the Federation satisfies a performance obligation by transferring a promised good or service (i.e. an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset.

The Federation transfers control of a good or service over time and, therefore, satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

- (a) the customer simultaneously receives and consumes the benefits provided by the Federation's performance as the Federation performs;
- (b) the Federation's performance creates or enhances an asset (for example, work in progress) that the customer controls as the asset is created or enhanced; or
- (c) the Federation's performance does not create an asset with an alternative use to the Federation and the Federation has an enforceable right to payment for performance completed to date.

Notes to the Financial Statements

Year ended 31 March 2021

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Revenue recognition (Continued)

Revenue from contracts with customers within HKFRS 15 (Continued)

Timing of revenue recognition (Continued)

If a performance obligation is not satisfied over time, the Federation satisfies the performance obligation at a point in time when the customer obtains control of the promised asset. In determining when the transfer of control occurs, the Federation considers the concept of control and such indicators as legal title, physical possession, right to payment, significant risks and rewards of ownership of the asset, and customer acceptance.

Drug Test service is recognised at a point in time when the testing report is issued.

Entry fees for Olympic events and Events income from officers and members are recognised at a point in time when the events conducted successfully for participants.

Service C

Licensing income

The Federation has entered into a number of agreements with licensees under which the Federation grants the licensees rights to use the Federation's intellectual property (being the Olympic emblem of the Federation). In return, the Federation is entitled to fixed annual payments, which are stated in the agreements.

HKFRS 15 requires an entity to determine whether an entity's promise to grant a license is a right to access the entity's intellectual property (with consideration being recognised as revenue over time) or a right to use the entity's intellectual property (with consideration being recognised as revenue at a particular point in time). Based on the specific requirements under HKFRS 15, an entity's promise to grant a license is a right to access the entity's intellectual property when all of the following criteria are met:

- (a) the contract requires, or the customer reasonably expects, that the entity will undertake activities that significantly affect the intellectual property to which the customer has rights;
- (b) the rights granted by the licence directly expose the customer to any positive or negative effects of the entity's activities identified in (a) above; and
- (c) those activities do not result in the transfer of a good or a service to the customer as those activities occur.

Having assessed the terms of the related agreements and the specific facts and circumstances, the directors concluded that all of the abovementioned criteria are satisfied and concluded that the licensing income should be recognised over time.

Interest income

Interest income from financial assets is recognised using the effective interest method. For financial assets measured at amortised cost that are not credit-impaired, the effective interest rate is applied to the gross carrying amount of the assets while it is applied to the amortised cost (i.e. the gross carrying amount net of loss allowance) in case of credit-impaired financial assets.

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Employee benefits

Short term employee benefits

Salaries, annual bonuses, paid annual leave, contributions to defined contribution retirement plans and the cost of non-monetary benefits are accrued in the period in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.

Defined contribution plans

The obligations for contributions to defined contribution retirement scheme are recognised as an expense in profit or loss as incurred. The assets of the scheme are held separately from those of the Federation in an independently administered fund.

Government grants

Government grants are recognised at their fair value where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. When the grant relates to an expense item, it is recognised as income over the years necessary to match the grant on a systematic basis to the costs that it is intended to compensate. Where the grant relates to an asset, the fair value is credited to a deferred income account and is released to profit or loss over the expected useful life of the relevant asset to match the depreciation charge.

Foreign currency translation

The financial statements are presented in the currency of Hong Kong dollars, which is the Federation's functional and presentation currency.

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss.

Taxation

The charge for current income tax is based on the results for the year as adjusted for items that are non-assessable or disallowed. It is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is provided, using the liability method, on all temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, any deferred tax arising from initial recognition of goodwill; or other asset or liability in a transaction other than a business combination that at the time of the transaction affects neither the accounting profit nor taxable profit or loss is not recognised.

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Taxation (Continued)

The deferred tax liabilities and assets are measured at the tax rates that are expected to apply to the year when the asset is recovered or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the end of the reporting period.

Deferred tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences, tax losses and credits can be utilised.

Key sources of estimation uncertainty

Loss allowance for ECL

The Federation's management estimates the loss allowance for amount due from related companies by using various inputs and assumptions including risk of a default and expected loss rate. The estimation involves high degree of uncertainty which is based on the Federation's historical information, existing market conditions as well as forward-looking estimates at the end of each reporting period. Where the expectation is different from the original estimate, such difference will impact the carrying amount of for amount due from related companies. Details of the key assumption and inputs used in estimating ECL are set out in note 2 to the financial statements.

Future changes in HKFRSs

At the date of authorisation of these financial statements, the HKICPA has issued a number of new / revised HKFRSs that are not yet effective for the current year, which the Federation has not early adopted. 24. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The main purpose of these financial instruments is to raise and maintain finance for the Federation's operations. The Board considers that the Federation's exposures to interest rate risk were insignificant at the end of the reporting period, as there were no interest-bearing borrowing and the impact on interest rate changes of bank deposits were not significant. As a result, the main risk associated with these financial assets and financial liabilities are price risk, credit risk and liquidity risk. The Federation does not have written risk management policies and guidelines. However, the Board generally adopts conservative strategies on its risk management and limits the Federation's exposure to these risks to a minimum.

Price risk

The Federation's Designated FVOCI are measured at fair value at the end of each reporting period with reference to the quoted price. Therefore, the Federation is exposed to price risk and the management monitors the price movements and takes appropriate actions when required.

24. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Price risk (Continued)

At the end of the reporting period, if the equity price to the valuation model had been 10% (2020: 10%) higher / lower while all other variables were held constant, the Federation's net surplus / deficit would have been unaffected since all the equity investments are classified as Designated FVOCI. Investment Revaluation Reserve Fund (non-recycling) deficit would be decreased / (increased) by HK\$1.80 million (2020: HK\$1.75 million) as a result of changes in fair value of Designated FVOCI.

In addition, the Federation's financial assets at FVPL are measured at fair value at the end of each reporting period with reference to the quoted price. Therefore, the Federation is also exposed to price risk in this respect.

Sensitivity analysis:

	Increase (Decrease) in surplus and net assets of the Federation	
	10% increase in market price HK\$	10% decrease in market price HK\$
As at 31 March 2021	<u>24,784,000</u>	<u>(24,784,000)</u>
	Decrease (Increase) in (deficit) and increase (decrease) in net assets of the Federation	
	10% increase in market price HK\$	10% decrease in market price HK\$
As at 31 March 2020	<u>18,725,000</u>	<u>(18,725,000)</u>

The sensitivity analysis has been determined assuming that the reasonably possible changes in the stock market index or other relevant risk variables had occurred at the end of the reporting period and had been applied to the exposure to equity price risk in existence at that date. It is also assumed that the fair values of the Federation's investments would change in accordance with the historical correlation with the relevant stock market index or the relevant stock market index or the relevant risk variables, and that all other variables remain constant. The stated changes represent management's assessment of reasonably possible changes in the relevant stock market index or the relevant risk variables over the period until the next annual end of the reporting period. The analysis is performed on the same basis for 2020.

24. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Credit risk

The credit risk of the Federation is primarily attributable to financial assets at FVPL, receivable and deposits, amounts due from related companies and bank balances and time deposits.

The carrying amount of financial assets recognised on the statement of financial position represents the Federation's exposure to credit risk without taking into account the value of any collateral held or other credit enhancements.

Financial assets at FVPL

The Federation invests only in securities with good credit rating counterparties, as such the risk of default is also considered minimal.

Receivables

The Federation considers that the receivables and deposits have low credit risk based on the borrowers' strong capacity to meet its contractual cash flow obligations in the near term and low risk of default. Impairment on receivables measured on 12-month ECL and reflects the short maturities of the exposures.

In estimating the ECL, the Federation has taken into account the historical actual credit loss experience over the past years and the financial position of the counterparties, adjusted for forward-looking factors that are specific to the debtors and general economic conditions of the industry in which the counterparties operate, in estimating the probability of default of these financial assets, as well as the loss upon default in each case. The management of the Federation considers the ECL of these financial assets to be insignificant after taking into account the financial position and credit quality of the counterparties. There was no change in the estimation techniques or significant assumptions made during the year.

Amounts due from related companies

The Federation considers that the amounts due from related companies have low credit risk based on the borrowers' strong capacity to meet its contractual cash flow obligations in the near term and low risk of default. Impairment on amounts due from related companies are measured on 12-month ECL and reflects the short maturities of the exposures.

24. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Credit risk (Continued)

Amounts due from related companies (Continued)

As at 31 March 2021, the Company did not recognise loss allowance (2020: HK\$461,582) on amount due from a related company. The movement in the loss allowance for the balances during the year is summarised below.

	2021 HK\$	2020 HK\$
At beginning of reporting period	461,582	-
Increase in allowance	-	461,582
Amount written off	<u>(461,582)</u>	<u>-</u>
At end of reporting period	<u>-</u>	<u>461,582</u>

Bank balances and time deposits

The Federation considers that the exposure to credit risk arising from bank balances and time deposits are limited because the counterparties are banks with sound credit rating, for which the Federation considers to have low credit risk.

Liquidity risk

The Federation's policy is to regularly monitor current and expected liquidity requirements to ensure that the Federation maintains sufficient reserves of cash and cash equivalents to meet its liquidity requirements in the short and longer term. The Federation's financial liabilities at the end of reporting period based on contractual undiscounted cash flow are all due for payment within one year or on demand.

Fair value measurements

The carrying value of financial instruments are measured at fair value at 31 March 2021 across the three levels of the fair value hierarchy defined in HKFRS 13, *Fair Value Measurement*, with the fair value measurement categorised in its entirety based on the lowest level of input that is significant to the entire measurement. The levels are defined as follows:

- Level 1 (highest level): quoted prices (unadjusted) in active markets for identical assets and liabilities that the Federation can access at the measurement date;
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3 (lowest level): unobservable inputs for the asset or liability.

The fair value of all the Federation's Designated FVOCI and financial assets at FVPL are measured based on Level 1 inputs. During the year ended 31 March 2021, there were no transfers between Level 1 and Level 2 fair value measurements, and no transfers into and out of Level 3 fair value measurements.

25. CAPITAL MANAGEMENT

The objectives of the Federation's capital management are to safeguard its ability to continue as a going concern for its development and promotion of sports objectives. The Federation manages its cumulated funds available and makes adjustments to these funds in light of changes in economic conditions and business strategies. To manage the funds, the Federation may adjust the use of its reserve or raise fund and repay debts.
