PRESIDENT'S MESSAGE 會長序言

The pandemic years had put large scale sports meets in dormancy or disarray. However, despite the vicissitudes and disappointment, we successfully participated in the Tokyo 2020 Summer Olympics that took place 12 months after the scheduled time, the Beijing Winter Olympics in February 2022, and the National Games of China in Shaanxi which concluded with the torch being passed to the Hong Kong, Macao and Guangdong delta region for 2025. This had acted to vindicate the efforts and resilience we have committed to developing sports, whatever the adversity.

Many years ago, we sent our athletes to attend tournaments mainly in order to acquire experience rather than with any hope of winning. But such a limited aspiration no longer suffices because we can now compete to win as evidenced in 2021. The Tokyo Olympics was our watershed moment as we were represented by champions in fencing, swimming, table tennis, karate and cycling who, on any given day, could match their competitors and contend for medals. Our best is now among the elite.

Our sports development has blossomed and will get better yet as one generation of champions inspires the next, and as the best of our youths accustom themselves to matching up to and beyond the skills of their rivals. We have as a community endured so much pain through these difficult years, but we can be proud and confident in moving forward, by calling on the spirit of champions.

Timothy T. T. FOK, GBS, JP

President

Sports Federation and Olympic Committee of Hong Kong, China

病毒大流行使大型運動會處於停擺或混亂狀態。儘管歷經滄桑和失望，我們還是成功參加了比預定時間延遲了12個月的東京2020夏季奧運會、2月的北京冬季奧運會以及期間的陝西全運會；火炬傳遞到

2025年包辦全運會的香港、澳門和廣東三角州地區。總而言之，這證明了我們在發展體育事業方面所做的努力，無論任何時期遇到逆境，都證明了我們民族的韌性。

許多年前，我們安慰自己，派運動員參加比賽是為了獲得經驗，而不是抱著任何獲勝的希望。但這種有限的願望已不再足夠，因為我們現在可以像2021年那樣獲勝。東京奧運會是我们的分水嶺，我們有了劍擊、游泳、乒乓球、空手道和單車的獎牌代表，他們在任何一天，可以與競爭對手匹敵並爭奪獎牌。現在精英之中我們是最好的。

我們的體育界已經進入了一個蓬勃的階段，並且會變得更好，一代冠軍激勵著下一代，以及優秀的年輕人已經習慣了與他們的對手比賽並擊敗他們。因此，讓我們在自豪和自信中繼續前進。儘管這些年來的艱難歲月，但我們無所畏懼，繼續前進，這就是冠軍的精神。

REVIEW & PROSPECTS 回顧與展望

Over the past year, Hong Kong has continued to suffer from the impact of the COVID-19 pandemic. The Federation has faced unprecedented obstacles and challenges on the postponement of multi-sports Games, sports facilities closures, and social gathering restrictions in the community. Despite all these challenges, the Sports Federation together with all Member Associations has steadily progressed towards achieving our shared goals.

In July 2021, it was blissful to see our Hong Kong's flag bearers Ms. TSE Ying Suet and Mr. CHEUNG Ka Long led the Hong Kong, China Delegation to the Tokyo 2020 Olympic Games. The Delegation had managed to attain six medals, including one Gold, two Silvers and three Bronzes in the five sports events, i.e., fencing, swimming, table tennis, karate and cycling, ranked at 49th in the medal tally, carving a milestone in the history of Hong Kong sport. We were all ecstatic to watch our Hong Kong athletes who fully demonstrated their outstanding achievement at the high caliber international sports events. In mid-January 2022, although the Hong Kong, China Delegation did not bring home any medal in the Beijing 2022 Winter Olympics, they gave their best effort in the competitions, which was admirable!

The Hong Kong Olympic medalist's hard work and sacrifice have paid off with some remarkable achievements, and six new commemorative plaques dedicated to the medalists have been installed in Olympic House. In addition the 3 original plaques in commemoration of Ms. LEE Lai Shan's historic windsurfing gold medal at the Atlanta 1996 Olympic Games, the silver medal by Mr. LI Ching and Mr. KO Lai Chak in the men's doubles in table tennis at the Athens 2004 Olympic Games, and the bronze medal by Ms. Sarah LEE in the Women's Keirin race at the London 2012 Olympic Games, were also refurbished.

Last but not the least, we are sincerely grateful for the effort of the HKSAR Government, Home Affairs Bureau and Leisure and Cultural Services Department in supporting the sports community during the pandemic and the unfailing support from Member Associations, our partners and sponsors in the past year. We would also like to take this opportunity to express my appreciation to our Officers for their time and effort to steer the Federation toward a shared compelling vision and the SF&OC Committee Members for their invaluable contributions and continued support.

Moving forward, the Hangzhou 2022 Asian Games is just around the corner, so let us continue to support the Hong Kong athletes and look forward to seeing future success for the Hong Kong sports community!

剛過去的一年，香港仍然飽受2019冠狀病毒病疫情的衝擊和影響，港協暨奧委會正面對著前所未有的困難和挑戰，包括國際綜合項目運動會延期、體育設施暫停開放，以及本港實施收緊社交距離措施。面對各種挑戰，港協暨奧委會仍然堅持繼續朝著我們共同的目標為團結本地體育總會，推動體育發展穩步前進。

在2021年7月，我們的持旗手謝影雪（羽毛球）及張家朗（劍擊），帶領著中國香港代表團成員進入東京2020奧運會的會場揭開序幕。中國香港代表團取得破紀錄的奧運獎牌數目，包括劍擊、游泳、乒乓球、空手道及場地單車取得一金、兩銀、三銅的驕人成績，在總獎牌榜排行第49，為香港體壇寫下新的里程碑，令香港市民深受鼓舞，冀望本地運動員在國際體壇上締造更佳成績。然而，在2022年1月中旬，在北京2022冬季奧運會，中國香港代表團雖未能奪取獎牌，但他們都能在冬奧這個賽場上努力表現自己，充份發揮崇高的奧林匹克精神，令人敬仰！

為表揚香港奧運得獎運動員多年的努力和貢獻，港協暨奧委會在奧運大樓的奧運獎牌榜上增添了奧運得獎運動員的紀念牌匾。原有的三塊牌匾，包括亞特蘭大1996奧運會滑浪風帆金牌得主李麗珊、雅典2004奧運會乒乓球男子雙人銀牌得主李靜和高禮澤、以及倫敦2012奧運會女子凱琳賽銅牌得主李慧詩的牌匾，亦以新面貌示人。

最後，我們全心全意感謝香港特別行政區政府，特別是民政事務局和康樂及文化事務署的支持。我亦藉此感激本地各體育總會和商界多方面的支持和贊助，與本會共度時艱。與此同時，我也非常多謝全體委員及小組委員過去一年的努力和奉獻，朝著一個共同目標，令會務得以穩步發展，促進香港體育發展。

展望未來，我們會繼續支持香港運動員，為他們加油打氣，希望他們在快將舉行的杭州2022亞運會取得輝煌成績，期待你們為香港體壇增光添彩！

PARTICIPATION IN MULTI-SPORTS GAMES 參與國際綜合項目運動會

Tokyo 2020 Olympic Games / 32nd Olympic Games (Held in 2021) 東京 2020 奧運會／第 32 屆奧林匹克運動會 (於 2021 年舉行)

Hong Kong, China sent a delegation with 46 athletes / alternate athletes, to participate in 13 sports in the Tokyo 2020 Olympic Games (Tokyo 2020). The delegation finally attained a record-breaking number of six medals, including one Gold, two Silvers and three Bronzes in five sports, i.e., fencing, swimming, table tennis, karate and cycling, and ranked 49th in the medal tally, carving a milestone in the history of Hong Kong sport.

The Tokyo 2020 was unprecedented. It was the first ever Olympic Games to be postponed, and the largest international sports events to be held under the prevailing COVID situation.

Another novelty for this Olympic Games was the HKSAR Government allocation of funding through the "Art and Sports Development Fund" to purchase the broadcasting rights for the Olympic Games in Hong Kong for the first time, and secured a consensus from five local licensed TV broadcasters to cooperate in broadcasting the Tokyo 2020 for all Hong Kong citizens to watch for free. Given this opportunity, the people in Hong Kong were able to witness Hong Kong athletes' outstanding achievements and every historical moment.

Games Preparation

The Federation issued circulars to the NSAs regularly to provide the latest information from the Tokyo 2020 Organizing Committee for the Olympic Games (TOGOC), International Olympic Committee (IOC), and various logistic arrangement of the teams in preparation for their participation.

Following our usual practice, after each sport attained the quota for the Olympic Games, so that the appointed Selection Committee could base that selection criteria, in order to review and confirm the nominations put up by the NSAs. The Members of the Selection Committee are set out below:

中國香港代表團派出 46 名運動員／替補運動員參加東京 2020 奧運會 (東奧) 的 13 個運動項目。代表團於其中 5 個項目，包括劍擊、游泳、乒乓、空手道及單車賽事中奪得破紀錄的 6 面獎牌，共獲取 1 金、2 銀、3 銅。在獎牌榜排行第 49，為香港體育創造了另一個里程碑。

東奧是一個不一樣的運動會。這次是首個需要延期的奧運會，亦是於疫情期間依然能順利舉行的最大型體育賽事。

另一個與別不同之處，就是香港特別行政區政府首次透過「藝術及體育發展基金」購買奧運賽事播放版權，促成本地 5 間電視台合作，在香港播放東奧的賽事，讓香港市民免費收看；讓市民有機會觀賞香港運動員傑出的表現及見證各個歷史時刻。

運動會的準備工作

本會定期向各體育總會發放東京奧組委及國際奧委會發出有關準備東奧的最新消息，讓各運動及隊伍可做好準備工作。

根據慣例，各運動項目獲分配奧運名額後，遴選委員會會根據遴選準則審核總會提交的名單。遴選委員會的成員包括：

Outstanding Performances by the Athletes

CHEUNG Ka Long won the first medal and became Hong Kong China's first Olympic fencing gold medalist, beating the pre-match favourite and defending champion Daniele GAROZZO 15-10 in the men's individual foil final.

The victory earned Hong Kong's second-ever Olympic gold medal with CHEUNG following the footsteps of LEE Lai Shan, who won the women's windsurfing competition in Atlanta 1996. It is also the first gold medal after 1997 and the fourth medal for Hong Kong in Olympic history.

Siobhan Bernadette HAUGHEY won the second and third medals for the Delegation in Tokyo, by winning two silver medals in the women's 200m freestyle and the women's 100m freestyle competitions respectively. She had also broken the Asian Record in these two events. This was the first time in Hong Kong's sporting history that an athlete had attained more than one medal at the same Olympic Games.

Team Hong Kong, China won two bronze medals on the same day. The fourth medal for Hong Kong, China was attained by DOO Hoi Kem, LEE Ho Ching and SOO Wai Yam, who overpowered Team Germany 3 - 1 in winning a bronze medal in the table tennis women's team event. This is the second medal in the table tennis event in Hong Kong's Olympic history.

The fifth medal was achieved on the same day by LAU Mo Sheung, Grace, who won a bronze medal in the women's kata event. With the first appearance of the sport and herself in the Olympic Games, LAU created a new record in the history of Hong Kong's sports.

Standing proud on the podium of the women's sprint event on the last day of the Games, LEE Wai Sze won a bronze medal, the second Olympics medal in her career, as well as for the Hong Kong cycling team. LEE had previously clinched bronze in the women's keirin race at London 2012, which was her first appearance in the Olympics. Although she was disappointed in Rio 2016, she trained hard for the past five years. In the women's keirin event in Tokyo, she delivered an outstanding performance, and exploded in the finals of women's sprint to win a bronze medal. This was Hong Kong's sixth and last medal in Tokyo 2020.

Apart from the medalists, rounds of applause should also be go to other Hong Kong athletes who had achieved outstanding results at Tokyo 2020.

運動員傑出的表現

張家朗擊敗意大利的選手在男子個人花劍比賽中為中國香港奪得東奧的第1面獎牌，亦是奧運劍擊的第1面金牌。

這次的勝利亦是自1996年阿特蘭大奧運會，滑浪風帆運動員李麗珊後，香港第2面的奧運金牌。這更是香港回歸後的首面奧運金牌，香港第4面的奧運獎牌。

何詩蓓分別在女子200米自由泳及女子100米自由泳中取得銀牌，為代表團奪得東奧第2及第3面獎牌。她更打破了這兩個項目的亞洲紀錄。這更是香港體育歷史上第一次有泳手於游泳項目中奪得獎牌，並在同一屆奧運中奪得兩面獎牌。

港隊於同一日奪得2面銅牌。東奧的第4面獎牌由乒乓球女子團體代表杜凱琹、李皓晴及蘇慧音以3-1打敗德國代表後奪得銅牌。這是香港歷史上第2面奧運乒乓球的獎牌。

接著的第5面獎牌由空手道運動員劉慕裳在女子個人形中奪得。這是奧運歷史上首次有空手道比賽。劉慕裳第一次參加奧運就奪的銅牌，為香港再創一個新紀錄。

在東奧最後的一個比賽日，李慧詩再一次踏上奧運的頒獎台，在女子爭先賽中奪得銅牌，這是她及香港單車隊的第2面奧運獎牌。2012年倫敦奧運會是李慧詩第一個奧運，她在女子凱林賽中勇奪銅牌。雖然她未能於2016年奧運會中再接再厲，她在往後的5年繼續艱苦訓練。她沒有因為東奧女子凱林賽的成績未如理想而放棄，最終她於女子爭先賽中再次奪得銅牌。這是今屆奧運香港的第6面獎牌，亦是最後一面。

除了這幾位獎牌得主之外，其他香港運動員在今次東奧中亦有優異的表現，值得我們的嘉許。

Conclusion

The COVID-19 countermeasures made the Games difficult, but the support and cheering from the people of Hong Kong gave the athletes tremendous encouragement. Our elite athletes have proven that they have the capability to be placed at the top of the Olympic arena, and some of them have the potential to keep up the good work in the next Olympics. Others have to pass on the legacy to younger athletes to extend the success story. Apart from the next Olympics in Paris in 2024, we are looking ahead to the 15th National Games in 2025 to be jointly hosted by Guangdong – Hong Kong – Macau.

2021 Olympic Day Coloring and Drawing Competition 2021 奧運日 填色及繪畫比賽

International Olympic Day is an annual event to celebrate the establishment of the International Olympic Committee on 23 June 1894 in Paris. In previous years, the Federation organized fun runs and sports activities to celebrate this event and to promote the three pillars of Olympic Day: “Move, Learn and Discover”.

In view of the persistent pandemic situation, the Federation initiated the organization of the first-ever “2021 Olympic Day – Colouring and Drawing Competition” as a celebration activity for the Olympic Day in Hong Kong region. It was believed that it would provide an opportunity for everyone to learn the Olympic Values through the colouring and drawing process, and provided a platform for participants to reflect their understanding of Olympism in their artworks. The Federation was delighted to receive an overwhelming response, receiving nearly 14,000 entries, emphasizing the popularity of the event and the enthusiasm of members of the public to support the Olympic Day.

The Awards Presentation Ceremony of the Competition was successfully held on 24 July 2021 at the Sha Tin New Town Plaza (STNTP) with all winners were invited to attend along with the members of the public. Olympians including Nicholas Edward CHOI (Fencing), Robyn LAMSAM (Swimming), Arthur LI (Swimming), YIP Pui Yin (Badminton), YIU Kit Ching (Athletics) and WONG Kam Po (Cycling) were present to share their Olympic experience.

Following the Ceremony, to recognize the winners and to support the Hong Kong, China Team to the Tokyo 2020 Olympic Games, the Federation also organized the “Outstanding Artworks Exhibition cum Olympic Games Exhibition” from 23 July to 13 August 2021. The winning artworks were displayed together with other Olympic Games related souvenirs at the STNTP and East Point City at Tseung Kwan O. 13 different Olympics Mascots (Miraitowa) were displayed at the two exhibition venues to signify the 13 sports qualified by the Hong Kong, China Delegation at the Games. Throughout the exhibition period, more than 81,000 members of the public visited to show their support.

為紀念國際奧委會 1894 年 6 月 23 日在巴黎成立，國際奧委會將每年的 6 月 23 日定為國際奧運日。過去數年，港協暨奧委會舉辦了各式各樣的活動，向市民大眾推廣奧運日三大支柱，包括掀動、學習和體驗。

有見疫情持續，港協暨奧委會今年首度舉辦「填色及繪畫比賽」迎接奧運日，讓市民大眾無論身處香港任何地方，都可以發揮他們的創意和想像力，藉著填色及繪畫展現心目中的奧林匹克主義。今次比賽分為四個組別，港協暨奧委會合共收到接近 14,000 多份參賽作品，參與熱烈程度令人喜出望外，證明不論男女老幼，都對奧運日充滿熱情和支持。

頒獎典禮於 2021 年 7 月 24 日假沙田新城市廣場順利舉行，所有得獎者均獲邀出席，與市民分享他們的喜悅。在典禮中，多位現役／退役運動員包括崔浩然（劍擊）、伍劭斌（游泳）、李繼賢（游泳）、葉颯延（羽毛球）、姚潔貞（田徑）及黃金寶（單車）亦有出席並與各得獎者交流心得。

頒獎典禮過後，沙田新城市廣場亦搖身一變，成為以奧運為主題的展覽場地，並聯同今次比賽的優秀作品，在東京奧運會舉行期間（7 月 23 日至 8 月 13 日）展出，東奧吉祥物 Miraitowa 亦以 13 個香港運動員有份出戰項目的形象示人，而將軍澳東港城亦有相關展覽。展覽期間，超過 81,000 名市民參與，表達對中國香港代表團參加東京奧運會的支持。

The Judging Panel carefully selected the winners under careful consideration and fair judgement. 評審團在公正嚴格的專業評審下，在各個組別選出優勝作品。

Directors' Report

Business review

The Federation has recorded a total comprehensive loss of HK\$2.2 million (2021: *Total comprehensive income of HK\$62.1 million*) due to a loss on fair value change of financial assets at fair value through profit or loss (FVPL) of HK\$11.5 million (2021: *gain of HK\$60.6 million*) recorded near the year end as a result of the adjustment to the global financial market in the second half of the financial year, compounded by the further negative sentiment arising from the Russo-Ukrainian War. The fair value loss on financial assets represented an adjustment to the book value and did not involve any cash outflow from the Federation.

The Federation has built up a positive net assets of HK\$295 million (2021: *HK\$297.2 million*) and cash balances of HK\$67.4 million (2021: *HK\$61.5 million*) as at the reporting date of 31 March 2022. Together with the subvention from the Government of the HKSAR and the commercial sponsorship, the Directors are of the opinion that the Federation has sufficient liquidity and financial resources to fund its principal activities.

The business environment was over-casted by considerable uncertainties from COVID-19 pandemic at the start of 2020 and the Federation's programmes and events were affected to a certain extent. The Federation foresees the challenging environment will be persisted throughout 2022/23. Nevertheless, the Federation will stay focus on its sports development, and firmly believes that all these works to be done will eventually create value for our Members, athletes and the community.

The Federation has complied with the Olympic Charter and all applicable laws and regulations during the year.

For a more comprehensive review of the Federation's activities during the year, please see the President's message and the review and prospects set out in the Annual Report 2021-22.

Management contracts

No contracts concerning the management and administration of the whole or any substantial part of the business of the Federation were entered into or existed during the year.

Equity-linked agreements

The Federation never enter into any equity-link agreements at anytime during the year.

Permitted indemnity provisions

No permitted indemnity provision was in force during the year, or is in force at the date of this report, for the benefit of a then director or a director of the Federation (whether made by the Federation or otherwise).

Auditor

A resolution will be submitted to the annual general meeting to re-appoint Mazars CPA Limited, *Certified Public Accountants*, as auditor of the Federation.

Independent Auditor's Report

To the members of

Sports Federation & Olympic Committee of Hong Kong, China

(incorporated in Hong Kong with liability limited by guarantee and not having a share capital)

Opinion

We have audited the financial statements of Sports Federation & Olympic Committee of Hong Kong, China (the "Federation") set out on pages 6 to 37, which comprise the statement of financial position as at 31 March 2022, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the financial statements give a true and fair view of the financial position of the Federation as at 31 March 2022, and of its financial performance and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA") and have been properly prepared in compliance with the Companies Ordinance.

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSA") issued by the HKICPA. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are independent of the Federation in accordance with the HKICPA's Code of Ethics for Professional Accountants (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The directors of the Federation are responsible for the other information. The other information comprises the information in the Annual Report 2021-22 of the Federation and the directors' report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Independent Auditor's Report

To the members of

Sports Federation & Olympic Committee of Hong Kong, China

(incorporated in Hong Kong with liability limited by guarantee and not having a share capital)

Responsibilities of Directors for the Financial Statements

The directors of the Federation are responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Federation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Federation or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, in accordance with section 405 of the Companies Ordinance, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Federation's internal control.

Independent Auditor's Report

To the members of

Sports Federation & Olympic Committee of Hong Kong, China

(incorporated in Hong Kong with liability limited by guarantee and not having a share capital)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Federation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Federation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Sports Federation & Olympic Committee of Hong Kong, China

Notes to the Financial Statements

Year ended 31 March 2022

1. CORPORATE INFORMATION

Sports Federation & Olympic Committee of Hong Kong, China (the "Federation") is incorporated in Hong Kong with liability limited by guarantee and not having a share capital. The Federation's registered office is located at 2/F, Olympic House, 1 Stadium Path, So Kon Po, Hong Kong.

Every member of the Federation undertakes that if the Federation is wound up while he/she is a member, or within one year after he/she ceases to be a member, to contribute to the assets of the Federation an amount not exceeding HK\$100.

The principal activities of the Federation are development and promotion of sports in Hong Kong.

2. PRINCIPAL ACCOUNTING POLICIES

Basis of preparation

These financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRSs"), which is a collective term includes all applicable individual Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards ("HKASs") and Interpretations issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA"), accounting principles generally accepted in Hong Kong and the Companies Ordinance (the "Ordinance").

These financial statements have been prepared on a basis consistent with the accounting policies adopted in the 2021 financial statements. The new / revised HKFRSs that are relevant to the Federation and effective from the current year had no significant effects on the results and financial position of the Federation for the current and prior period. A summary of the principal accounting policies adopted by the Federation is set out below.

Basis of measurement

The measurement basis used in the preparation of the financial statements is historical cost, except for Designated FVOCI and financial assets at FVPL, which are measured at fair value as explained in the accounting policies set out below.

Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Repairs and maintenance are charged to profit or loss during the year in which they are incurred.

Depreciation is provided to write off the cost less accumulated impairment losses of property, plant and equipment over their estimated useful lives from the date on which they are available for use and after taking into account their estimated residual values, using the straight-line method at the rates as set out below. Where parts of an item of property, plant and equipment have different useful lives, the cost or valuation of the item is allocated on a reasonable basis and depreciated separately:

Furniture and fixtures	15%
Leasehold improvement	50%
Machinery and equipment	20%
Motor vehicles	20%

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the item) is included in profit or loss in the year in which the item is derecognised.

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Impairment of non-financial assets

At the end of each reporting period, the Federation reviews internal and external sources of information to assess whether there is any indication that its property, plant and equipment may be impaired or impairment loss previously recognised no longer exists or may be reduced. If any such indication exists, the recoverable amount of the asset is estimated, based on the higher of its fair value less costs of disposal and value in use. Where it is not possible to estimate the recoverable amount of an individual asset, the Federation estimates the recoverable amount of the smallest group of assets that generates cash flows independently (i.e. a cash-generating unit).

If the recoverable amount of an asset or a cash-generating unit is estimated to be less than its carrying amount, the carrying amount of the asset or cash-generating unit is reduced to its recoverable amount. Impairment losses are recognised as an expense immediately.

A reversal of impairment loss is limited to the carrying amount of the asset or cash-generating unit that would have been determined had no impairment loss been recognised in prior years. Reversal of impairment loss is recognised as income in profit or loss immediately.

Financial instruments

Financial assets

Recognition and derecognition

Financial assets and financial liabilities are recognised when and only when the Federation becomes a party to the contractual provisions of the instruments and on a trade date basis.

A financial asset is derecognised when and only when (i) the Federation's contractual rights to future cash flows from the financial asset expire or (ii) the Federation transfers the financial asset and either (a) the Federation transfers substantially all the risks and rewards of ownership of the financial asset, or (b) the Federation neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset but it does not retain control of the financial asset.

Classification and measurement

Financial assets (except for trade receivables without a significant financing component) are initially recognised at their fair value plus, in the case of financial assets not carried at FVPL, transaction costs that are directly attributable to the acquisition of the financial assets. Such trade receivables are initially measured at their transaction price.

On initial recognition, a financial asset is classified as (i) measured at amortised cost; (ii) debt investment measured at fair value through other comprehensive income ("Mandatory FVOCI"); (iii) equity investment measured at fair value through other comprehensive income ("Designated FVOCI"); or (iv) measured at fair value through profit or loss ("FVPL").

The classification of financial assets at initial recognition depends on the Federation's business model for managing the financial assets and the financial asset's contractual cash flow characteristics. Financial assets are not reclassified subsequent to their initial recognition unless the Federation changes its business model for managing them, in which case all affected financial assets are reclassified on the first day of the first annual reporting year following the change in the business model (the "reclassification date").

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Financial instruments (Continued)

Financial assets (Continued)

Classification and measurement (Continued)

1) Financial assets measured at amortised cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVPL:

- (i) it is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- (ii) its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest rate method and are subject to impairment. Gains and losses arising from impairment, derecognition or through the amortisation process are recognised in profit or loss.

The Federation's financial assets at amortised cost include receivables, deposits and prepayments and bank balances and cash.

2) Designated FVOCI

Upon initial recognition, the Federation may make an irrevocable election to present subsequent changes in the fair value of an investment in an equity instrument that is neither held for trading nor contingent consideration recognised by an acquirer in a business combination to which HKFRS 3 "Business Combinations" applies in other comprehensive income. The classification is determined on an instrument-by-instrument basis.

These equity investments are subsequently measured at fair value and are not subject to impairment. Dividends are recognised in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other gains or losses are recognised in other comprehensive income and shall not be subsequently reclassified to profit or loss. Upon derecognition, the cumulative gain or loss is transferred directly to accumulated profits or losses.

The Federation's financial assets at Designated FVOCI include listed equity securities.

3) Financial assets at FVPL

These investments include financial assets that are not measured at amortised cost or FVOCI, including financial assets held for trading, financial assets designated upon initial recognition as at FVPL, financial assets resulting from a contingent consideration arrangement in a business combination to which HKFRS 3 applies and financial assets that are otherwise required to be measured at FVPL. They are carried at fair value, with any resultant gain and loss recognised in profit or loss, which does not include any dividend or interest earned on the financial assets.

A financial asset is classified as held for trading if it is:

- (i) acquired principally for the purpose of selling it in the near term;
- (ii) part of a portfolio of identified financial instruments that are managed together and for which there is evidence of a recent actual pattern of short-term profit-taking on initial recognition; or
- (iii) a derivative that is not a financial guarantee contract or not a designated and effective hedging instrument.

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Financial instruments (Continued)

Financial assets (Continued)

Classification and measurement (Continued)

3) Financial assets at FVPL (Continued)

Financial assets are designated at initial recognition as at FVPL only if doing so eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise from measuring assets or liabilities or recognising the gains or losses on them on different bases.

The Federation's financial assets at FVPL include multi-assets funds.

Financial liabilities

Recognition and derecognition

Financial liabilities are recognised when and only when the Federation becomes a party to the contractual provisions of the instruments.

A financial liability is derecognised when and only when the liability is extinguished, that is, when the obligation specified in the relevant contract is discharged, cancelled or expires.

Classification and measurement

Financial liabilities are initially recognised at their fair value plus, in the case of financial liabilities not carried at FVPL, transaction costs that are directly attributable to the issue of the financial liabilities.

The Federation's financial liabilities include account payables and accruals. All financial liabilities are recognised initially at their fair value and subsequently measured at amortised cost, using the effective interest method, unless the effect of discounting would be insignificant, in which case they are stated at cost.

Impairment of financial assets

The Federation recognises loss allowances for expected credit losses ("ECL") on financial assets that are measured at amortised cost to which the impairment requirements apply in accordance with HKFRS 9 "Financial Instruments". Except for the specific treatments as detailed below, at each reporting date, the Federation measures a loss allowance for a financial asset at an amount equal to the lifetime ECL if the credit risk on that financial asset has increased significantly since initial recognition. If the credit risk on a financial asset has not increased significantly since initial recognition, the Federation measures the loss allowance for that financial asset at an amount equal to 12-month ECL.

Measurement of ECL

ECL is a probability-weighted estimate of credit losses (i.e. the present value of all cash shortfalls) over the expected life of the financial instrument.

For financial assets, a credit loss is the present value of the difference between the contractual cash flows that are due to an entity under the contract and the cash flows that the entity expects to receive.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of a financial instrument while 12-month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Financial instruments (Continued)

Impairment of financial assets (Continued)

Measurement of ECL (Continued)

Loss allowance is remeasured at each reporting date to reflect changes in the financial instrument's credit risk and loss since initial recognition. The resulting changes in the loss allowance are recognised as an impairment gain or loss in profit or loss with a corresponding adjustment to the carrying amount of the financial instrument.

Definition of default

The Federation considers the following as constituting an event of default for internal credit risk management purposes as historical experience indicates that the Federation may not receive the outstanding contractual amounts in full if the financial instrument that meets any of the following criteria.

- (i) information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Federation, in full (without taking into account any collaterals held by the Federation); or
- (ii) there is a breach of financial covenants by the counterparty.

Assessment of significant increase in credit risk

In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Federation compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Federation considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort. In particular, the following information is taken into account in the assessment:

- the debtor's failure to make payments of principal or interest on the due dates;
- an actual or expected significant deterioration in the financial instrument's external or internal credit rating (if available);
- an actual or expected significant deterioration in the operating results of the debtor; and
- actual or expected changes in the technological, market, economic or legal environment that have or may have a significant adverse effect on the debtor's ability to meet its obligation to the Federation.

Notwithstanding the foregoing, the Federation assumes that the credit risk on a financial instrument has not increased significantly since initial recognition if the financial instrument is determined to have low credit risk at the reporting date.

Low credit risk

Per HKFRS 9, a financial instrument is determined to have low credit risk if:

- (i) it has a low risk of default;
- (ii) the borrower has a strong capacity to meet its contractual cash flow obligations in the near term; and
- (iii) adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations.

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Financial instruments (Continued)

Impairment of financial assets (Continued)

Credit-impaired financial asset

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired include observable data about the following events:

- (a) significant financial difficulty of the issuer or the borrower.
- (b) a breach of contract, such as a default or past due event.
- (c) the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider.
- (d) it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation.
- (e) the disappearance of an active market for that financial asset because of financial difficulties.
- (f) the purchase or origination of a financial asset at a deep discount that reflects the incurred credit losses.

Write-off

The Federation writes off a financial asset when the Federation has no reasonable expectations of recovering the contractual cash flows on a financial asset in its entirety or a portion thereof. However, financial assets that are written off could still be subject to enforcement activities under the Federation's procedures for recovery of amounts due, taking into account legal advice if appropriate. Any subsequent recovery is recognised in profit or loss.

Leases

The Federation assesses whether a contract is, or contains, a lease at inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

As lessee

The Federation applies the recognition exemption to short-term leases and low-value asset leases. Lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

The Federation has elected not to separate non-lease components from lease components, and accounts for each lease component and any associated non-lease components as a single lease component.

The Federation accounts for each lease component within a lease contract as a lease separately. The Federation allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component.

Amounts payable by the Federation that do not give rise to a separate component are considered to be part of the total consideration that is allocated to the separately identified components of the contract.

The Federation recognises a right-of-use asset and a lease liability at the commencement date of the lease.

Notes to the Financial Statements

Year ended 31 March 2022

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Leases (Continued)

As lessee (Continued)

The right-of-use asset is initially measured at cost, which comprises

- (a) the amount of the initial measurement of the lease liability;
- (b) any lease payments made at or before the commencement date, less any lease incentives received;
- (c) any initial direct costs incurred by the Federation; and
- (d) an estimate of costs to be incurred by the Federation in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease, unless those costs are incurred to produce inventories.

Subsequently, the right-of-use asset is measured at cost less any accumulated depreciation and any accumulated impairment losses and adjusted for any remeasurement of the lease liability. Depreciation is provided on a straight-line basis over the shorter of the lease term and the estimated useful lives of the right-of-use asset as follows:

Office premises	Over the term of lease
-----------------	------------------------

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date of the contract.

The lease payments included in the measurement of the lease liability comprise the following payments for the right to use the underlying asset during the lease term that are not paid at the commencement date:

- (a) fixed payments (including in-substance fixed payments), less any lease incentives receivable; and
- (b) payments of penalties for terminating the lease, if the lease term reflects the Federation exercising an option to terminate the lease.

The lease payments are discounted using the interest rate implicit in the lease, or where it is not readily determinable, the incremental borrowing rate of the lessee.

Subsequently, the lease liability is measured by increasing the carrying amount to reflect interest on the lease liability and by reducing the carrying amount to reflect the lease payments made.

Cash equivalents

For the purpose of the statement of cash flows, cash equivalents represent short-term highly liquid investments which are readily convertible into known amounts of cash with maturity less than 3 months and which are subject to an insignificant risk of changes in value, net of bank overdrafts. For classification in the statement of financial position, cash equivalents represent assets similar in nature to cash and which are not restricted as to use.

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Revenue recognition

Subvention and programme income

Subvention and programme income, including sponsorship income are recognised when the Federation's rights to receive payment have been established and the conditions have been fulfilled.

Dividend income

Dividend income from financial assets is recognised when the Federation's rights to receive dividend is established, provided that it is probable that the economic benefits associated with the dividend will flow to the Federation and the amount of the dividend can be measured reliably.

Revenue from contracts with customers within HKFRS 15

The nature of the goods or services provided by the Federation is as follows:

Service A: Drug test service.

Service B: Entry fees for Olympic events and Income from officers and members.

Service C: Licensing income.

Services A and B

Identification of performance obligations

At contract inception, the Federation assesses the goods or services promised in a contract with a customer and identifies as a performance obligation each promise to transfer to the customer either:

- (a) a good or service (or a bundle of goods or services) that is distinct; or
- (b) a series of distinct goods or services that are substantially the same and that have the same pattern of transfer to the customer.

A good or service that is promised to a customer is distinct if both of the following criteria are met:

- (a) the customer can benefit from the good or service either on its own or together with other resources that are readily available to the customer (i.e. the good or service is capable of being distinct); and
- (b) the Federation's promise to transfer the good or service to the customer is separately identifiable from other promises in the contract (i.e. the promise to transfer the good or service is distinct within the context of the contract).

Timing of revenue recognition

Revenue is recognised when (or as) the Federation satisfies a performance obligation by transferring a promised good or service (i.e. an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset.

The Federation transfers control of a good or service over time and, therefore, satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

- (a) the customer simultaneously receives and consumes the benefits provided by the Federation's performance as the Federation performs;
- (b) the Federation's performance creates or enhances an asset (for example, work in progress) that the customer controls as the asset is created or enhanced; or
- (c) the Federation's performance does not create an asset with an alternative use to the Federation and the Federation has an enforceable right to payment for performance completed to date.

Notes to the Financial Statements

Year ended 31 March 2022

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Revenue recognition (Continued)

Revenue from contracts with customers within HKFRS 15 (Continued)

Timing of revenue recognition (Continued)

If a performance obligation is not satisfied over time, the Federation satisfies the performance obligation at a point in time when the customer obtains control of the promised asset. In determining when the transfer of control occurs, the Federation considers the concept of control and such indicators as legal title, physical possession, right to payment, significant risks and rewards of ownership of the asset, and customer acceptance.

Drug Test service is recognised at a point in time when the testing report is issued.

Entry fees for Olympic events and Events income from officers and members are recognised at a point in time when the events conducted successfully for participants.

Service C

Licensing income

The Federation has entered into a number of agreements with licensees under which the Federation grants the licensees rights to use the Federation's intellectual property (being the Olympic emblem of the Federation). In return, the Federation is entitled to fixed annual payments, which are stated in the agreements.

HKFRS 15 requires an entity to determine whether an entity's promise to grant a license is a right to access the entity's intellectual property (with consideration being recognised as revenue over time) or a right to use the entity's intellectual property (with consideration being recognised as revenue at a particular point in time). Based on the specific requirements under HKFRS 15, an entity's promise to grant a license is a right to access the entity's intellectual property when all of the following criteria are met:

- (a) the contract requires, or the customer reasonably expects, that the entity will undertake activities that significantly affect the intellectual property to which the customer has rights;
- (b) the rights granted by the licence directly expose the customer to any positive or negative effects of the entity's activities identified in (a) above; and
- (c) those activities do not result in the transfer of a good or a service to the customer as those activities occur.

Having assessed the terms of the related agreements and the specific facts and circumstances, the directors concluded that all of the abovementioned criteria are satisfied and concluded that the licensing income should be recognised over time.

Interest income

Interest income from financial assets is recognised using the effective interest method. For financial assets measured at amortised cost that are not credit-impaired, the effective interest rate is applied to the gross carrying amount of the assets while it is applied to the amortised cost (i.e. the gross carrying amount net of loss allowance) in case of credit-impaired financial assets.

Notes to the Financial Statements

Year ended 31 March 2022

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Contract assets

If the Federation granting the license to a customer before the customer pays consideration or before payment is due, the contract is presented as a contract asset, excluding any amounts presented as a receivable. A receivable is the Federation's right to consideration that is unconditional or only the passage of time is required before payment of that consideration is due.

For the business of Service C, in accordance with the standard payment schedules of the Federation, payments are normally not due. However, for such transactions, revenue is recognised over time and therefore, a contract asset is recognised until it becomes a receivable or payments are received. During that period, any significant financing components, if applicable, will be included in the contract asset and recognised as interest income.

Employee benefits

Short term employee benefits

Salaries, annual bonuses, paid annual leave, contributions to defined contribution retirement plans and the cost of non-monetary benefits are accrued in the period in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.

Defined contribution plans

The obligations for contributions to defined contribution retirement scheme are recognised as an expense in profit or loss as incurred. The assets of the scheme are held separately from those of the Federation in an independently administered fund.

Government grants

Government grants are recognised at their fair value where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. When the grant relates to an expense item, it is recognised as income over the years necessary to match the grant on a systematic basis to the costs that it is intended to compensate. Where the grant relates to an asset, the fair value is credited to a deferred income account and is released to profit or loss over the expected useful life of the relevant asset to match the depreciation charge.

Foreign currency translation

The financial statements are presented in the currency of Hong Kong dollars, which is the Federation's functional and presentation currency.

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss.

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Taxation

The charge for current income tax is based on the results for the year as adjusted for items that are non-assessable or disallowed. It is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is provided, using the liability method, on all temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, any deferred tax arising from initial recognition of goodwill; or other asset or liability in a transaction other than a business combination that at the time of the transaction affects neither the accounting profit nor taxable profit or loss is not recognised.

The deferred tax liabilities and assets are measured at the tax rates that are expected to apply to the year when the asset is recovered or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the end of the reporting period.

Deferred tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences, tax losses and credits can be utilised.

Related parties

A related party is a person or entity that is related to the Federation.

- (a) A person or a close member of that person's family is related to the Federation if that person:
 - (i) has control or joint control over the Federation;
 - (ii) has significant influence over the Federation; or
 - (iii) is a member of the key management personnel of the Federation.
- (b) An entity is related to the Federation if any of the following conditions applies:
 - (i) one entity is a subsidiary, an associate or joint venture of the other entity.
 - (ii) the entity is a post-employment benefit plan for the benefit of employees of either the Federation or an entity related to the Federation.
 - (iii) the entity is controlled or jointly controlled by a person identified in (a).
 - (iv) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity.
 - (v) the entity, or any member of a group of which it is a part, provides key management personnel services to the Federation.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity and include:

- (a) that person's children and spouse or domestic partner;
- (b) children of that person's spouse or domestic partner; and
- (c) dependants of that person or that person's spouse or domestic partner.

In the definition of a related party, an associate includes subsidiaries of the associate and a joint venture includes subsidiaries of the joint venture.

Critical accounting estimates and judgements

Estimates and assumptions concerning the future and judgements are made by the management in the preparation of the financial statements. They affect the application of the Federation's accounting policies, reported amounts of assets, liabilities, income and expenses, and disclosures made. They are assessed on an on-going basis and are based on experience and relevant factors, including expectations of future events that are believed to be reasonable under the circumstances. Where appropriate, revisions to accounting estimates are recognised in the period of revision and future periods, in case the revision also affects future periods.

Key sources of estimation uncertainty

Loss allowance for ECL

The Federation's management estimates the loss allowance for amount due from related companies and contract assets by using various inputs and assumptions including risk of a default and expected loss rate. The estimation involves high degree of uncertainty which is based on the Federation's historical information, existing market conditions as well as forward-looking estimates at the end of each reporting period. Where the expectation is different from the original estimate, such difference will impact the carrying amount of for amount due from related companies and contract assets. Details of the key assumption and inputs used in estimating ECL are set out in note 25 to the financial statements.

The directors do not anticipate that the adoption of the new / revised HKFRSs in future periods will have any material impact on the results of the Federation.

26. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The main purpose of these financial instruments is to raise and maintain finance for the Federation's operations. The Board of directors considers that the Federation's exposures to interest rate risk were insignificant at the end of the reporting period, as there were no interest-bearing borrowing and the impact on interest rate changes of bank deposits were not significant. As a result, the main risk associated with these financial assets and financial liabilities are price risk, credit risk and liquidity risk. The Federation does not have written risk management policies and guidelines. However, the Board of directors generally adopts conservative strategies on its risk management and limits the Federation's exposure to these risks to a minimum.

Price risk

The Federation's Designated FVOCI are measured at fair value at the end of each reporting period with reference to the quoted price. Therefore, the Federation is exposed to price risk and the management monitors the price movements and takes appropriate actions when required.

At the end of the reporting period, if the equity price to the valuation model had been 10% (2021: 10%) higher / lower while all other variables were held constant, the Federation's net surplus / deficit would have been unaffected since all the equity investments are classified as Designated FVOCI. Investment Revaluation Reserve Fund (non-recycling) deficit would be decreased / increased by HK\$2.08 million (2021: HK\$1.80 million) as a result of changes in fair value of Designated FVOCI.

In addition, the Federation's financial assets at FVPL are measured at fair value at the end of each reporting period with reference to the quoted price. Therefore, the Federation is also exposed to price risk in this respect.

Notes to the Financial Statements

Year ended 31 March 2022

26. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Price risk (Continued)

Sensitivity analysis:

	Decrease (Increase) in (deficit) and increase (decrease) in net assets of the Federation	
	10% increase in market price HK\$	10% decrease in market price HK\$
As at 31 March 2022	23,634,000	(23,634,000)
	Increase (Decrease) in surplus and net assets of the Federation	
	10% increase in market price HK\$	10% decrease in market price HK\$
As at 31 March 2021	24,784,000	(24,784,000)

The sensitivity analysis has been determined assuming that the reasonably possible changes in the stock market index or other relevant risk variables had occurred at the end of the reporting period and had been applied to the exposure to equity price risk in existence at that date. It is also assumed that the fair values of the Federation's investments would change in accordance with the historical correlation with the relevant stock market index or the relevant stock market index or the relevant risk variables, and that all other variables remain constant. The stated changes represent management's assessment of reasonably possible changes in the relevant stock market index or the relevant risk variables over the period until the next annual end of the reporting period. The analysis is performed on the same basis for 2021.

Credit risk

The credit risk of the Federation is primarily attributable to financial assets at FVPL, receivable and deposits, amounts due from related companies and bank balances and time deposits.

The carrying amount of financial assets recognised on the statement of financial position represents the Federation's exposure to credit risk without taking into account the value of any collateral held or other credit enhancements.

Financial assets at FVPL

The Federation invests only in securities with good credit rating counterparties, as such the risk of default is also considered minimal.

Notes to the Financial Statements

Year ended 31 March 2022

26. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Credit risk (Continued)

Receivables, deposits and contract assets and amounts due from related companies

The Federation considers that the receivables, deposits and contract assets and amounts due from related companies have low credit risk based on the counterparties' strong capacity to meet its contractual cash flow obligations in the near term and low risk of default. Impairment on receivables measured on 12-month ECL and reflects the short maturities of the exposures.

In estimating the ECL of receivables, deposits and contract assets and amounts due from related companies, the Federation has taken into account the historical actual credit loss experience over the past years and the financial position of the counterparties, adjusted for forward-looking factors that are specific to the debtors and general economic conditions of the industry in which the counterparties operate, in estimating the probability of default of these financial assets, as well as the loss upon default in each case. The management of the Federation considers the ECL of these financial assets to be insignificant after taking into account the financial position and credit quality of the counterparties. There was no change in the estimation techniques or significant assumptions made during the year.

Bank balances and time deposits

The Federation considers that the exposure to credit risk arising from bank balances and time deposits are limited because the counterparties are banks with sound credit rating, for which the Federation considers to have low credit risk.

Liquidity risk

The Federation's policy is to regularly monitor current and expected liquidity requirements to ensure that the Federation maintains sufficient reserves of cash and cash equivalents to meet its liquidity requirements in the short and longer term. The Federation's financial liabilities at the end of reporting period based on contractual undiscounted cash flow are all due for payment within one year or on demand.

Fair value measurements

The carrying value of financial instruments are measured at fair value at 31 March 2022 across the three levels of the fair value hierarchy defined in HKFRS 13, *Fair Value Measurement*, with the fair value measurement categorised in its entirety based on the lowest level of input that is significant to the entire measurement. The levels are defined as follows:

- Level 1 (highest level): quoted prices (unadjusted) in active markets for identical assets and liabilities that the Federation can access at the measurement date;
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3 (lowest level): unobservable inputs for the asset or liability.

The fair value of all the Federation's Designated FVOCI and financial assets at FVPL are measured based on Level 1 inputs. During the year ended 31 March 2022, there were no transfers between Level 1 and Level 2 fair value measurements, and no transfers into and out of Level 3 fair value measurements.
