President's Message 會長序言

In the past year, our athletes continued to make us proud in the Paris Summer Olympic Games, the Harbin Asian Winter Games, and various international competitions, by showcasing the spirit of perseverance and world-class performances. Always focused and dedicated, they excelled and exceeded expectations that were set high. As such Hong Kong, China, outshone over a hundred countries and regions at the Paris Olympics, by clinching two gold and two bronze medals, and ranking 37th of the medal tally. This was a historic achievement that belied the smallness of our beloved city. Our athletes continued to write history at the Harbin Asian Winter Games. Facing top-tier opponents, they demonstrated stellar performances, marking a new chapter for winter sports achievements from representatives of this "snowless city".

Behind each athlete lies a story with blood, sweat and tears. Their remarkable achievements are not merely the result of individual efforts, but also stem from the commitment and nurturing by coaches and support teams, along with the unwavering support from the Government of the Hong Kong Special Administrative Region, National Sports Associations, collaborative organizations, the business sector, and members of the public. I express my heartfelt gratitude for the contributions of all involved in the promotion of sports in Hong Kong. The Kai Tak Sports Park, opened in early 2025, provides world-class sports venues and facilities, ushering in a new sports culture while advancing local sports development by promoting sports in the community, supporting elite sports, maintaining Hong Kong as a centre for major international sports events, enhancing professionalism, and developing sports as an industry.

Looking forward, in 2026 there will be a plethora of sporting events and activities, including the Milano Cortina Olympic Winter Games, the Aichi-Nagoya Asian Games, and the "XXVIII ANOC General Assembly Hong Kong, China, 2026", to be held in Hong Kong. SF&OC will continue to support our athletes to pursue their dreams, and join hands with all sectors of the community to establish Hong Kong as a "Sports Events Capital".

President
Sports Federation & Olympic Committee of Hong Kong, China

過去一年，中國香港運動員繼續締造傳奇，在巴黎夏季奧運會、哈爾濱亞洲冬季運動會，以及多個國際賽場奪取佳績，展示拼搏精神和世界級水平。他們專心致志、全力以赴，優秀的表現總是遠超預期。在巴黎奧運，中國香港在百多個國家及地區當中脫穎而出，以兩金兩銅高踞獎牌榜第 37 位，創史上新高，印證我們城市雖小卻不容小覷！而香港作為「無雪之城」，我們的健兒在哈爾濱亞冬運面對頂級對手仍越戰越勇，成績亮眼，為香港冰雪運動揭開新篇章！

每位運動員背後都有血汗交織的奮鬥故事，他們的優越表現，不僅靠自身努力，亦有賴教練和支援團隊的付出和悉心栽培，還有香港特區政府、體育總會、合作機構、商界和市民全力支持，我衷心感謝各方為推動香港體育發展作出的貢獻。年初啟用的啟德體育園提供了世界級的體育場地和設施，為香港帶來新的體育文化，同時支援本地體育邁向普及化、精英化、盛事化、專業化和產業化。

在未來一年，多項體育盛事接踵而來，包括米蘭科爾蒂納冬季奧運會、愛知·名古屋亞運會、在香港舉行的「第 28 屆國家及地區奧委會協會全體代表大會 — 2026 年中國香港」等，港協暨奧委會將繼續努力，支持運動員在世界舞台追夢，並與社會各界攜手建設香港成為體育盛事之都。

Review & Prospect 回顧與展望

Hong Kong's sporting community achieved remarkable success in 2024-2025. Athletes of Hong Kong, China delivered outstanding performances, while the Sports Federation & Olympic Committee of Hong Kong, China made significant strides in supporting athlete development, nurturing talent, promoting sport for all, enhancing corporate governance standards, and organizing international sporting events, all of which continue to inject impetus into the sports development of Hong Kong.

At the globally captivating Paris Olympic Games, our athletes demonstrated exceptional prowess, once again polishing Hong Kong, China's gilded signboard on the world stage with an unprecedented medal haul of two golds and two bronzes. At the Harbin Asian Winter Games, our athletes carried forward their momentum, achieving the city's best-ever results and ushering in a new chapter for the development of winter sports. To gather public support for Team Hong Kong, we organized territory-wide roving exhibitions. Through athlete sharing sessions and interactive sports experiences, the public gained a deeper understanding of various sports and the athletes involved. Complemented by online promotions that transcended geographical and time barriers, we successfully united the city in cheering for our athletes.

Hong Kong's sporting success is no coincidence. We have remained steadfast in creating a more favorable environment for the development of local sports. Following the Harbin Asian Winter Games, we promptly signed a Memorandum of Understanding with Heilongjiang to establish more platforms for athlete and youth exchanges and training, unlocking new opportunities for north-south sports collaboration.

We also continued to support athletes' comprehensive development. Through a variety of programmes and support schemes, we provided professional guidance and practical opportunities for athletes in education and career transformation, enabling them to be well-equipped before retirement. At the same time, the Hong Kong, China Olympic Academy actively organized school outreach and exchange programmes, as well as other initiatives to broaden young people's horizons, unleash their potential, and identify future stars.

The Corporate Governance Review Report and Code of Governance, promulgated during the year, established a clear framework and goals to enhance the corporate governance standard for the sustainable development of sports. We worked closely with government departments and professional bodies to assist the National Sports Associations (NSAs) in implementing relevant measures, further elevating the professionalism and credibility of the local sports sector.

Looking ahead, a series of international sports events is on the horizon. In alignment with the vision of developing a host city economy in the sports industry, we are fully committed to preparing for the "XXVIII ANOC General Assembly Hong Kong, China, 2026". This event will further amplify the synergy between conferences, sports, culture and tourism, reinforcing Hong Kong's role as an international hub for global sporting events.

We would like to extend our sincere gratitude to the Government of the Hong Kong Special Administrative Region, NSAs, sponsors and partners for their unwavering support. With the concerted efforts of all stakeholders, we are confident that Hong Kong's sporting legacy will continue to thrive and reach new heights.

回顧 2024-2025 年度，香港體壇碩果纍纍。中國香港運動員屢創佳績，中國香港體育協會暨奧林匹克委員會在支援運動員發展、人才培養、推動體育普及、提升機構管治、籌辦國際體育盛事等多個層面積極推進，持續為香港體育發展注入動力。

在全球矚目的巴黎奧運會上，運動員以非凡實力在世界舞台再次擦亮「中國香港」的金漆招牌，史無前例地創下兩金兩銅佳績；在哈爾濱亞洲冬季運動會，健兒延續氣勢，以歷屆最佳成績帶領香港的冰雪運動進入新里程。為凝聚社會對運動員的支持，我們在全港多個地點舉辦巡迴展覽，透過運動員親身分享和互動運動體驗，加深市民對港隊和不同體育項目的認識，並配合線上宣傳推廣，跨越地域和時差，聯動全城為運動員打氣。

香港體壇的卓越成就絕非偶然，我們一直致力為本地體育發展創造更有利條件。於哈爾濱亞洲冬季運動會後，我們迅即與黑龍江省簽署合作備忘錄，為運動員和青少年搭建更廣闊的交流與培訓平台，開創南北體育合作的新機遇。

我們並繼續支援運動員全方位發展，透過多元化的計劃和配套，為運動員提供學業及就業轉型的專業指導和實踐機會，讓他們在退役前充分裝備自己，迎接新挑戰。同時，我們積極透過中國香港奧林匹克學院舉辦校園推廣、交流團等活動，擴闊青少年視野，啟發他們的潛能，為香港體壇發掘明日之星。

本年度發布的《機構管治檢討報告》和《機構管治守則》為提升機構管治水平確立了清晰的框架和目標，有利運動項目持續健康發展。我們採取多機構合作模式，與不同政府機構及專業團體攜手合作，積極協助屬會落實執行相關措施，進一步提升業界的專業水平和認受性。

展望來年，體育盛事接踵而至，配合體育產業主場經濟發展，我們正全力籌備「第28屆國家及地區奧委會協會全體代表大會——2026年中國香港」，為會議、體育、文化和旅遊的協同效應再添助力，以國際體育盛事，鞏固香港聯通國際的優勢。

最後，我們衷心感謝香港特別行政區政府、各體育總會、贊助商和合作夥伴的鼎力支持，透過持分者共同努力，本地體壇定能薪火相傳，續寫輝煌！

With the aim of enhancing the corporate governance and operational transparency of Member Associations under SF&OC, the Corporate Governance Division (CG Division) has compiled the Corporate Governance Review Report (Report) with a list of recommendations. Among the recommendations, the Code of Governance (Code) and reference materials were given priority for implementation as this provides a practical and pragmatic guiding framework for improving the corporate governance level. Upon endorsement by the HKSAR Government, the Report and the Code were formally promulgated on 20 November 2024. The briefing was attended by government officials, members of Independent Steering Committee, directors and senior management staff of Member Associations as well as relevant stakeholders.

Following the presentations of the review findings and the Code, and taking heed of the unique nature of individual sports, the differences in terms of the size, scale, resources and funding scope of Member Associations, a two-year timeline was allowed for Member Associations to implement the Code. By the end of 2026, a review on the implementation of the Code will be conducted.

To assist Member Associations in understanding the Code and related guidelines and procedures, CG Division conducted a series of workshops for board directors and senior management staff of 85 Member Associations between January and March 2025. CG Division will continue to render assistance and support to Member Associations throughout the implementation phase by providing professional resources and practical guidance. "Participating in the HKACED Ambassador Programme has been a meaningful and unforgettable experience. As an ambassador, I not only carry the mission of promoting sportsmanship, but also embrace the positive energy and impact that sports bring. Having been a full-time table tennis athlete for 17 years, my focus was always on training and competitions. Now, as I approach the conclusion of my athletic career, I am grateful to engage more with the community and share with students my experiences. In these activities, I have met many passionate students, some of whom aspire to become professional athletes. This left a lasting impression on me. I hope my story can inspire them to pursue their dreams with courage.

Taking part in the Programme has also helped me improve my communication skills and build confidence through interacting with students. I have gradually learned to share my sports experiences and insights in a simple and understandable way, conveying the spirit of sportsmanship in a more lively and engaging manner. I hope I can inspire the next generation to pursue their career in the sports sector."

Retired Athletes Transformation Programme 退役運動員轉型計劃

The Retired Athletes Transformation Programme (RATP) provides retired athletes with transition support as they integrate into the workforce and adapt to a new work culture. Retired athletes can, based on personal development goal, choose to either work as a School Sports Promotion Coordinator or Sports Administrator for Sports Organizations to gain work experience.

School Sports Promotion Coordinator

Athlete Sharing

Matthew CHAN, former Hong Kong football team athlete, has been paired with Jockey Club Ti-I College as a School Sports Promotion Coordinator through RATP. In addition to promoting sports on campus as an athlete, he also contributes to his alma mater as an alumnus, passing on the torch to the next generation.

He said, "My main duties are planning, organizing, and executing various sports activities, assisting with sports-related administrative tasks, and managing the logistics of school sports teams. One of the most memorable events was a five-day 'Sport for All Week', which encouraged teachers and students to participate in sports by introducing new sports; even the school janitors enjoyed it." RATP offers flexible working hours and subsidies to encourage beneficiary athletes to pursue advanced studies. "I have already enrolled in a Master of Science Programme in Sports Science and Physical Activity to fully equip myself."

Teacher Sharing

Through RATP, Jockey Club Ti-I College aims to organize a series of sports activities to enhance sports culture at school. Meanwhile, the school hopes to provide diverse job opportunities for retired athletes to explore their career interests and path, laying a solid foundation for their long-term career development and achieving a smooth transition.

Ms. WONG Wing Sheung, teacher from the school, said, "As a retired athlete, Matthew shares his experiences and professional knowledge with the junior students. Whether it is improving athletic performance or strengthening mental resilience, he offers valuable advice. He is also a role model for the students, teaching them how to strike a balance between academics and training, as well as effective time management."

「退役運動員轉型計劃」為退役運動員提供轉型過渡期的支援，協助他們適應身份轉變和職場文化。退役運動員可按個人發展方向，選擇到學校任職「學校體育推廣主任」，或到體育機構任職「體育機構行政人員」，汲取工作經驗。

Athlete Sharing

Karen WONG, former taekwondo athlete, first joined RATP as a School Sports Promotion Coordinator and subsequently a Sports Organization Administrator, equipping herself with diverse working experiences for a second career.

"Working at the Hong Kong China Rugby (HKCR) is challenging and diversified. My most memorable experience was certainly assisting in the preparation of the Hong Kong Sevens. Being part of the organizing team for one of the Hong Kong's major sporting events was a valuable opportunity. RATP also offers a series of on-the-job training courses to help athletes improve their working capacity and communication skills, enhancing the effectiveness of my work."

Employer Sharing

HKCR aims to provide various career opportunities for retired athletes through RATP, laying a solid foundation for their career transition, at the same time facilitating the sports organizations to identify, nurture, and recruit talents.

Mr. FUNG Kai Hang, Head of Community Development and Pathway of HKCR, said, "Retired athletes take time to adapt to their new identity as employees in new forms of workplaces. HKCR offers additional training to beneficiary athletes, enabling them to gain basic understanding of rugby, the rugby community and its organizational structure, facilitating them to handle daily work in a more effective way. RATP not only equips retired athletes for the labour market, but it also becomes a platform where athletes can further advance their careers." He praised Karen for her attitude and teamwork skills, hoping that she would have a long-term career plan, and wishing her a successful career in the sports industry in another capacity.

Directors' Report

Business review

The Federation recorded a total comprehensive income of HK\$29.6 million for the year (2024: *total comprehensive income of HK\$14.2 million*) mainly due to the gains on fair value change of financial assets at fair value through profit or loss (FVPL) of HK\$17.5 million (2024: *gain of HK\$6.8 million*) and designated fair value through other comprehensive income (FVOCI) of HK\$8.7 million (2024: *income of HK\$1.6 million*) respectively during the current year.

The Federation has built up a net asset of HK\$326 million (2024: *HK\$296 million*) and cash balances of HK\$85.3 million (2024: *HK\$59.1 million*) as at the reporting date of 31 March 2025. This financial stability provides the Federation with the flexibility to navigate economic uncertainties and enhance its support for the Olympic Movement in Hong Kong. Together with the subvention from the Government of the HKSAR and the commercial sponsorship, the directors are of the opinion that the Federation has sufficient liquidity and financial resources to fund its principal activities. They are confident that all these works to be done will eventually create value for our members, athletes, and the community.

The Federation has complied with the Olympic Charter and all applicable laws and regulations during the year.

For a more comprehensive review of the Federation's activities during the year, please refer to the message from the President and the closing remarks from the Hon. Secretary General in the Annual Report 2024-25.

Independent Auditor's Report

To the members of

Sports Federation & Olympic Committee of Hong Kong, China

(incorporated in Hong Kong with liability limited by guarantee and not having a share capital)

Opinion

We have audited the financial statements of Sports Federation & Olympic Committee of Hong Kong, China (the "Federation") set out on pages 6 to 37, which comprise the statement of financial position as at 31 March 2025, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the financial statements give a true and fair view of the financial position of the Federation as at 31 March 2025, and of its financial performance and cash flows for the year then ended in accordance with HKFRS Accounting Standards as issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA") and have been properly prepared in compliance with the Companies Ordinance.

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") as issued by the HKICPA. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are independent of the Federation in accordance with the HKICPA's Code of Ethics for Professional Accountants (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The directors of the Federation are responsible for the other information. The other information comprises the information included in the **Annual Report 2024-25** of the Federation and the directors' report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Independent Auditor's Report

To the members of

Sports Federation & Olympic Committee of Hong Kong, China

(incorporated in Hong Kong with liability limited by guarantee and not having a share capital)

Responsibilities of Directors for the Financial Statements

The directors of the Federation are responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRS Accounting Standards as issued by the HKICPA and the Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Federation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Federation or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, in accordance with section 405 of the Companies Ordinance, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Federation's internal control.

Independent Auditor's Report

To the members of

Sports Federation & Olympic Committee of Hong Kong, China

(incorporated in Hong Kong with liability limited by guarantee and not having a share capital)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Federation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Federation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

2. PRINCIPAL ACCOUNTING POLICIES

Basis of preparation

These financial statements have been prepared in accordance with HKFRS Accounting Standards, which collective term includes all applicable individual Hong Kong Financial Reporting Standards (“HKFRSs”), Hong Kong Accounting Standards (“HKASs”) and Interpretations issued by the Hong Kong Institute of Certified Public Accountants (the “HKICPA”), accounting principles generally accepted in Hong Kong and the Companies Ordinance.

These financial statements have been prepared on a basis consistent with the accounting policies adopted in the 2024 financial statements. The adoption of the following new / revised HKFRS Accounting Standards that are relevant to the Federation and effective from the current year had no significant effects on the results and financial position of the Federation for the current and prior years.

Adoption of new / revised HKFRS Accounting Standards

The Federation has applied, for the first time, the following new and amendments to HKFRS Accounting Standards that are relevant to the Federation:

Amendments to HKAS 1	Classification of Liabilities as Current or Non-current
Amendments to HKAS 1	Non-current Liabilities with Covenants

Amendments to HKAS 1: Classification of Liabilities as Current or Non-current

The amendments aim to promote consistency in applying the requirements by helping companies determine whether, in the statement of financial position, debt and other liabilities with an uncertain settlement date should be classified as current (due or potentially due to be settled within one year) or non-current. The amendments include clarifying the classification requirements for debt a company might settle by converting it into equity.

The adoption of the amendments does not have any significant impact on the financial statements.

Amendments to HKAS 1: Non-current Liabilities with Covenants

The amendments specify that covenants to be complied with after the reporting date do not affect the classification of debt as current or non-current at the reporting date. Instead, the amendments require a company to disclose information about these covenants in the notes to the financial statements.

The adoption of the amendments does not have any significant impact on the financial statements.

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

A summary of the principal accounting policies adopted by the Federation is set out below.

Basis of measurement

The measurement basis used in the preparation of the financial statements is historical cost, except for Designated FVOCI and financial assets at FVPL, which are measured at fair value as explained in the accounting policies set out below.

Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Repairs and maintenance are charged to profit or loss during the year in which they are incurred.

Depreciation is provided to write off the cost less accumulated impairment losses of property, plant and equipment over their estimated useful lives from the date on which they are available for use and after taking into account their estimated residual values, using the straight-line method at the rates as set out below. Where parts of an item of property, plant and equipment have different useful lives, the cost or valuation of the item is allocated on a reasonable basis and depreciated separately:

Furniture and fixtures	15%
Leasehold improvement	50%
Machinery and equipment	20%
Motor vehicles	20%

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the item) is included in profit or loss in the year in which the item is derecognised.

Impairment of non-financial assets

At the end of each reporting period, the Federation reviews internal and external sources of information to assess whether there is any indication that its property, plant and equipment and right-of-use assets may be impaired or impairment loss previously recognised no longer exists or may be reduced. If any such indication exists, the recoverable amount of the asset is estimated, based on the higher of its fair value less costs of disposal and value in use. Where it is not possible to estimate the recoverable amount of an individual asset, the Federation estimates the recoverable amount of the smallest group of assets that generates cash flows independently (i.e. a cash-generating unit).

If the recoverable amount of an asset or a cash-generating unit is estimated to be less than its carrying amount, the carrying amount of the asset or cash-generating unit is reduced to its recoverable amount. Impairment losses are recognised as an expense immediately.

A reversal of impairment loss is limited to the carrying amount of the asset or cash-generating unit that would have been determined had no impairment loss been recognised in prior years. Reversal of impairment loss is recognised as income in profit or loss immediately.

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Financial instruments

Financial assets

Recognition and derecognition

Financial assets and financial liabilities are recognised when and only when the Federation becomes a party to the contractual provisions of the instruments and on a trade date basis.

A financial asset is derecognised when and only when (i) the Federation's contractual rights to future cash flows from the financial asset expire or (ii) the Federation transfers the financial asset and either (a) the Federation transfers substantially all the risks and rewards of ownership of the financial asset, or (b) the Federation neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset but it does not retain control of the financial asset.

Classification and measurement

Financial assets (except for trade receivables without a significant financing component) are initially recognised at their fair value plus, in the case of financial assets not carried at FVPL, transaction costs that are directly attributable to the acquisition of the financial assets. Such trade receivables are initially measured at their transaction price.

On initial recognition, a financial asset is classified as (i) measured at amortised cost; (ii) debt investment measured at fair value through other comprehensive income ("Mandatory FVOCI"); (iii) equity investment measured at fair value through other comprehensive income ("Designated FVOCI"); or (iv) measured at fair value through profit or loss ("FVPL").

The classification of financial assets at initial recognition depends on the Federation's business model for managing the financial assets and the financial asset's contractual cash flow characteristics. Financial assets are not reclassified subsequent to their initial recognition unless the Federation changes its business model for managing them, in which case all affected financial assets are reclassified on the first day of the first annual reporting year following the change in the business model (the "reclassification date").

1) Financial assets measured at amortised cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVPL:

- (i) it is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- (ii) its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest rate method and are subject to impairment. Gains and losses arising from impairment, derecognition or through the amortisation process are recognised in profit or loss.

The Federation's financial assets at amortised cost comprise receivables, deposits, amount due from a related company and bank balances and cash.

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Financial instruments (Continued)

Financial assets (Continued)

Classification and measurement (Continued)

2) Designated FVOCI

Upon initial recognition, the Federation may make an irrevocable election to present subsequent changes in the fair value of an investment in an equity instrument that is neither held for trading nor contingent consideration recognised by an acquirer in a business combination to which HKFRS 3 “Business Combinations” applies in other comprehensive income. The classification is determined on an instrument-by-instrument basis.

These equity investments are subsequently measured at fair value and are not subject to impairment. Dividends are recognised in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other gains or losses are recognised in other comprehensive income and shall not be subsequently reclassified to profit or loss. Upon derecognition, the cumulative gain or loss is transferred directly to accumulated profits or losses.

The Federation’s financial assets at Designated FVOCI comprise listed equity securities.

3) Financial assets at FVPL

These investments include financial assets that are not measured at amortised cost or FVOCI, including financial assets held for trading, financial assets designated upon initial recognition as at FVPL, financial assets resulting from a contingent consideration arrangement in a business combination to which HKFRS 3 “Business Combinations” applies and financial assets that are otherwise required to be measured at FVPL. They are carried at fair value, with any resultant gain and loss recognised in profit or loss, which does not include any dividend or interest earned on the financial assets.

A financial asset is classified as held for trading if it is:

- (i) acquired principally for the purpose of selling it in the near term;
- (ii) part of a portfolio of identified financial instruments that are managed together and for which there is evidence of a recent actual pattern of short-term profit-taking on initial recognition; or
- (iii) a derivative that is not a financial guarantee contract or not a designated and effective hedging instrument.

Financial assets are designated at initial recognition as at FVPL only if doing so eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise from measuring assets or liabilities or recognising the gains or losses on them on different bases.

The Federation’s financial assets at FVPL comprise multi-assets funds.

Financial liabilities

Recognition and derecognition

Financial liabilities are recognised when and only when the Federation becomes a party to the contractual provisions of the instruments.

A financial liability is derecognised when and only when the liability is extinguished, that is, when the obligation specified in the relevant contract is discharged, cancelled or expires.

Notes to the Financial Statements

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Financial instruments (Continued)

Financial liabilities (Continued)

Classification and measurement

Financial liabilities are initially recognised at their fair value plus, in the case of financial liabilities not carried at FVPL, transaction costs that are directly attributable to the issue of the financial liabilities.

The Federation's financial liabilities comprise account payables and accruals, advance subvention and sponsorship, amount due to a related company and deposit received. All financial liabilities are recognised initially at their fair value and subsequently measured at amortised cost, using the effective interest method, unless the effect of discounting would be insignificant, in which case they are stated at cost.

Impairment of financial assets

The Federation recognises loss allowances for expected credit losses ("ECL") on financial assets that are measured at amortised cost to which the impairment requirements apply in accordance with HKFRS 9 "Financial Instruments". Except for the specific treatments as detailed below, at each reporting date, the Federation measures a loss allowance for a financial asset at an amount equal to the lifetime ECL if the credit risk on that financial asset has increased significantly since initial recognition. If the credit risk on a financial asset has not increased significantly since initial recognition, the Federation measures the loss allowance for that financial asset at an amount equal to 12-month ECL.

Measurement of ECL

ECL is a probability-weighted estimate of credit losses (i.e. the present value of all cash shortfalls) over the expected life of the financial instrument.

For financial assets, a credit loss is the present value of the difference between the contractual cash flows that are due to an entity under the contract and the cash flows that the entity expects to receive.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of a financial instrument while 12-month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

Loss allowance is remeasured at each reporting date to reflect changes in the financial instrument's credit risk and loss since initial recognition. The resulting changes in the loss allowance are recognised as an impairment gain or loss in profit or loss with a corresponding adjustment to the carrying amount of the financial instrument.

Definition of default

The Federation considers the following as constituting an event of default for internal credit risk management purposes as historical experience indicates that the Federation may not receive the outstanding contractual amounts in full if the financial instrument that meets any of the following criteria.

- (i) information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Federation, in full (without taking into account any collaterals held by the Federation); or
- (ii) there is a breach of financial covenants by the counterparty.

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Financial instruments (Continued)

Impairment of financial assets (Continued)

Assessment of significant increase in credit risk

In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Federation compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Federation considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort. In particular, the following information is taken into account in the assessment:

- the debtor's failure to make payments of principal or interest on the due dates;
- an actual or expected significant deterioration in the financial instrument's external or internal credit rating (if available);
- an actual or expected significant deterioration in the operating results of the debtor; and
- actual or expected changes in the technological, market, economic or legal environment that have or may have a significant adverse effect on the debtor's ability to meet its obligation to the Federation.

Notwithstanding the foregoing, the Federation assumes that the credit risk on a financial instrument has not increased significantly since initial recognition if the financial instrument is determined to have low credit risk at the reporting date.

Low credit risk

Per HKFRS 9, a financial instrument is determined to have low credit risk if:

- (i) it has a low risk of default;
- (ii) the borrower has a strong capacity to meet its contractual cash flow obligations in the near term; and
- (iii) adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations.

Credit-impaired financial asset

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired include observable data about the following events:

- (a) significant financial difficulty of the issuer or the borrower.
- (b) a breach of contract, such as a default or past due event.
- (c) the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider.
- (d) it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation.
- (e) the disappearance of an active market for that financial asset because of financial difficulties.
- (f) the purchase or origination of a financial asset at a deep discount that reflects the incurred credit losses.

Financial instruments (Continued)

Impairment of financial assets (Continued)

Write-off

The Federation writes off a financial asset when the Federation has no reasonable expectations of recovering the contractual cash flows on a financial asset in its entirety or a portion thereof. However, financial assets that are written off could still be subject to enforcement activities under the Federation's procedures for recovery of amounts due, taking into account legal advice if appropriate. Any subsequent recovery is recognised in profit or loss.

Leases

The Federation assesses whether a contract is, or contains, a lease at inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

As lessee

The Federation applies the recognition exemption to short-term leases and low-value asset leases. Lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

The Federation has elected not to separate non-lease components from lease components, and accounts for each lease component and any associated non-lease components as a single lease component.

The Federation accounts for each lease component within a lease contract as a lease separately. The Federation allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component.

Amounts payable by the Federation that do not give rise to a separate component are considered to be part of the total consideration that is allocated to the separately identified components of the contract.

The Federation recognises a right-of-use asset and a lease liability at the commencement date of the lease.

The right-of-use asset is initially measured at cost, which comprises

- (a) the amount of the initial measurement of the lease liability;
- (b) any lease payments made at or before the commencement date, less any lease incentives received;
- (c) any initial direct costs incurred by the Federation; and
- (d) an estimate of costs to be incurred by the Federation in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease, unless those costs are incurred to produce inventories.

Subsequently, the right-of-use asset is measured at cost less any accumulated depreciation and any accumulated impairment losses and adjusted for any remeasurement of the lease liability. Depreciation is provided on a straight-line basis over the shorter of the lease term and the estimated useful lives of the right-of-use asset as follows:

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Leases (Continued)

As lessee (Continued)

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date of the contract.

The lease payments included in the measurement of the lease liability comprise the following payments for the right to use the underlying assets during the lease term that are not paid at the commencement date:

- (a) fixed payments (including in-substance fixed payments), less any lease incentives receivable; and
- (b) payments of penalties for terminating the lease, if the lease term reflects the Federation exercising an option to terminate the lease.

The lease payments are discounted using the interest rate implicit in the lease, or where it is not readily determinable, the incremental borrowing rate of the lessee.

Subsequently, the lease liability is measured by increasing the carrying amount to reflect interest on the lease liability and by reducing the carrying amount to reflect the lease payments made.

Cash equivalents

For the purpose of the statement of cash flows, cash equivalents represent short-term highly liquid investments which are readily convertible into known amounts of cash with maturity less than 3 months and which are subject to an insignificant risk of changes in value, net of bank overdrafts. For classification in the statement of financial position, cash equivalents represent assets similar in nature to cash and which are not restricted as to use.

Revenue recognition

Subvention and programme income

Subvention and programme income, including sponsorship income are recognised when the Federation's rights to receive payment have been established and the conditions have been fulfilled.

Dividend income

Dividend income from financial assets is recognised when the Federation's rights to receive dividend is established, provided that it is probable that the economic benefits associated with the dividend will flow to the Federation and the amount of the dividend can be measured reliably.

Revenue from contracts with customers within HKFRS 15

The nature of the goods or services provided by the Federation is as follows:

Service A: Entry fees for Olympic events and income from officers and members.

Service B: Licensing income.

Notes to the Financial Statements

Year ended 31 March 2025

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Revenue recognition (Continued)

Revenue from contracts with customers within HKFRS 15 (Continued)

Services A

Identification of performance obligations

At contract inception, the Federation assesses the goods or services promised in a contract with a customer and identifies as a performance obligation each promise to transfer to the customer either:

- (a) a good or service (or a bundle of goods or services) that is distinct; or
- (b) a series of distinct goods or services that are substantially the same and that have the same pattern of transfer to the customer.

A good or service that is promised to a customer is distinct if both of the following criteria are met:

- (a) the customer can benefit from the good or service either on its own or together with other resources that are readily available to the customer (i.e. the good or service is capable of being distinct); and
- (b) the Federation's promise to transfer the good or service to the customer is separately identifiable from other promises in the contract (i.e. the promise to transfer the good or service is distinct within the context of the contract).

Timing of revenue recognition

Revenue is recognised when (or as) the Federation satisfies a performance obligation by transferring a promised good or service (i.e. an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset.

The Federation transfers control of a good or service over time and, therefore, satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

- (a) the customer simultaneously receives and consumes the benefits provided by the Federation's performance as the Federation performs;
- (b) the Federation's performance creates or enhances an asset (for example, work in progress) that the customer controls as the asset is created or enhanced; or
- (c) the Federation's performance does not create an asset with an alternative use to the Federation and the Federation has an enforceable right to payment for performance completed to date.

If a performance obligation is not satisfied over time, the Federation satisfies the performance obligation at a point in time when the customer obtains control of the promised asset. In determining when the transfer of control occurs, the Federation considers the concept of control and such indicators as legal title, physical possession, right to payment, significant risks and rewards of ownership of the asset, and customer acceptance.

Entry fees for Olympic events and income from officers and members are recognised at a point in time when the events conducted successfully for participants.

Revenue recognition (Continued)

Revenue from contracts with customers within HKFRS 15 (Continued)

Service B

Licensing income

The Federation has entered into a number of agreements with licensees under which the Federation grants the licensees rights to use the Federation's intellectual property (being the Olympic emblem of the Federation). In return, the Federation is entitled to fixed annual payments, which are stated in the agreements.

HKFRS 15 requires an entity to determine whether an entity's promise to grant a license is a right to access the entity's intellectual property (with consideration being recognised as revenue over time) or a right to use the entity's intellectual property (with consideration being recognised as revenue at a particular point in time). Based on the specific requirements under HKFRS 15, an entity's promise to grant a license is a right to access the entity's intellectual property when all of the following criteria are met:

- (a) the contract requires, or the customer reasonably expects, that the entity will undertake activities that significantly affect the intellectual property to which the customer has rights;
- (b) the rights granted by the licence directly expose the customer to any positive or negative effects of the entity's activities identified in (a) above; and
- (c) those activities do not result in the transfer of a good or a service to the customer as those activities occur.

Having assessed the terms of the related agreements and the specific facts and circumstances, the directors concluded that all of the abovementioned criteria are satisfied and concluded that the licensing income should be recognised over time.

Interest income

Interest income from financial assets is recognised using the effective interest method. For financial assets measured at amortised cost that are not credit-impaired, the effective interest rate is applied to the gross carrying amount of the assets while it is applied to the amortised cost (i.e. the gross carrying amount net of loss allowance) in case of credit-impaired financial assets.

Contract assets and contract liabilities

If the Federation grants the license to a customer before the customer pays consideration or before payment is due, the contract is presented as a contract asset, excluding any amounts presented as a receivable. Conversely, if a customer pays consideration, or the Federation has a right to an amount of consideration that is unconditional, before the Federation grants the license to the customer, the contract is presented as a contract liability when the payment is made or the payment is due (whichever is earlier). A receivable is the Federation's right to consideration that is unconditional or only the passage of time is required before payment of that consideration is due.

For the business of Service B, in accordance with the standard payment schedules of the Federation, payments are normally not due or received. However, for such transactions, revenue is recognised over time and therefore, a contract asset is recognised until it becomes a receivable or payments are received. During that period, any significant financing components, if applicable, will be included in the contract asset and recognised as interest income. When the Federation, in accordance with the payment schedules, receives the whole or some of the contractual payments before the license are granted (i.e. the timing of revenue recognition for such transactions), the Federation recognises a contract liability until it is recognised as revenue. During that period, any significant financing components, if applicable, will be included in the contract liability and will be expensed as accrued unless the interest expense is eligible for capitalisation.

Employee benefits

Short term employee benefits

Salaries, annual bonuses, paid annual leave, contributions to defined contribution retirement plans and gratuity are accrued in the period in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.

Defined contribution plans

The obligations for contributions to defined contribution retirement scheme are recognised as an expense in profit or loss as incurred. The assets of the scheme are held separately from those of the Federation in an independently administered fund.

Long service payments

The Federation's net obligation in respect of long service payments under the Employment Ordinance is the amounts of future benefit that employees have earned in return for their services in the current and prior periods. The obligation is calculated using the projected unit credit method and discounted to its present value and after deducting the fair value of any related assets, including those retirement scheme benefits.

Government grants

Government grants are recognised at their fair value where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. When the grant relates to an expense item, it is recognised as income over the years necessary to match the grant on a systematic basis to the costs that it is intended to compensate. Where the grant relates to an asset, the fair value is credited to a deferred income account and is released to profit or loss over the expected useful life of the relevant asset to match the depreciation charge.

Foreign currency translation

The financial statements are presented in the currency of Hong Kong dollars, which is the Federation's functional and presentation currency.

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss.

Taxation

The charge for current income tax is based on the results for the year as adjusted for items that are non-assessable or disallowed. It is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is provided, using the liability method, on all temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, any deferred tax arising from initial recognition of goodwill, or other asset or liability in a transaction other than a business combination that at the time of the transaction affects neither the accounting profit nor taxable profit or loss and does not give rise to equal taxable and deductible temporary differences is not recognised.

Notes to the Financial Statements

Year ended 31 March 2025

2. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

Taxation (Continued)

The deferred tax liabilities and assets are measured at the tax rates that are expected to apply to the year when the asset is recovered or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the end of the reporting period.

Deferred tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences, tax losses and credits can be utilised.

Related parties

A related party is a person or entity that is related to the Federation.

- (a) A person or a close member of that person's family is related to the Federation if that person:
 - (i) has control or joint control over the Federation;
 - (ii) has significant influence over the Federation; or

 - (iv) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity.
 - (v) the entity, or any member of a group of which it is a part, provides key management personnel services to the Federation.

- (a) that person's children and spouse or domestic partner;
- (b) children of that person's spouse or domestic partner; and
- (c) dependants of that person or that person's spouse or domestic partner.

In the definition of a related party, an associate includes subsidiaries of the associate and a joint venture includes subsidiaries of the joint venture.

Future changes in HKFRS Accounting Standards

At the date of authorisation of these financial statements, the HKICPA has issued a number of new / revised HKFRS Accounting Standards that are not yet effective for the current year, which the Federation has not early adopted. The directors do not anticipate that the adoption of the new / revised HKFRS Accounting Standards in future periods will have any material impact on the results of the Federation.

26. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The main purpose of these financial instruments is to raise and maintain finance for the Federation's operations. The Federation considers that its exposures to interest rate risk were insignificant at the end of the reporting period, as there was no interest-bearing borrowing and the impact on interest rate changes of bank deposits was not significant. As a result, the main risks associated with these financial assets and financial liabilities are price risk, credit risk and liquidity risk. The Federation does not have written risk management policies and guidelines. However, the Federation generally adopts conservative strategies on its risk management and limits its exposure to these risks to a minimum.

Price risk

The Federation's Designated FVOCI are measured at fair value at the end of each reporting period with reference to the quoted price. Therefore, the Federation is exposed to price risk and the management monitors the price movements and takes appropriate actions when required.

At the end of the reporting period, if the equity price to the valuation model had been 10% (2024: 10%) higher / lower while all other variables were held constant, the Federation's net surplus / deficit would have been unaffected since all the equity investments are classified as Designated FVOCI. Investment Revaluation Reserve Fund (non-recycling) surplus / deficit would be increased / decreased by HK\$2.96 million (2024: HK\$2.09 million) as a result of changes in fair value of Designated FVOCI.

In addition, the Federation's financial assets at FVPL are measured at fair value at the end of each reporting period with reference to the quoted price. Therefore, the Federation is also exposed to price risk in this respect.

Sensitivity analysis:

	Increase (Decrease) in surplus and increase (decrease) in net assets of the Federation	
	10% increase in market price HK\$	10% decrease in market price HK\$
As at 31 March 2025	24,761,000	(24,761,000)
	Increase (Decrease) in surplus and increase (decrease) in net assets of the Federation	
	10% increase in market price HK\$	10% decrease in market price HK\$
As at 31 March 2024	23,010,000	(23,010,000)

The sensitivity analysis has been determined assuming that the reasonably possible changes in the stock market index or other relevant risk variables had occurred at the end of the reporting period and had been applied to the exposure to equity price risk in existence at that date. It is also assumed that the fair values of the Federation's investments would change in accordance with the historical correlation with the relevant stock market index or the relevant stock market index or the relevant risk variables, and that all other variables remain constant. The stated changes represent management's assessment of reasonably possible changes in the relevant stock market index or the relevant risk variables over the period until the next annual end of the reporting period. The analysis is performed on the same basis for 2024.

Notes to the Financial Statements

26. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Credit risk

The credit risk of the Federation is primarily attributable to financial assets at FVPL, receivables, deposits, contract assets, amounts due from a related company and bank balances and time deposits.

The carrying amount of the financial assets recognised on the statement of financial position represents the Federation's exposure to credit risk without taking into account the value of any collateral held or other credit enhancements.

Financial assets at FVPL

The Federation invests only in securities with good credit rating counterparties, as such the risk of default is also considered minimal.

Receivables, deposits, contract assets and amounts due from a related company

The Federation considers that the receivables, deposits, contract assets and amount due from a related company have low credit risk based on the counterparties' strong capacity to meet its contractual cash flow obligations in the near term and low risk of default. Impairment on receivables measured on 12-month ECL and reflects the short maturities of the exposures.

In estimating the ECL of receivables, deposits and contract assets and amount due from a related company, the Federation has taken into account the historical actual credit loss experience over the past years and the financial position of the counterparties, adjusted for forward-looking factors that are specific to the debtors and general economic conditions of the industry in which the counterparties operate, in estimating the probability of default of these financial assets, as well as the loss upon default in each case. The management of the Federation considers the ECL of these financial assets to be insignificant after taking into account the financial position and credit quality of the counterparties. There was no change in the estimation techniques or significant assumptions made during the year.

Bank balances and time deposits

The Federation considers that the exposure to credit risk arising from bank balances and time deposits is limited because the counterparties are banks with sound credit rating, for which the Federation considers to have low credit risk.

Liquidity risk

The Federation's policy is to regularly monitor current and expected liquidity requirements to ensure that the Federation maintains sufficient reserves of cash and cash equivalents to meet its liquidity requirements in the short and longer term. The Federation's financial liabilities at the end of the reporting period based on contractual undiscounted cash flow are all due for payment within one year or on demand.

Notes to the Financial Statements

Year ended 31 March 2025

26. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Fair value measurements

The carrying value of financial instruments are measured at fair value at 31 March 2025 across the three levels of the fair value hierarchy defined in HKFRS 13, *Fair Value Measurement*, with the fair value measurement categorised in its entirety based on the lowest level of input that is significant to the entire measurement. The levels are defined as follows:

- Level 1: (highest level): quoted prices (unadjusted) in active markets for identical assets and liabilities that the Federation can access at the measurement date;
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3: (lowest level): unobservable inputs for the asset or liability.

The fair values of all the Federation's Designated FVOCI and financial assets at FVPL are measured based on Level 1 inputs. During the year ended 31 March 2025, there were no transfers between Level 1 and Level 2 fair value measurements, and no transfers into and out of Level 3 fair value measurements.

27. CAPITAL MANAGEMENT

The objectives of the Federation's capital management are to safeguard its ability to continue as a going concern for its development and promotion of sports objectives. The Federation manages its cumulated funds available and makes adjustments to these funds in light of changes in economic conditions and business strategies. To manage the funds, the Federation may adjust the use of its reserve or raise fund and repay debts.
