President's Message 會長序言

It is with great pleasure that I reflect on the remarkable achievements of the past year. The year 2023 brought about unexpected challenges as several major international events scheduled for 2022 were postponed to this year. However, amidst these changes, the resilience and determination of our athletes shone brightly.

I am thrilled that our Hong Kong, China athletes made sensational breakthroughs on the world stage in the 2023-2024 season, with the Hangzhou 19th Asian Games standing out as a monumental moment in our athletic history. The dedication and hard work of our athletes, coaches, and support staff were truly inspiring, and their success brought immense pride to our entire community. Furthermore, a local licensed TV broadcaster secured the broadcasting rights of the Asian Games in Hong Kong, ensuring that the community had the opportunity to witness the games at no cost. This access not only celebrated the achievements of our athletes but also united the people of Hong Kong in a shared spirit of sportsmanship and pride.

Looking ahead, we are excited about the opportunities that the future holds. As we continue to navigate the complexities of the sports industry, we remain committed to upholding our values and pursuing excellence in all that we do.

I would like to express my deepest gratitude to the Government of the Hong Kong Special Administrative Region, sponsors and the Olympic Community for their unwavering dedication and belief in our mission. Together, we have achieved great things, and I am confident that the best is yet to come.

Timothy T. T. FOK, GBM, GBS, JP
President
Sports Federation & Olympic Committee of Hong Kong, China

回顧過去一年運動員優秀的表現，我感到十分欣慰。原定於 2022 年舉行的幾個重大國際賽事延期，為 2023 年帶來意想不到的挑戰。儘管面對變化，運動員的韌性和決心不變，更顯大將之風。

中國香港運動員在 2023-2024 年度國際舞台上的突破備受矚目，其中杭州第 19 屆亞運會成為本地體壇歷史的里程碑。運動員、教練和支援團隊付出無數的汗水與努力，表現振奮人心，整個社會為他們的成就感到無比驕傲。此外，本地電視台取得杭州亞運轉播權，讓大眾免費觀看各項重要賽事直播，一同分享運動員的成就和喜悅，同時也散播體育精神和自豪感，凝聚社會團結的力量。

展望未來，我深信機遇多於挑戰。即使面對體育界種種複雜的考驗，我們依然會堅守核心價值，在各方面繼續追求卓越。

最後，我要向香港特別行政區政府、贊助商和奧林匹克大家庭致以萬分謝意，感謝他們堅定不移支持我們的工作，與我們共創佳績，願我們繼續攜手成就更多突破。

Review & Prospect 回顧與展望

2023-2024 was a fruitful year for the local sports community. Our athletes achieved remarkable results in the Hangzhou Asian Games as well as other international and regional competitions, which inspired our young generation so much to pursue their dream step by step. To further promote sports development, the Sports Federation & Olympic Committee of Hong Kong, China (SF&OC) strengthened its connection with National Sports Associations (NSAs), sports organizations and partners over the past year to promote sports to the public through even more diversified activities and channels. SF&OC also enhanced its career and education support for the athletes to better meet their needs.

During the preparation and games periods of the Hangzhou Asian Games and other multi-sports games, SF&OC maintained close communication with our athletes and teams to offer the most appropriate and immediate support, enabling our athletes to compete without worries and remain focus. Meanwhile, we provided instant updates on Team Hong Kong, China to the public via social platforms and produced a series of short-video interviews featuring the athletes' preparations and post-games experiences. These initiatives significantly deepened the public's understanding of our athletes and raised the community's attention to sports.

To enhance the working competitiveness of our athletes after retirement, the Retired Athletes Transformation Programme and Sports Legacy Scheme continued to offer professional support from bringing in subsidies for education, identifying diverse career paths, to exploring the latest opportunity in the marketplace.

To those potential young athletes, SF&OC also provided various exchange opportunities to escalate our athletes' horizon, with initiatives to drive the Youth Sports Exchange Programme in Greater Bay Area that allowed local and Mainland athletes to learn and share amongst themselves, which did in turn enhance their sports skills collectively. Moreover, our athletes would also gain a deeper understanding of our country's overwhelming development.

We believe that good corporate governance is our backbone of development. It is the key to long-term and healthy development of sports. We will continue to maintain close communication with NSAs and stakeholders to uplift the governance level of member associations.

Last but not least, we extend our sincere gratitude to the Government of the Hong Kong Special Administrative Region, NSAs, the sports community and our partners for their long-standing support. I wish the sports sector will continue to grow prosperously and vibrantly in the years to come.

2023-2024 年度是香港體壇豐收的一年，一眾運動員在杭州亞運，以及其他國際和地區賽事均取得佳績，激勵年輕人追夢。為進一步推動體育發展，中國香港體育協會暨奧林匹克委員會在過去一年加強與體育總會、體育機構和合作夥伴的聯繫，透過更多元化的活動和渠道向公眾推廣體育運動，同時加強對運動員就業及教育的支援，全面照顧運動員的需要。

在籌備參與杭州亞運和其他綜合項目運動會，以及在比賽期間，我們一直與運動員和其團隊保持緊密溝通，提供最適切和即時的支援，讓運動員無後顧之憂下專注作賽。同時，我們透過社交平台發放港隊即時資訊，並製作一系列短片，訪問運動員備賽及賽後感受，加深公眾對運動員的認識，提升社會對體育運動的關注度，成效顯著。

為協助香港運動員提升退役後在職場上的競爭力，「退役運動員轉型計劃」和「奧夢成真」計劃繼續為運動員提供專業支援，包括進修資助、開拓多元出路、探索就業機會等。

我們亦積極為有潛質的年輕運動員提供不同的交流機會，增廣見聞，包括大灣區青年運動員交流計劃，讓本地和內地運動員互相學習，共同提升運動技能，同時透過體育認識國家的非凡發展。

良好的機構管治是運動項目長遠而健康發展的關鍵，我們將持續與各體育總會和持分者保持緊密溝通，提升屬會的機構管治水平。

最後，我們衷心感謝香港特別行政區政府、體育總會、體育界和合作夥伴的支持，祝願未來本地體壇繼續蓬勃發展，大放異彩！

During the Ulaanbaatar East Asian Youth Games and Hangzhou Asian Games, SF&OC provided timely updates on, among others, Games results and competition photos, for the first time on its social medial channels. A number of videos featuring interviews with athletes before and after the Games were also produced and published. The engagement rates and number of views of these contents were seen to spike across all channels, achieving the goal of enhancing public understanding of athletes' stories and raising public awareness of the Games.

In the next financial year, SF&OC will launch an official WhatsApp channel, with an aim to disseminate information through a variety of channels to reach and connect with a wider audience.

本年度，港協暨奧委會繼續善用社交媒體，透過 Facebook、Instagram 及 YouTube 官方帳號向公眾發布訊息，包括港協暨奧委會活動，以及港隊參與綜合項目運動會的最新資訊。在烏蘭巴托東亞青年運動會及杭州亞運會，港協暨奧委會首次透過社交媒體發放港隊實時資訊，例如賽果、賽事精華照片等，並製作一系列短片，訪問運動員備賽及賽後感受。各平台的互動率或觀看次數均明顯上升，加深公眾對運動員的認識，並提升社會對運動會的關注度，成效顯著。

於下一年度，港協暨奧委會開設官方 WhatsApp 頻道，透過更多渠道發放資訊，以期觸及更廣泛的公眾。

Business review

The Federation recorded a total comprehensive income of HK\$14.2 million for the year (2023: total comprehensive loss of HK\$13.0 million) mainly due to the gains on fair value change of financial assets at fair value through profit or loss (FVPL) of HK\$6.8 million (2023: loss of HK\$13 million) and designated fair value through other comprehensive income (FVOCI) of HK\$1.6 million (2023: loss of HK\$1.5 million) respectively during the current year.

Together with the subvention from the Government of the HKSAR and the commercial sponsorship, the Directors are of the opinion that the Federation has sufficient liquidity and financial resources to fund its principal activities.

Opinion

We have audited the financial statements of Sports Federation & Olympic Committee of Hong Kong, China (the "Federation") set out on pages 6 to 39, which comprise the statement of financial position as at 31 March 2024, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the financial statements give a true and fair view of the financial position of the Federation as at 31 March 2024, and of its financial performance and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA") and have been properly prepared in compliance with the Companies Ordinance.

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are independent of the Federation in accordance with the HKICPA's Code of Ethics for Professional Accountants (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The directors of the Federation are responsible for the other information. The other information comprises the information included in the **Annual Report 2023-24** of the Federation and the directors' report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Independent Auditor's Report

To the members of

Sports Federation & Olympic Committee of Hong Kong, China

(incorporated in Hong Kong with liability limited by guarantee and not having a share capital)

Responsibilities of Directors for the Financial Statements

The directors of the Federation are responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Federation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Federation or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, in accordance with section 405 of the Companies Ordinance, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with HKSAAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Federation's internal control.

Independent Auditor's Report

To the members of

Sports Federation & Olympic Committee of Hong Kong, China

(incorporated in Hong Kong with liability limited by guarantee and not having a share capital)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Federation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Federation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Notes to the Financial Statements

Year ended 31 March 2024

1. CORPORATE INFORMATION

Sports Federation & Olympic Committee of Hong Kong, China (the "Federation") is incorporated in Hong Kong with liability limited by guarantee and not having a share capital. The Federation's registered office is located at 2/F, Olympic House, 1 Stadium Path, So Kon Po, Hong Kong.

Every member of the Federation undertakes that if the Federation is wound up while he/she is a member, or within one year after he/she ceases to be a member, to contribute to the assets of the Federation an amount not exceeding HK\$100.

The principal activities of the Federation are development and promotion of sports in Hong Kong.

2. PRINCIPAL ACCOUNTING POLICIES

Basis of preparation

These financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRSs"), which is a collective term includes all applicable individual Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards ("HKASs") and Interpretations issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA"), accounting principles generally accepted in Hong Kong and the Companies Ordinance.

These financial statements have been prepared on a basis consistent with the accounting policies adopted in the 2023 financial statements. The adoption of the following new / revised HKFRSs that are relevant to the Federation and effective from the current year had no significant effects on the results and financial position of the Federation for the current and prior period.

Adoption of new / revised HKFRSs

The Group has applied, for the first time, the following new and amendments to HKFRSs that are relevant to the Federation:

| | |
|-----------------------|--|
| Amendments to HKAS 1 | Disclosure of Accounting Policies |
| Amendments to HKAS 8 | Definition of Accounting Estimates |
| Amendments to HKAS 12 | Deferred Tax related to Assets and Liabilities arising from a Single Transaction |

Amendments to HKAS 1: Disclosure of Accounting Policies

The amendments require companies to disclose their material accounting policy information rather than their significant accounting policies.

The amendments have no effect on the measurement, recognition or presentation of any items in the consolidated financial statements. Management has reviewed the disclosure of accounting policy information and considered it is consistent with the amendments.

Amendments to HKAS 8: Definition of Accounting Estimates

The amendments clarify how companies should distinguish changes in accounting policies from changes in accounting estimates.

The adoption of the amendments does not have any significant impact on the financial statements.

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Adoption of new / revised HKFRSs (Continued)

Amendments to HKAS 12: Deferred Tax related to Assets and Liabilities arising from a Single Transaction

The amendments narrow the scope of the recognition exemption in paragraphs 15 and 24 of HKAS 12 so that it no longer applies to transactions that, on recognition, give rise to equal taxable and deductible temporary differences.

The adoption of the amendments does not have any significant impact on the financial statements.

A summary of the principal accounting policies adopted by the Federation is set out below.

Basis of measurement

The measurement basis used in the preparation of the financial statements is historical cost, except for Designated FVOCI and financial assets at FVPL, which are measured at fair value as explained in the accounting policies set out below.

Discontinued operation

A discontinued operation is a component of the Federation that comprises operations and cash flows that can be clearly distinguished, operationally and for financial reporting purposes, from the rest of the Federation. It represents a separate major line of business to dispose of a separate major line of business. Classification as a discontinued operation occurs upon disposal or when the operation meets the criteria to be classified as held for sale, if earlier. It also occurs when the operation is abandoned.

Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Repairs and maintenance are charged to profit or loss during the year in which they are incurred.

Depreciation is provided to write off the cost less accumulated impairment losses of property, plant and equipment over their estimated useful lives from the date on which they are available for use and after taking into account their estimated residual values, using the straight-line method at the rates as set out below. Where parts of an item of property, plant and equipment have different useful lives, the cost or valuation of the item is allocated on a reasonable basis and depreciated separately:

| | |
|-------------------------|-----|
| Furniture and fixtures | 15% |
| Leasehold improvement | 50% |
| Machinery and equipment | 20% |
| Motor vehicles | 20% |

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the item) is included in profit or loss in the year in which the item is derecognised.

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Impairment of non-financial assets

At the end of each reporting period, the Federation reviews internal and external sources of information to assess whether there is any indication that its property, plant and equipment and right-of-use assets may be impaired or impairment loss previously recognised no longer exists or may be reduced. If any such indication exists, the recoverable amount of the asset is estimated, based on the higher of its fair value less costs of disposal and value in use. Where it is not possible to estimate the recoverable amount of an individual asset, the Federation estimates the recoverable amount of the smallest group of assets that generates cash flows independently (i.e. a cash-generating unit).

If the recoverable amount of an asset or a cash-generating unit is estimated to be less than its carrying amount, the carrying amount of the asset or cash-generating unit is reduced to its recoverable amount. Impairment losses are recognised as an expense immediately.

A reversal of impairment loss is limited to the carrying amount of the asset or cash-generating unit that would have been determined had no impairment loss been recognised in prior years. Reversal of impairment loss is recognised as income in profit or loss immediately.

Financial instruments

Financial assets

Recognition and derecognition

Financial assets and financial liabilities are recognised when and only when the Federation becomes a party to the contractual provisions of the instruments and on a trade date basis.

A financial asset is derecognised when and only when (i) the Federation's contractual rights to future cash flows from the financial asset expire or (ii) the Federation transfers the financial asset and either (a) the Federation transfers substantially all the risks and rewards of ownership of the financial asset, or (b) the Federation neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset but it does not retain control of the financial asset.

Classification and measurement

Financial assets (except for trade receivables without a significant financing component) are initially recognised at their fair value plus, in the case of financial assets not carried at FVPL, transaction costs that are directly attributable to the acquisition of the financial assets. Such trade receivables are initially measured at their transaction price.

On initial recognition, a financial asset is classified as (i) measured at amortised cost; (ii) debt investment measured at fair value through other comprehensive income ("Mandatory FVOCI"); (iii) equity investment measured at fair value through other comprehensive income ("Designated FVOCI"); or (iv) measured at fair value through profit or loss ("FVPL").

The classification of financial assets at initial recognition depends on the Federation's business model for managing the financial assets and the financial asset's contractual cash flow characteristics. Financial assets are not reclassified subsequent to their initial recognition unless the Federation changes its business model for managing them, in which case all affected financial assets are reclassified on the first day of the first annual reporting year following the change in the business model (the "reclassification date").

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Financial instruments (Continued)

Financial assets (Continued)

Classification and measurement (Continued)

1) Financial assets measured at amortised cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVPL:

- (i) it is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- (ii) its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest rate method and are subject to impairment. Gains and losses arising from impairment, derecognition or through the amortisation process are recognised in profit or loss.

The Federation's financial assets at amortised cost include receivables, deposits and prepayments, amount due from a related company and bank balances and cash.

2) Designated FVOCI

Upon initial recognition, the Federation may make an irrevocable election to present subsequent changes in the fair value of an investment in an equity instrument that is neither held for trading nor contingent consideration recognised by an acquirer in a business combination to which HKFRS 3 "Business Combinations" applies in other comprehensive income. The classification is determined on an instrument-by-instrument basis.

These equity investments are subsequently measured at fair value and are not subject to impairment. Dividends are recognised in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other gains or losses are recognised in other comprehensive income and shall not be subsequently reclassified to profit or loss. Upon derecognition, the cumulative gain or loss is transferred directly to accumulated profits or losses.

The Federation's financial assets at Designated FVOCI include listed equity securities.

3) Financial assets at FVPL

These investments include financial assets that are not measured at amortised cost or FVOCI, including financial assets held for trading, financial assets designated upon initial recognition as at FVPL, financial assets resulting from a contingent consideration arrangement in a business combination to which HKFRS 3 applies and financial assets that are otherwise required to be measured at FVPL. They are carried at fair value, with any resultant gain and loss recognised in profit or loss, which does not include any dividend or interest earned on the financial assets.

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Financial instruments (Continued)

Financial assets (Continued)

Classification and measurement (Continued)

3) Financial assets at FVPL (Continued)

A financial asset is classified as held for trading if it is:

- (i) acquired principally for the purpose of selling it in the near term;
- (ii) part of a portfolio of identified financial instruments that are managed together and for which there is evidence of a recent actual pattern of short-term profit-taking on initial recognition; or
- (iii) a derivative that is not a financial guarantee contract or not a designated and effective hedging instrument.

Financial assets are designated at initial recognition as at FVPL only if doing so eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise from measuring assets or liabilities or recognising the gains or losses on them on different bases.

The Federation's financial assets at FVPL include multi-assets funds.

Financial liabilities

Recognition and derecognition

Financial liabilities are recognised when and only when the Federation becomes a party to the contractual provisions of the instruments.

A financial liability is derecognised when and only when the liability is extinguished, that is, when the obligation specified in the relevant contract is discharged, cancelled or expires.

Classification and measurement

Financial liabilities are initially recognised at their fair value plus, in the case of financial liabilities not carried at FVPL, transaction costs that are directly attributable to the issue of the financial liabilities.

The Federation's financial liabilities include account payables and accruals, advance subvention and sponsorship, amount due to a related company and deposit received. All financial liabilities are recognised initially at their fair value and subsequently measured at amortised cost, using the effective interest method, unless the effect of discounting would be insignificant, in which case they are stated at cost.

Impairment of financial assets

The Federation recognises loss allowances for expected credit losses ("ECL") on financial assets that are measured at amortised cost to which the impairment requirements apply in accordance with HKFRS 9 "Financial Instruments". Except for the specific treatments as detailed below, at each reporting date, the Federation measures a loss allowance for a financial asset at an amount equal to the lifetime ECL if the credit risk on that financial asset has increased significantly since initial recognition. If the credit risk on a financial asset has not increased significantly since initial recognition, the Federation measures the loss allowance for that financial asset at an amount equal to 12-month ECL.

Notes to the Financial Statements

Year ended 31 March 2024

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Financial instruments (Continued)

Impairment of financial assets (Continued)

Measurement of ECL

ECL is a probability-weighted estimate of credit losses (i.e. the present value of all cash shortfalls) over the expected life of the financial instrument.

For financial assets, a credit loss is the present value of the difference between the contractual cash flows that are due to an entity under the contract and the cash flows that the entity expects to receive.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of a financial instrument while 12-month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

Loss allowance is remeasured at each reporting date to reflect changes in the financial instrument's credit risk and loss since initial recognition. The resulting changes in the loss allowance are recognised as an impairment gain or loss in profit or loss with a corresponding adjustment to the carrying amount of the financial instrument.

Definition of default

The Federation considers the following as constituting an event of default for internal credit risk management purposes as historical experience indicates that the Federation may not receive the outstanding contractual amounts in full if the financial instrument that meets any of the following criteria.

- (i) information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Federation, in full (without taking into account any collaterals held by the Federation); or
- (ii) there is a breach of financial covenants by the counterparty.

Assessment of significant increase in credit risk

In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Federation compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Federation considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort. In particular, the following information is taken into account in the assessment:

- the debtor's failure to make payments of principal or interest on the due dates;
- an actual or expected significant deterioration in the financial instrument's external or internal credit rating (if available);
- an actual or expected significant deterioration in the operating results of the debtor; and
- actual or expected changes in the technological, market, economic or legal environment that have or may have a significant adverse effect on the debtor's ability to meet its obligation to the Federation.

Notwithstanding the foregoing, the Federation assumes that the credit risk on a financial instrument has not increased significantly since initial recognition if the financial instrument is determined to have low credit risk at the reporting date.

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Financial instruments (Continued)

Impairment of financial assets (Continued)

Low credit risk

Per HKFRS 9, a financial instrument is determined to have low credit risk if:

- (i) it has a low risk of default;
- (ii) the borrower has a strong capacity to meet its contractual cash flow obligations in the near term; and
- (iii) adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations.

Credit-impaired financial asset

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired include observable data about the following events:

- (a) significant financial difficulty of the issuer or the borrower.
- (b) a breach of contract, such as a default or past due event.
- (c) the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider.
- (d) it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation.
- (e) the disappearance of an active market for that financial asset because of financial difficulties.
- (f) the purchase or origination of a financial asset at a deep discount that reflects the incurred credit losses.

Write-off

The Federation writes off a financial asset when the Federation has no reasonable expectations of recovering the contractual cash flows on a financial asset in its entirety or a portion thereof. However, financial assets that are written off could still be subject to enforcement activities under the Federation's procedures for recovery of amounts due, taking into account legal advice if appropriate. Any subsequent recovery is recognised in profit or loss.

Leases

The Federation assesses whether a contract is, or contains, a lease at inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

As lessee

The Federation applies the recognition exemption to short-term leases and low-value asset leases. Lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

The Federation has elected not to separate non-lease components from lease components, and accounts for each lease component and any associated non-lease components as a single lease component.

The Federation accounts for each lease component within a lease contract as a lease separately. The Federation allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component.

Notes to the Financial Statements

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Leases (Continued)

As lessee (Continued)

Amounts payable by the Federation that do not give rise to a separate component are considered to be part of the total consideration that is allocated to the separately identified components of the contract.

The Federation recognises a right-of-use asset and a lease liability at the commencement date of the lease.

The right-of-use asset is initially measured at cost, which comprises

- (a) the amount of the initial measurement of the lease liability;
- (b) any lease payments made at or before the commencement date, less any lease incentives received;
- (c) any initial direct costs incurred by the Federation; and
- (d) an estimate of costs to be incurred by the Federation in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease, unless those costs are incurred to produce inventories.

Subsequently, the right-of-use asset is measured at cost less any accumulated depreciation and any accumulated impairment losses and adjusted for any remeasurement of the lease liability. Depreciation is provided on a straight-line basis over the shorter of the lease term and the estimated useful lives of the right-of-use asset as follows:

| | |
|-----------------|------------------------|
| Office premises | Over the term of lease |
|-----------------|------------------------|

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date of the contract.

The lease payments included in the measurement of the lease liability comprise the following payments for the right to use the underlying asset during the lease term that are not paid at the commencement date:

- (a) fixed payments (including in-substance fixed payments), less any lease incentives receivable; and
- (b) payments of penalties for terminating the lease, if the lease term reflects the Federation exercising an option to terminate the lease.

The lease payments are discounted using the interest rate implicit in the lease, or where it is not readily determinable, the incremental borrowing rate of the lessee.

Subsequently, the lease liability is measured by increasing the carrying amount to reflect interest on the lease liability and by reducing the carrying amount to reflect the lease payments made.

Cash equivalents

For the purpose of the statement of cash flows, cash equivalents represent short-term highly liquid investments which are readily convertible into known amounts of cash with maturity less than 3 months and which are subject to an insignificant risk of changes in value, net of bank overdrafts. For classification in the statement of financial position, cash equivalents represent assets similar in nature to cash and which are not restricted as to use.

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Revenue recognition

Subvention and programme income

Subvention and programme income, including sponsorship income are recognised when the Federation's rights to receive payment have been established and the conditions have been fulfilled.

Dividend income

Dividend income from financial assets is recognised when the Federation's rights to receive dividend is established, provided that it is probable that the economic benefits associated with the dividend will flow to the Federation and the amount of the dividend can be measured reliably.

Revenue from contracts with customers within HKFRS 15

The nature of the goods or services provided by the Federation is as follows:

Service A: Drug test service under discontinued operation.

Service B: Entry fees for Olympic events and income from officers and members.

Service C: Licensing income.

Services A and B

Identification of performance obligations

At contract inception, the Federation assesses the goods or services promised in a contract with a customer and identifies as a performance obligation each promise to transfer to the customer either:

- (a) a good or service (or a bundle of goods or services) that is distinct; or
- (b) a series of distinct goods or services that are substantially the same and that have the same pattern of transfer to the customer.

A good or service that is promised to a customer is distinct if both of the following criteria are met:

- (a) the customer can benefit from the good or service either on its own or together with other resources that are readily available to the customer (i.e. the good or service is capable of being distinct); and
- (b) the Federation's promise to transfer the good or service to the customer is separately identifiable from other promises in the contract (i.e. the promise to transfer the good or service is distinct within the context of the contract).

Timing of revenue recognition

Revenue is recognised when (or as) the Federation satisfies a performance obligation by transferring a promised good or service (i.e. an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset.

The Federation transfers control of a good or service over time and, therefore, satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

- (a) the customer simultaneously receives and consumes the benefits provided by the Federation's performance as the Federation performs;
- (b) the Federation's performance creates or enhances an asset (for example, work in progress) that the customer controls as the asset is created or enhanced; or
- (c) the Federation's performance does not create an asset with an alternative use to the Federation and the Federation has an enforceable right to payment for performance completed to date.

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Revenue recognition (Continued)

Revenue from contracts with customers within HKFRS 15 (Continued)

Timing of revenue recognition (Continued)

If a performance obligation is not satisfied over time, the Federation satisfies the performance obligation at a point in time when the customer obtains control of the promised asset. In determining when the transfer of control occurs, the Federation considers the concept of control and such indicators as legal title, physical possession, right to payment, significant risks and rewards of ownership of the asset, and customer acceptance.

Drug Test service is recognised at a point in time when the testing report is issued.

Entry fees for Olympic events and income from officers and members are recognised at a point in time when the events conducted successfully for participants.

Service C

Licensing income

The Federation has entered into a number of agreements with licensees under which the Federation grants the licensees rights to use the Federation's intellectual property (being the Olympic emblem of the Federation). In return, the Federation is entitled to fixed annual payments, which are stated in the agreements.

HKFRS 15 requires an entity to determine whether an entity's promise to grant a license is a right to access the entity's intellectual property (with consideration being recognised as revenue over time) or a right to use the entity's intellectual property (with consideration being recognised as revenue at a particular point in time). Based on the specific requirements under HKFRS 15, an entity's promise to grant a license is a right to access the entity's intellectual property when all of the following criteria are met:

- (a) the contract requires, or the customer reasonably expects, that the entity will undertake activities that significantly affect the intellectual property to which the customer has rights;
- (b) the rights granted by the licence directly expose the customer to any positive or negative effects of the entity's activities identified in (a) above; and
- (c) those activities do not result in the transfer of a good or a service to the customer as those activities occur.

Having assessed the terms of the related agreements and the specific facts and circumstances, the directors concluded that all of the abovementioned criteria are satisfied and concluded that the licensing income should be recognised over time.

Interest income

Interest income from financial assets is recognised using the effective interest method. For financial assets measured at amortised cost that are not credit-impaired, the effective interest rate is applied to the gross carrying amount of the assets while it is applied to the amortised cost (i.e. the gross carrying amount net of loss allowance) in case of credit-impaired financial assets.

Notes to the Financial Statements

Year ended 31 March 2024

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Contract assets and contract liabilities

If the Federation grants the license to a customer before the customer pays consideration or before payment is due, the contract is presented as a contract asset, excluding any amounts presented as a receivable. Conversely, if a customer pays consideration, or the Group has a right to an amount of consideration that is unconditional, before the Group transfers a good or service to the customer, the contract is presented as a contract liability when the payment is made or the payment is due (whichever is earlier). A receivable is the Federation's right to consideration that is unconditional or only the passage of time is required before payment of that consideration is due.

For the business of Service C, in accordance with the standard payment schedules of the Federation, payments are normally not due or received. However, for such transactions, revenue is recognised over time and therefore, a contract asset is recognised until it becomes a receivable or payments are received. During that period, any significant financing components, if applicable, will be included in the contract asset and recognised as interest income. When the Federation, in accordance with the payment schedules, receives the whole or some of the contractual payments before the services are performed (i.e. the timing of revenue recognition for such transactions). The Federation recognises a contract liability until it is recognised as revenue. During that period, any significant financing components, if applicable, will be included in the contract liability and will be expensed as accrued unless the interest expense is eligible for capitalisation.

Employee benefits

Short term employee benefits

Salaries, annual bonuses, paid annual leave, contributions to defined contribution retirement plans and gratuity are accrued in the period in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.

Defined contribution plans

The obligations for contributions to defined contribution retirement scheme are recognised as an expense in profit or loss as incurred. The assets of the scheme are held separately from those of the Federation in an independently administered fund.

Government grants

Government grants are recognised at their fair value where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. When the grant relates to an expense item, it is recognised as income over the years necessary to match the grant on a systematic basis to the costs that it is intended to compensate. Where the grant relates to an asset, the fair value is credited to a deferred income account and is released to profit or loss over the expected useful life of the relevant asset to match the depreciation charge.

Foreign currency translation

The financial statements are presented in the currency of Hong Kong dollars, which is the Federation's functional and presentation currency.

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss.

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Taxation

The charge for current income tax is based on the results for the year as adjusted for items that are non-assessable or disallowed. It is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is provided, using the liability method, on all temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, any deferred tax arising from initial recognition of goodwill; or other asset or liability in a transaction other than a business combination that at the time of the transaction affects neither the accounting profit nor taxable profit or loss is not recognised.

The deferred tax liabilities and assets are measured at the tax rates that are expected to apply to the year when the asset is recovered or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the end of the reporting period.

Deferred tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences, tax losses and credits can be utilised.

Related parties

A related party is a person or entity that is related to the Federation.

- (a) A person or a close member of that person's family is related to the Federation if that person:
 - (i) has control or joint control over the Federation;
 - (ii) has significant influence over the Federation; or
 - (iii) is a member of the key management personnel of the Federation.
- (b) An entity is related to the Federation if any of the following conditions applies:
 - (i) one entity is a subsidiary, an associate or joint venture of the other entity.
 - (ii) the entity is a post-employment benefit plan for the benefit of employees of either the Federation or an entity related to the Federation.
 - (iii) the entity is controlled or jointly controlled by a person identified in (a).
 - (iv) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity.
 - (v) the entity, or any member of a group of which it is a part, provides key management personnel services to the Federation.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity and include:

- (a) that person's children and spouse or domestic partner;
- (b) children of that person's spouse or domestic partner; and

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Critical accounting estimates and judgements

Estimates and assumptions concerning the future and judgements are made by the management in the preparation of the financial statements. They affect the application of the Federation's accounting policies, reported amounts of assets, liabilities, income and expenses, and disclosures made. They are assessed on an on-going basis and are based on experience and relevant factors, including expectations of future events that are believed to be reasonable under the circumstances. Where appropriate, revisions to accounting estimates are recognised in the period of revision and future periods, in case the revision also affects future periods.

Key sources of estimation uncertainty

Loss allowance for ECL

The Federation's management estimates the loss allowance for amount due from related companies and contract assets by using various inputs and assumptions including risk of a default and expected loss rate. The estimation involves high degree of uncertainty which is based on the Federation's historical information, existing market conditions as well as forward-looking estimates at the end of each reporting period. Where the expectation is different from the original estimate, such difference will impact the carrying amount of for amount due from related companies and contract assets. Details of the key assumption and inputs used in estimating ECL are set out in note 27 to the financial statements.

Future changes in HKFRSs

At the date of authorisation of these financial statements, the HKICPA has issued a number of new / revised HKFRSs that are not yet effective for the current year, which the Federation has not early adopted. The directors do not anticipate that the adoption of the new / revised HKFRSs in future periods will have any material impact on the results of the Federation.

27. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The main purpose of these financial instruments is to raise and maintain finance for the Federation's operations. The Federation considers that its exposures to interest rate risk were insignificant at the end of the reporting period, as there were no interest-bearing borrowing and the impact on interest rate changes of bank deposits were not significant. As a result, the main risks associated with these financial assets and financial liabilities are price risk, credit risk and liquidity risk. The Federation does not have written risk management policies and guidelines. However, the Federation generally adopts conservative strategies on its risk management and limits its exposure to these risks to a minimum.

27. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Price risk

The Federation's Designated FVOCI are measured at fair value at the end of each reporting period with reference to the quoted price. Therefore, the Federation is exposed to price risk and the management monitors the price movements and takes appropriate actions when required.

At the end of the reporting period, if the equity price to the valuation model had been 10% (2023: 10%) higher / lower while all other variables were held constant, the Federation's net surplus / deficit would have been unaffected since all the equity investments are classified as Designated FVOCI. Investment Revaluation Reserve Fund (non-recycling) deficit would be decreased / increased by HK\$2.09 million (2023: HK\$1.93 million) as a result of changes in fair value of Designated FVOCI.

In addition, the Federation's financial assets at FVPL are measured at fair value at the end of each reporting period with reference to the quoted price. Therefore, the Federation is also exposed to price risk in this respect.

Sensitivity analysis:

| | Increase (Decrease) in surplus and increase (decrease) in net assets of the Federation | |
|----------------------------|--|--|
| | 10% increase in market price HK\$ | 10% decrease in market price HK\$ |
| As at 31 March 2024 | 23,010,000 | (23,010,000) |
| | Decrease (Increase) in deficit and increase (decrease) in net assets of the Federation | |
| | 10% increase in market price HK\$ | 10% decrease in market price HK\$ |
| As at 31 March 2023 | 22,330,000 | (22,330,000) |

The sensitivity analysis has been determined assuming that the reasonably possible changes in the stock market index or other relevant risk variables had occurred at the end of the reporting period and had been applied to the exposure to equity price risk in existence at that date. It is also assumed that the fair values of the Federation's investments would change in accordance with the historical correlation with the relevant stock market index or the relevant stock market index or the relevant risk variables, and that all other variables remain constant. The stated changes represent management's assessment of reasonably possible changes in the relevant stock market index or the relevant risk variables over the period until the next annual end of the reporting period. The analysis is performed on the same basis for 2023.

27. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Credit risk

The credit risk of the Federation is primarily attributable to financial assets at FVPL, receivables, deposits, contract assets, amounts due from related companies and bank balances and time deposits.

The carrying amount of financial assets recognised on the statement of financial position represents the Federation's exposure to credit risk without taking into account the value of any collateral held or other credit enhancements.

Financial assets at FVPL

The Federation invests only in securities with good credit rating counterparties, as such the risk of default is also considered minimal.

Receivables, deposits, contract assets and amounts due from related companies

The Federation considers that the receivables, deposits, contract assets and amounts due from related companies have low credit risk based on the counterparties' strong capacity to meet its contractual cash flow obligations in the near term and low risk of default. Impairment on receivables measured on 12-month ECL and reflects the short maturities of the exposures.

In estimating the ECL of receivables, deposits, contract assets and amounts due from related companies, the Federation has taken into account the historical actual credit loss experience over the past years and the financial position of the counterparties, adjusted for forward-looking factors that are specific to the debtors and general economic conditions of the industry in which the counterparties operate, in estimating the probability of default of these financial assets, as well as the loss upon default in each case. The management of the Federation considers the ECL of these financial assets to be insignificant after taking into account the financial position and credit quality of the counterparties. There was no change in the estimation techniques or significant assumptions made during the year.

Bank balances and time deposits

The Federation considers that the exposure to credit risk arising from bank balances and time deposits is limited because the counterparties are banks with sound credit rating, for which the Federation considers to have low credit risk.

Liquidity risk

The Federation's policy is to regularly monitor current and expected liquidity requirements to ensure that the Federation maintains sufficient reserves of cash and cash equivalents to meet its liquidity requirements in the short and longer term. The Federation's financial liabilities at the end of reporting period based on contractual undiscounted cash flow are all due for payment within one year or on demand.

Notes to the Financial Statements

27. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Fair value measurements

The carrying value of financial instruments are measured at fair value at 31 March 2024 across the three levels of the fair value hierarchy defined in HKFRS 13, *Fair Value Measurement*, with the fair value measurement categorised in its entirety based on the lowest level of input that is significant to the entire measurement. The levels are defined as follows:

- Level 1 (highest level): quoted prices (unadjusted) in active markets for identical assets and liabilities that the Federation can access at the measurement date;
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3 (lowest level): unobservable inputs for the asset or liability.

The fair value of all the Federation's Designated FVOCI and financial assets at FVPL are measured based on Level 1 inputs. During the year ended 31 March 2024, there were no transfers between Level 1 and Level 2 fair value measurements, and no transfers into and out of Level 3 fair value measurements.

28. CAPITAL MANAGEMENT

The objectives of the Federation's capital management are to safeguard its ability to continue as a going concern for its development and promotion of sports objectives. The Federation manages its cumulated funds available and makes adjustments to these funds in light of changes in economic conditions and business strategies. To manage the funds, the Federation may adjust the use of its reserve or raise fund and repay debts.
